Project Description: (please use a separate page if necessary)

The LIFEhouse Church Grading Permit project proposes rough grading on 2.3 +/- acres of a 10.0 +/- acre site in the City of Rocklin. If the aquatic resources on the project site are determined to be jurisdictional, the project would obtain the necessary U.S. Army Corps of Engineers permit, Central Valley Regional Water Quality Control Board Section 401 Water Quality Certification or Waste Discharge Requirements, and any other required permits prior to the grading activities.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
