

Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

Project Title: City of San Jacinto General Plan Update

Lead Agency: City of San Jacinto

Contact Name: Travis Randel

Email: generalplan@sanjacintoca.gov

Phone Number: 951-487-7330

Project Location: San Jacinto

City

Riverside

County

Project Description (Proposed actions, location, and/or consequences).

The City of San Jacinto is preparing a comprehensive update to its existing General Plan, which was last comprehensively updated in 2006. The updated San Jacinto General Plan is expected to be considered for adoption in 2022 and will guide the City's development and conservation through land use objectives and policy guidance. The General Plan Update is intended to be an expression of the community's vision for the City and Study Area and constitutes the policy and regulatory framework by which future development projects will be reviewed and public improvements will be implemented. The City will implement the General Plan Update by requiring development, infrastructure improvements, and other projects to be consistent with its policies and by implementing the actions included in the General Plan Update. The City of San Jacinto is updating its General Plan for the next 20 years (horizon year of 2040).

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

Agricultural Resources; Air Quality; Biological Resources; Greenhouse Gas Emissions; Noise

The General Plan Update proposes several goals, policies, and actions to minimize the potential impacts to these environmental topic areas associated with implementation of the General Plan Update.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

Provide a list of the responsible or trustee agencies for the project.

Subsequent projects and other actions to support implementation of the General Plan Update would require actions, including permits and approvals, by other public agencies that may include, but are not necessarily limited to:

California Department of Fish and Wildlife (CDFW) approval of potential future streambed alteration agreements, pursuant to Fish and Game Code. Approval of any future potential take of State-listed wildlife and plant species covered under the California Endangered Species Act.

California Department of Transportation (Caltrans) approval of projects and encroachment permits for projects affecting State highway facilities.

Regional Water Quality Control Board (RWQCB) approval for National Pollution Discharge Elimination System compliance, including permits and Storm Water Pollution Prevention Plan approval and monitoring.

U.S. Fish and Wildlife Service (USFWS) approvals involving any future potential take of Federally listed wildlife and plant species and their habitats, pursuant to the Federal Endangered Species Act.
