Project Description (Proposed actions, location, and/or consequences).

Generally, the Proposed Project would modernize Marston Middle School, including demolition of existing portable classrooms and portions of the existing decomposed granite playgrounds, construction of a new gymnasium and joint use field, reconfiguration and expansion of the parking area, interior renovations to all buildings, concrete paving replacement with ADA compliant pathways, and the installation of new and upgraded safety and security features such as fencing, security cameras, emergency public address systems, and other security upgrades such as key-card access readers.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

Cultural Resources - MM-CUL-1: Plan Review (Project Plan Review by Qualified Historian); MM-CUL-2: Historic American Building Survey (photographic documentation of potentially affected historic buildings); MM-CUL-3: Monitoring (construction monitoring for projection of historic resources if needed).

Noise and Vibration - MM-NOI-1: Construction Vibration (general construction noise/vibration measures to reduce construction noise/vibration impacts).

Tribal Cultural Resources – MM-TRI-1: Conduct Monitoring of Ground-Disturbing Activities by Native American Monitors.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

No known controversy.

Provide a list of the responsible or trustee agencies for the project.
