San Bernardino, CA 92401-1400

State Clearinghouse Number: 2021010067

Project Description: SR-74 Bridge Replacement Project (EA-08-1G470). The California Department of Transportation (Caltrans) proposes to replace Morrill Canyon Bridge (Bridge No. 56-0169, Post Mile 3.08) near Lake Elsinore, and Strawberry Creek Bridge (Bridge No. 56-0180, Post Mile 53.5) near Hemet, on SR-74 in Riverside County. Both bridge structures have non-standard lane and shoulder widths. Due to significant deterioration and non-standard features, there is a need to replace these structures to meet current design, crash, and safety standards.

This is to advise you that a finding of No Significant Impact (FONSI) has been made for this project by the California Department of Transportation as assigned by the Federal Highway Administration pursuant to 23 USC 327. A copy of the FONSI and the attached Environmental Assessment can be obtained from the California Department of Transportation office located at the above address.
