Project Description

The California Department of Transportation (Caltrans) proposes to make roadway repairs along State Route (SR) 99 where it intersects with Neal Road in Butte County at postmile 26.04. The purpose of the project is to provide safe roadway conditions for the traveling public. The project is needed as a June 2020 collision, which resulted in a fire, caused significant damage to the intersection as well as two fatalities. Immediate repair is needed to avoid failure or threat of failure to the transportation system and prevent or mitigate the loss or impairment of life, health, property, and essential public services.
