NOTICE OF AVAILABILITY OF DRAFT ENVIRONMENTAL DOCUMENT AND ONLINE PUBLIC MEETING

Thursday, Feb. 18, 2021 from 5:30-7:00pm
www.alamedactc.org/880WhippleIndustrial

The California Department of Transportation, in cooperation with the Alameda County Transportation Commission (Alameda CTC) and the cities of Hayward and Union City, proposes to provide interchange and local road improvements along Interstate 880 (I-880) from the I-880/Whipple Road-Industrial Parkway Southwest Interchange to I-880/Industrial Parkway West Interchange. This project would include interchange on- and off-ramp reconfigurations, modifications and/or replacement of bridge structures, local roadway realignments and restriping, and bicycle and pedestrian improvements to improve connectivity through the interchanges.

Due to the COVID-19 pandemic, and in an effort to protect public health, Alameda CTC will host a web-based public meeting where questions on the Draft Environmental Document (DED) may be brought forward by interested members of the public. The DED is available for review on the project website www.alamedactc.org/880WhippleIndustrial. **Please join us on Thursday, February 18, 2021 from 5:30-7:00pm to watch a live presentation** about the project and the environmental review process, followed by a question and answer session. A link to the meeting will be provided the day of the event on the project website.

This project is subject to the requirements of both the National Environmental Policy Act (NEPA) and the California Environmental Quality Act (CEQA). The Initial Study (IS) with Proposed Negative Declaration/Draft Environmental

Assessment (EA) with Proposed Finding of No Significant Impact referred to in this notice complies with the requirements of NEPA and CEQA.

Comments on the DED will be accepted from January 20, 2021 – March 5, 2021 and we recommend the use of the following platforms:

- The enclosed mailer is an official comment card, which you can fill out and send back to:
