Project Title: North City Landfill Closure Project

Project Applicant: Sacramento Municipal Utility District

Project Location (include county): The project consists of two separate parcels: the North City Landfill property to the west and Lot 31 to the east (project site). The project site is located at 20th Street and North B Street in Sacramento, California and is bounded by the Union Pacific Railroad tracks and right-of-way to the west, the American River and levee to the north, undeveloped parcels owned by the City of Sacramento and Blue Diamond Growers to the east, and SMUD-owned property to the south and southeast. The New Era Park, Boulevard Park, and Marshall School neighborhood of Sacramento is located south of the project site.

The project site is located on Section 31 of Township 9 North, Range 5 East, of the Sacramento East U.S. Geological Survey 7.5-minute topographic quadrangle, Mount Diablo Baseline and Meridian. The centroid coordinates of the project site are 38°35'10.31" North, 121°28'23.45" West.

Project Description: The North City Landfill Closure Project is a landfill closure project of two properties (North City Landfill property and Lot 31) with historic landfill activities, in compliance with California Department of Resources Recycling and Recovery requirements and the California Code of Regulations Title 27 solid waste regulations, as regulated by Sacramento County Environmental Management Department as the Local Enforcement Agency in Sacramento County. The project would include demolition of concrete slab and piers, grading the site for proper drainage, importing soil for the soil cover, constructing a gravel maintenance road, transmission tower maintenance pads and the final soil cover, and developing site drainage improvements and erosion control. Upon completion of landfill closure activities, a post-remediation site monitoring and maintenance plan would be implemented as part of the project to address issues such as site inspections, environmental monitoring, cover maintenance, utility construction, and maintenance of existing and future utilities.

This is to advise that the Sacramento Municipal Utility District has approved as (Lead Agency or Responsible Agency) the above-described project on 5/20/2021 and has made the following determinations regarding the above described project.

1. The project [will will not] have a significant effect on the environment.
