Project Description

The project proposes to rehabilitate pavement in Yolo County, on Route 80 from east of the Mace Boulevard Interchange in Davis to the Sacramento River Bridge Overhead (Bryte Bend), and on Route 50 in West Sacramento from the I-80 Junction to the Jefferson Boulevard Undercrossing.

The purpose of this project is to rehabilitate and restore the pavement to a state of good repair.

The existing PCC pavement has surpassed its service life. The condition of the pavement has degraded resulting in a poor quality of ride and increasing maintenance for repair and preservation of the pavement.
