Project Description: Caltrans has selected an alternative for the Sonora Junction Shoulders Project. The preferred alternative is Alternative 3 with Design Option B. This alternative will construct 8-foot shoulders on both the northbound and southbound sides of the highway throughout the project limits. The addition of Design Option B will construct deer exclusion fencing and two wildlife undercrossing structures within the project limits.

This is to advise you that a finding of No Significant Impact (FONSI) has been made for this project by the California Department of Transportation as assigned by the Federal Highway Administration pursuant to 23 USC 327. A copy of the FONSI and the attached Environmental Assessment can be obtained from the California Department of Transportation office located at the above address.
