## NOTICE OF EXEMPTION

### Attachment A (Former Maintenance Yard)

#### REASON PROJECT IS EXEMPT:

The Class 12 exemption (Cal. Code Regs., tit. 14, § 15312) applies to the sale of surplus government property, except parcels of land located in an area of statewide, regional or areawide concern. Here, the Property is owned by the District and is, thus, government property. Further, the District has determined the Property to be surplus, and the Property is not located in an area of concern. Therefore, the Class 12 exemption is applicable.

Additionally, the cumulative impact of the successive projects of the same type in this same place are not significant, there is no reasonable possibility that the sale will have a significant effect on the environment due to unusual circumstances, the sale will not result in damage to scenic resources, the Property is not a hazardous waste site, and the sale will not cause a substantial adverse change in the significance of a historical resource.

Finally, the catch-all common sense exception applies. (Cal. Code Regs., tit. 14, § 15061 (b)(3)) applies where it can be seen with certainty that a Project will not have a significant effect on the environment. Here, the proposed sale by the District will result only in a transfer of title, which will not change the nature or intensity of the current use of the Property. Therefore, it can be said with certainty that the Project will not have a significant effect on the environment.

Thus, under Title 14 of the California Code of Regulations, sections 15061 (b)(2), 15061 (b)(3), and 15312, the Project is exempt.
