Present Land Use/Zoning/General Plan Designation: GP: Public/Quasi-Public, zoning: PFCC/Public Facilities

Project Description: *(please use a separate page if necessary)*
 The Fort Ross State Historic Park Kashia Loop Trail (Project) is a proposed Class I pedestrian interpretive trail route totaling approximately 1.66 miles. The project encompasses the integration of new trail construction (approximately 1.26 miles), and existing road and trail routes (approximately 0.4 mile). Together, the combined routes will link many existing park features with areas of interest previously unidentified to the general public.

Overall design will include interpretation at selected points to bring together stories from the indigenous Kashia Band of Pomo Indians; Alaska Natives; the Call Ranch Period; and others in the international community once associated with the Russian American Company's Ross Settlement. The project will create an interpretive multimedia experience encouraging park visitors to explore the deep and complex layered cultural landscape of the park.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
