Project Description (Proposed actions, location, and/or consequences).

The project consists of a comprehensive update to the Housing Element and related updates to the Land Use Element of the City of Calabasas' General Plan. The project also includes updates to the Safety Element and Circulation Element in compliance with new State rules.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

The project would not result in significant unavoidable impacts. Potentially significant impacts related to biological resources, cultural, historic and tribal cultural resources, paleontological resources, and construction noise, would be reduced to less than significant with implementation of mitigation measures (MM BIO-1 through MM BIO-5, MM CUL-1(a) through MM CUL-1(e), MM GEO-1, and MM N-1).

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

Areas of known controversy, including issues raised by some members of the community, are potential impacts to wildlife and biological resources, emergency evacuation, and public safety in wildfire hazard zones

Provide a list of the responsible or trustee agencies for the project.
