SUBJECT: Filing of Notice of Determination pursuant to Public Resources Code section 21108

State Clearinghouse Number: 2018102058

Project Title: Two Rivers Trail Phase II (Streambed Alteration Agreement EPIMS Notification No. SAC-18909-R2)

Project Location: The project is located at along the American River in the City of Sacramento, in the County of Sacramento, State of California; Latitude 38.589442, Longitude -121.451397, Assessor's Parcel Number 001-0160-005-0000. The project extends from Sutter's Landing Park to the H Street Bridge along the south bank of the American River.

Project Description: The California Department of Fish and Wildlife (CDFW) has amended Streambed Alteration Agreement EPIMS Notification No. SAC-18909-R2, pursuant to section 1602 of the Fish and Game Code to the project Applicant, the City of Sacramento as represented by Adam Randolph.

The project is limited to construction of approximately 2.25 miles of trail comprising 4 segments from Sutter's Landing Regional Park to the H Street Bridge, resulting in a nearly continuous trail alignment along the south side of the American River Parkway. The multi-use trail design will meet California Department of Transportation (Caltrans) Class 1 bikeway design criteria and would also be based on the State Water Code Title 23 standards for recreation trails on levees and the American River Flood Control District (ARFCD) Recreational Trails Policy. The trail will generally consist of an 8-foot-wide paved path with a 2-foot-wide decomposed granite, compacted shoulder on the landside and a similar 6-foot-wide shoulder on the waterside. The total trail cross section along most of its length will be 16 feet wide; however, due to space limitations in some locations, the waterside shoulder of the trail would be narrowed to 4 feet wide.

The amendment to the Agreement includes (1) a reduction in the total impacts to riparian canopy, and (2) a revision to the proposed mitigation.

This is to advise that CDFW, acting as a Responsible Agency, amended the above Streambed Alteration Agreement on the date signed below and has made the following determinations regarding the project pursuant to California Code of Regulations section 15096, subdivision (i):

1. The project will / will not have a significant effect on the environment. This determination is limited to effects within CDFW's permitting jurisdiction as a Responsible Agency.
2. CDFW considered the environmental impact report prepared by the Lead Agency for this project pursuant to California Code of Regulations section 15096, subdivision (f).
3. Mitigation measures were / were not made a condition of CDFW's approval of the project.
4. A mitigation reporting or monitoring plan was / was not adopted by CDFW for this project.
5. A statement of overriding considerations was / was not adopted by CDFW for this project.

Notice of Determination

6. Findings were / were not made by CDFW pursuant to California Code of Regulations section 15091.

The final environmental impact report prepared for the project is available to the general public at the office location listed above for the Lead Agency. CDFW's record of execution of the above Streambed Alteration Agreement as Responsible Agency is available at CDFW's regional office.
