Project Title: SFPUC Prescribed Burn Project

Project Applicant: California Department of Forestry and Fire Protection

Project Location (include county): San Mateo County

Project Description:

This project intends to broadcast burn approximately 775 acres on SFPUC property. The proposed treatments can help preserve water quality by reducing the intensity & spread of a wildfire on the watershed. By returning fire to the landscape, this project may also positively impact organisms that are adapted to fire. After treatments, burn units that are located adjacent to evacuation routes & neighborhoods can be used to defend against advancing wildfire conditions & assist with evacuations.

This is to advise that the California Department of Forestry and Fire Protection has approved the above
