NOTICE OF INTENT TO ADOPT A MITIGATED NEGATIVE DECLARATION

Notice is hereby given that the City of Anaheim is considering a recommendation that the project herein identified will have no significant environmental impact in compliance with Section 15070 of State California Environmental Quality Act (CEQA) guidelines. A copy of the **MITIGATED NEGATIVE DECLARATION** and the **INITIAL STUDY** which supports the proposed findings are on file at the City of Anaheim.

Project Title: Groundwater Treatment Facilities at La Palma, Linda Vista, Boysen Park, and Energy Field Sites
State Clearinghouse Number: Not available at this time.

Project Applicant/Lead Agency: City of Anaheim

Project Contact Person: Jon Sanks, Environmental Services and Safety Manager

Telephone No.: (714) 765-4117

PROJECT LOCATION:

At and near 1014 N. West St., Anaheim, CA (La Palma Site), 1411 N. Tustin St., Anaheim, CA (Linda Vista Site), 973 S. State College Blvd., Anaheim, CA (Boysen Park Site), and 1665 9th St., Anaheim, Ca (Energy Field Site).

PROJECT DESCRIPTION:

The Groundwater Treatment Facilities at La Palma, Linda Vista, Boysen Park, and Energy Field Sites Project (Project) would install ion-exchange water treatment systems at the four locations indicated above. The Project would involve installing resin vessels that are approximately 17 feet tall and 12 feet in diameter at each location. The Project would also involve installing features such as filters, pumps, pipes valves, and electrical equipment. The Linda Vista site would receive a new backup generator, and existing control buildings would be replaced. New piping would be installed beneath roadways near the Project sites. Water supply wells near each site would be rehabilitated with new liners installed to improve water production capacity. A new water supply well would be drilled at the Linda Vista site. Security features such as block walls and chain-link fences would be installed at each site, along with new lighting and security cameras. Some trees and vegetation would be removed from within the footprint of each site to facilitate construction of the treatment equipment and new fences and walls. Some existing park benches would be relocated at the Boysen Park site. Construction is anticipated to begin in September 2021 and last through May 2023.

DOCUMENTS:

Copies of the **Draft Initial Study/Mitigated Negative Declaration** will be available for review during the public comment period at the City of Anaheim's Public Utilities Department at 201 S. Anaheim Blvd., Suite 1101, Anaheim, CA and at: <http://www.anaheim.net/507/Current-Environmental-Review>.

PUBLIC REVIEW:

The Mitigated Negative Declaration is anticipated to be considered for approval at a City Council meeting on April 27, 2021. In response to COVID-19 and pursuant to Executive Order N-29-20, please be advised that the Anaheim City Council may participate in this meeting telephonically. City Council meeting schedule and agendas are available at <http://www.anaheim.net/councilagendas>.

The public review and comment period for the Initial Study/Mitigated Negative Declaration is from **February 25, 2021 to March 27, 2021**. Comments may be submitted in writing to Jon Sanks, Environmental Services and Safety Manager, City of Anaheim, Public Utilities Department, 201 S. Anaheim Boulevard, Suite 1101, Anaheim, CA 92805 or comments can be emailed to environmental@anaheim.net.
