Project Description: (please use a separate page if necessary)

The 2040 General Plan will be Rohnert Park's updated long-term framework for future growth and development. The 2040 General Plan represents the community's view of its future and contains the goals and polices for land use and resource decisions in the future. To provide a contemporary plan that will guide the community to the year 2040, the General Plan is being updated to reflect changes in the community, new issues and opportunities (as identified from community input), changes in State law (such as reducing greenhouse gas emissions), and new trends (autonomous cars, impacts of online shopping, and so forth). The 2040 General Plan update identifies and prioritizes opportunities to preserve the character of the community, conserve natural resources, and direct land use policies that enable sustainable growth and employment opportunities in Rohnert Park.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
