 Drainage/Absorption  Population/Housing Balance  Toxic/Hazardous  Cumulative Effects  
 Economic/Jobs  Public Services/Facilities  Traffic/Circulation  Other: \_\_\_\_\_

**Present Land Use/Zoning/General Plan Designation:**

Public Landfill/Neal Road Recycling, Energy, and Waste Facility zoning overlay/Public

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

**Project Description:** *(please use a separate page if necessary)*

Butte County Department of Public Works is proposing to construct a covered aerated static pile (CASP) composting facility within the existing Neal Road Recycling and Waste Facility (NRRWF) located at 1023 Neal Road in unincorporated Butte County. The CASP is a composting system equipped with an oxygen controlled, positively aerated system and an oxygen and temperature monitoring device. At full buildout, the CASP would have a feedstock throughput of approximately 40,000 tons of organic waste per year and would produce approximately 40,000 cubic yards of compost per year. The County has been awarded a grant by CalRecycle to assist with the construction of the CASP and the County anticipates that the CASP would be constructed during the third quarter of 2021.

## Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".  
If you have already sent your document to the agency please denote that with an "S".
