State Clearinghouse Unit

Re: Notice of Exemption SCH Number 2021030317

To Whom It May Concern:

Bandwidth IG submitted a Notice of Proposed Construction: MSA 02 for the installation of fiber optic cable and other support equipment Santa Clara County, California. The California Public Utilities Commission (Commission), Energy Division, reviewed Bandwidth IG's proposal to install fiber optic cable in Santa Clara County, California and determined that the proposed project is consistent with the actions identified by the Commission as categorically exempt from the California Environmental Quality Act (CEQA). A Notice of Exemption was issued on March 12, 2021 (SCH Number 2021030317).

Bandwidth IG has reached to the Commission and requested a project name (or document title) correction for "Bandwidth IG MSA 02" to be changed to "Bandwidth IG MSA 05". The Commission is submitting this letter to State Clearinghouse Unit to accommodate Bandwidth IG's request.

Sincerely,

Connie Chen
