

## **PUBLIC NOTICE**

### **Dondero Crossing of Potter Creek Project Notice of Availability of Initial Study Notice of Intent to Adopt a Mitigated Negative Declaration**

#### **WHAT IS BEING PLANNED?**

The Stockton East Water District (District) proposes to construct a new crossing and flashboard dam structure in Potter Creek in unincorporated Eastern San Joaquin County, California. The purpose of the Project is to capture runoff from Potter Creek and redistribute it for irrigation purposes. The District has prepared an Initial Study with Proposed Mitigated Negative Declaration which examines potential environmental impacts caused by the proposed Project.

#### **WHY THIS PUBLIC NOTICE?**

The District has studied the effects this Project may have on the environment. The studies within the Initial Study with Proposed Mitigated Negative Declaration show it would not significantly affect the quality of the environment. This notice is to advise you that the preparation of this report has been completed and is available for you to review.

#### **WHAT'S AVAILABLE?**

An Initial Study with Proposed Mitigated Negative Declaration has been prepared and is available for public review beginning March 17, 2021 through April 17, 2021. During the public review period, a copy of the Draft Initial Study with Proposed Mitigated Negative Declaration will be available at:

- Stockton East Water District, 6767 East Main Street, Stockton, CA 95215, and
- Stockton East Water District website at [www.sewd.net](http://www.sewd.net).

#### **WHERE DO YOU COME IN?**

Do you have any comments about the Initial Study and processing the project with a Mitigated Negative Declaration? Do you disagree with the findings of the study as set forth in the proposed Mitigated Negative Declaration? If you wish to comment, please submit your request or comments no later than April 17, 2021, to the contact information below.
