NOTICE is hereby given that the County of Sacramento, State of California intends to adopt a Negative Declaration for the project described below.

Title: Sacramento County 2021-2029 Housing Element Update

Control Number: PLNP2019-00027

Location: The project area covers the entire unincorporated portion of the county.

APN: N/A

General Description: The Housing Element Update addresses any changes that have occurred since adoption of the current (2013-2021) Housing Element. These changes include updated demographic information, housing needs data, and analysis of the availability of housing sites. The currently adopted Housing Element map of available housing sites identifies sites that could accommodate additional residential units, based on the County's RHNA for the 2021–2029 planning period. No changes to existing zoning are proposed, and the location of development will continue to be guided by the County General Plan land use map and zoning code. The Housing Element Update does not propose new development that would result in physical changes to the environment.
