**Subject: Request for Comments on the 943 E. Barham Drive Project
(APN 228-310-0100)**

To Whom It May Concern:

In response to your letter dated March 8, 2021, Rincon del Diablo Municipal Water District (District) is providing the following information:

1. The project site is currently within the District's service area.
2. The District does not provide project-specific water generation rates.
3. Water is available for the project. This project will require an extension of the public water distribution system and a looped connection or emergency interconnection with Vallecitos Water District.
4. The District does not have any additional environmental concerns.

If you have any questions or require additional information, please contact me at kfalk@rinconwater.org or 760.533.2194.

Sincerely,

Karen Falk, PE
Engineering Manager
