Norwalk, CA 90650

Solar Energy Project – Aloha Elementary School
Project Title

11737 E. 214th Street
Project Location - Specific

Lakewood
Project Location – City

Los Angeles
Project Location – County

The District proposes to install solar energy array on an elevated carport-like structure (Structure A) at Aloha ES. Structure A would be located over asphalt courts between the turf playfield and the existing buildings near the center of the campus. Structure A would be a minimum of 10-foot high consisting of metal columns and beams supporting array panels. Structure A would have 258 photo-voltaic (PV) modules tilted at a 7-degree angle; which would connect to an existing electrical equipment box next to the existing building on the south side of the campus by installing approximately 196 feet of underground conduit through directional boring underneath existing asphalt courts and concrete paving. The solar system would have the direct current (DC) system size of 108.36 kilowatts (kW). The project would also provide underground conduit for installation of car chargers in the future. However, Installation of car chargers require additional funding and would not be installed at this time. The District and general community will benefit from a reduction in energy consumption and reduced energy costs.

Description of Nature, Purpose, and Beneficiaries of Project

ABC Unified School District
Name of Public Agency Approving Project

ABC Unified School District
Name of Person or Agency Carrying Out Project

Exempt Status: (check one below)

- Ministerial (Sec. 21080(b)(1); 15268);
- Declared Emergency (Sec. 21080(b)(3); 15269(a));
- Emergency Project (Sec. 21080(b)(4); 15269(b)(c));
- Categorical Exemption. State type and section number: §15301 Class 1, Existing Facilities, §15303 Class 3, New Construction or Conversion of Small Structures, §15314 Class 14, Minor Addition to Schools
- Statutory Exemptions. State code number: _____

The project involves the construction of solar energy array on an elevated carport-like structure. The proposed solar array will not result in an increase in student capacity or an expansion of existing use. No off-campus improvements will occur. Existing use of the facility as an elementary school will stay the same under the proposed project. Therefore, the project is exempt from CEQA under Sections 15301, 15303, and 15314. The proposed project was also reviewed for possible exceptions under Section 15300.2 and found that the exceptions do not apply.

See Attachment to Notice of Exemption for further explanation of the evaluation, which is available at the ABC Unified School District Office, 16700 Norwalk Blvd, Cerritos, CA 90703.
