**SUBJECT: Filing of Notice of Determination in compliance with Section 21108 or 21152 of the Public Resources Code.**

State Clearinghouse Number (if submitted to State Clearinghouse): 2021040213

Project Title: Addendum for Expansion of Distribution System Pipelines into GWSA - Frick Unit Pipeline

Project Applicant: Arvin-Edison Water Storage District (AEWSD)

Project Location (Include county): Kern County

Project Description:

The Project would amend the adopted 2021 MND for the minor increase in pipeline length. The Addendum discusses the potential impacts as a result of an increase in the amount of pipeline length of the original approved design from 44 miles up to approximately 45.25 miles. The total pipeline length would involve adding 1.25 net miles of pipeline and relocation of 1.0 mile of pipeline from the original design.

This is to advise that the Arvin-Edison Water Storage District has approved the above  
( Lead Agency or  Responsible Agency)

described project on 6/08/2021 and has made the following determinations regarding the above  
(date)  
described project.

1. The project [ will  will not] have a significant effect on the environment.
2.  An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA.  
 A Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures [ were  were not] made a condition of the approval of the project.
4. A mitigation reporting or monitoring plan [ was  was not] adopted for this project.
5. A statement of Overriding Considerations [ was  was not] adopted for this project.
6. Findings [ were  were not] made pursuant to the provisions of CEQA.

This is to certify that the final EIR with comments and responses and record of project approval, or the negative Declaration, is available to the General Public at:

Arvin-Edison Water Storage District Office, 20401 E Bear Mountain Boulevard, Arvin, CA 93203

Project Title: Expansion of District Distribution System Pipelines Into Groundwater Service Area Lands Project

Project Applicant: Arvin-Edison Water Storage District

Project Location (include county): Arvin, CA, Kern County

Project Description:

The proposed Project is for the construction of up to 44 miles of pipelines, manholes and turnouts within AEWS. Assuming a maximum of 50' width for possible ground disturbance along the proposed pipeline construction, the Area of Potential Effect (APE) is approximately 267-acres. The Project goal is to deliver wet-pond surface water to landowners who would otherwise pump groundwater in the portions of the GWSA. The proposed pipelines will be operated when excess surface water is available (approximately every three years) and/or when water transfers are scheduled. The proposed pipelines will be mainly low-head gravity distribution pipelines ranging from 12" to 72" in diameter. The largest pipe sizes would be proportionally short distances near the heads of the branching gravity pipeline networks serving the various private agricultural fields and orchards in the APE. The proposed pipeline sizes and capacities will vary depending upon the number of acres served. Pipeline sizing will follow the conservative value of approximately eight gallons per minute per acre and/or the AEWS Lateral Demand Sizing Criteria. The proposed pipelines will commence from various existing AEWS facilities, such as the Forrest Frick Discharge Pipeline, North Canal, South Canal, or other smaller lateral pipelines. A 0.75-mile open canal is also proposed from the existing Tejon Spreading Works.

This is to advise that the Arvin-Edison Water Storage District has approved the above  
 Lead Agency or  Responsible Agency

described project on 6/8/2021 and has made the following determinations regarding the above  
(date)  
described project.

1. The project  will  will not] have a significant effect on the environment.
2.  An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA.  
 A Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures  were  were not] made a condition of the approval of the project.
4. A mitigation reporting or monitoring plan  was  was not] adopted for this project.
5. A statement of Overriding Considerations  was  was not] adopted for this project.
6. Findings  were  were not] made pursuant to the provisions of CEQA.

This is to certify that the final EIR with comments and responses and record of project approval, or the negative Declaration, is available to the General Public at:
