SUNRISE ASSISTED LIVING FACILITY PROJECT DESCRIPTION

The proposed project would involve demolition of 14,562 square feet of commercial space contained in three existing commercial buildings, three existing driveways on North Sepulveda Boulevard, one existing driveway on 5th Street, and 37,387 square feet of existing paved parking lot/internal driveways. After demolition, a new assisted living facility with a 26,754 square-foot building footprint would be constructed. The proposed building would consist of two to three building levels above existing grade, and one level of partially subterranean parking. The level of partially subterranean parking includes 61 parking spaces and mechanical equipment rooms. The proposed building would have a maximum height of 30 feet.

The building would contain approximately 79,772 square feet of floor area, consisting of 95 rooms (115 total beds), a facility kitchen, common areas (foyer, parlor, bistro, private dining room, general dining rooms, activity rooms, and staff rooms), two loading spaces for deliveries, and internal trash storage. The project would include 64 assisted living rooms and 31 memory care rooms for Alzheimer's patients and individuals with memory loss.

The project would also include removal and replacement of the sidewalks on 5th Street and North Sepulveda Boulevard, as well as installation of an accessible ramp on northwest corner of 5th Street and Sepulveda Boulevard.
