To whom it may concern,

After driving to the location for this proposed commercial cannabis operation, I would argue there will be a potential impact to CHP operations and with traffic congestion in the small community of Clear Lake Oaks.

I'm no expert on cannabis operations but based on the attachments provided, this reads like a very large operation. The first three tenths of mile on High Valley Road from State Route 20 is narrow and partially within a residential area. The increase in potential commercial traffic and daily employee traffic traveling to a 3.5 million canopy feet commercial cannabis operation every day will have an impact on traffic flow on High Valley Road and when entering/ exiting State Route 20, especially in the narrow portions of the roadway. A significant increase in traffic will generate more traffic complaints and potentially more traffic collisions. I would imagine traffic congestion never experienced before by the small community of Clear Lake Oaks would occur. Respectfully,

Dan Fansler, Lieutenant  
Commander  
CHP Clear Lake Area (151)

**Subject:** 063 – Environmental Document Review – SCH # 2021050225 -- Due to Lead Agency by 06/10/2021

Special Projects Section (SPS) recently received the referenced Notice of Environmental Impact document from the State Clearinghouse (SCH) outlined in the following Web site:

<https://ceqanet.opr.ca.gov/2021050225>

Due to the project's geographical proximity to the Clear Lake Area, please use the attached checklist to assess its potential impact to local Area/Section operations and public safety. If impact is determined, responses should be e-mailed directly to **Lake County (Lead Agency)** with cc to SCH and myself.

**CC to Division FYI only.**

Please feel free to e-mail me if you have any questions.

Thank you!

**Kara Hutchings**
