**Applicant(s):** Tulare County Resource Management Agency  
5961 South Mooney Blvd.  
Visalia, CA 93277  
(559) 624-7000

**Subject:** **Filing of Notice of Determination in Compliance with Section 21108 or 21152 of the Public Resources Code**

**Project Title:** Mountain Road 109 White River Bridge Replacement Project

**State Clearinghouse Number:** 2021050226

**Contact Person:** Hector Guerra **Telephone Number:** 559-624-7121

**Project Location:** The existing bridge is located approximately 500 feet north of Mountain Road 12; approximately eight (8) miles southeast of Fountain Springs in an unincorporated area of Tulare County, California. The site is located within the United States Geological Survey White River 7.5 Minute Quadrangle. It lies within Section 28, Township 24 South, Range 29 East, MDB&M.

**Project Description:** The Project will replace the existing Mountain Road 109 (M109) bridge crossing over White River with a new two-lane bridge structure to match the required minimum width to carry two lanes of traffic. The approximate limits of the Project are approximately 500 feet northwest and 300 feet southeast of the existing M109 bridge crossing of White River. The Project will conform to the existing roadway width and will provide an improved road alignment for safety. The replacement bridge structure will consist of a concrete slab bridge approximately 100 feet long and will be no greater than 18 feet in height when measured from the channel bottom. The White River channel will be graded to restore natural channel contours. Rock slope protection may be necessary around the bridge abutments for scour protection. Temporary construction easements will be needed for bridge construction and construction staging areas. Permanent slope easements may be required to conform the finished grades of the maintenance roads along each side of the channel to the bridge profile grade. Right-of-way acquisition and utility relocations are anticipated. Stage construction will be utilized to keep the roadway and driveway open to traffic during construction. Construction is anticipated to begin in 2024 and would take approximately 12 months to complete.

This is to advise that the **TULARE COUNTY BOARD OF SUPERVISORS**, as  Lead Agency  Responsible Agency, has approved the above-described project on 8/30/22, and has made the following determinations regarding the above-described project:

<p>FILED TULARE COUNTY</p> <p>AUG 30 2022</p> <p>ASSESSOR/CLERK RECORDER BY: <i>je</i></p>
<p><i>DATE RECEIVED FOR FILING AT TULARE COUNTY CLERK'S OFFICE</i></p>

1. The project [ will  will not] have a significant adverse impact on the environment.
2.  A Final Environmental Impact Report,  Mitigated Negative Declaration,  Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
