Re: SCH#2021050293 Carmel High School Stadium Improvements Revised NOA

The Carmel Unified School District, the lead agency for the above referenced project, submitted a Revised Draft EIR and associated noticing documents to the State Clearinghouse on August 24, 2022. These materials were posted on the CEQAnet website on August 25, 2022. A revised Notice of Availability was subsequently sent to the State Clearinghouse on August 25, 2022 to correct the school district e-mail address referenced in the NOA where the public and local and state agencies may submit comments on the Revised Draft EIR.

It has now come to the school district's attention that the meeting time noted in the NOA for the public comment meeting to take place on Tuesday, September 6, 2022, was incorrect. The NOA was revised to reflect the correct time for the public comment meeting (5:30 P.M. on Tuesday, September 6, 2022, at Carmel Middle School Gymnasium). Please post this revised NOA to the CEQAnet website as soon as possible.

We appreciate your prompt attention to this revision and please contact the school district's CEQA consultant, Stuart Poulter, Senior Planner, with EMC Planning Group ([poulter@emcplanning.com](mailto:poulter@emcplanning.com) or 831-649-1799, ext. 216) with any questions.

Regards,

Dan Paul, Chief Operations Officer  
Carmel Unified School District
