Re: SCH#2021050293 Carmel High School Stadium Improvements Revised NOA & RDEIR

The Carmel Unified School District, the lead agency for the above referenced project, submitted a Revised Draft EIR and associated noticing documents to the State Clearinghouse on August 24, 2022 and was subsequently posted on the CEQAnet website on August 25, 2022. However, it has come to the school district's attention that the school district e-mail address referenced in the Notice of Availability and in the Revised Draft EIR (Section 1.0, Introduction), where the public and local and state agencies may submit comments on the Revised Draft EIR, is incorrect. Therefore, the school district has updated that e-mail address referenced into those two places and are submitting to the State Clearinghouse revised versions of both the NOA and the RDEIR. Please post these revised documents to the CEQAnet website as soon as possible.

We appreciate your prompt attention to these revisions and please contact the school district's CEQA consultant, Stuart Poulter, Senior Planner, with EMC Planning Group (poulter@emcplanning.com or 831-649-1799, ext. 216) with any questions.

Regards,

Dan Paul, Chief Operations Officer
Carmel Unified School District
