

# Summary Form for Electronic Document Submittal

**Form F**

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

Project Title: Routine Maintenance of Stream Channels and Drainage Facilities Project

Lead Agency: Town of Loomis

Contact Name: Merrill Buck, Town Engineer

Email: townengineer@loomis.ca.gov

Phone Number: 916-652-1840

Project Location: Loomis - Placer County

*City*

*County*

Project Description (Proposed actions, location, and/or consequences).

The Town of Loomis (Town) proposes to enter into a 12-year Streambed Alteration Agreement with the California Department of Fish and Wildlife (CDFW) for the Town to construct routine maintenance activities, capital improvement projects, and vegetation restoration activities in jurisdictional improved and unimproved channels and drainage facilities with the Town.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

The Town of Loomis has determined that the above project will have no significant effect on the environment and is therefore exempt from the requirement of an Environmental Impact Report (EIR). The determination is based on the attached initial study and the following findings:

- a. the project will not degrade environmental quality, substantially reduce habitat, cause a wildlife population to drop below self-sustaining levels, reduce the number or restrict the range of special-status species, or eliminate important examples of California history or prehistory.
- b. The project does not have the potential to achieve short-term, to the disadvantage of long-term, environmental goals.
- c. The project will not have impacts that are individually limited, but cumulatively considerable.
- d. The project will not have environmental effects that will cause substantial adverse effects on human beings, either directly or indirectly.
- e. No substantial evidence exists that the project will have a negative or adverse effect on the environment.
- f. The project incorporates all applicable mitigation measures identified in the Initial Study.
- g. The Mitigated Negative Declaration reflects the independent judgement of the lead agency.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

None.

Provide a list of the responsible or trustee agencies for the project.
