Project Title: Ski Run Marina Entrance Channel Dredging (Lake and Streambed Alteration Agreement EPIMS Notification No. ELD-17163 R2)

Project Location: The project is located at Ski Run Marina, Lake Tahoe, in the County of El Dorado, State of California. The project site is approximately located at Latitude 38.950830, Longitude -119.959385 (WGS84 datum, decimal degrees).

Project Description: The California Department of Fish and Wildlife has executed Lake and Streambed Alteration Agreement EPIMS Notification Number ELD-17163 R2, pursuant to Section 1602 of the Fish and Game Code to the project Applicant, Ski Run Boat Company, as represented by Ron Williams.

The proposed project is limited to maintenance dredging of the existing Ski Run Marina entrance channel to elevation 6219 feet Lake Tahoe Datum (LTD) in order to remove accumulated sediment and restore boating access to the inner marina. A long reach excavator will be used from a temporary work platform to remove the sediment from the marina channel and then load it into sealed trucks for removal. The project will result in the temporary disturbance of approximately 0.06 acre (estimated dredge quantity 635 cubic yards) of lakebed associated with the maintenance dredging activity.

Public Agency Approving Project: CALIFORNIA DEPARTMENT OF FISH AND WILDLIFE

Person or Public Agency Carrying out Project: Ski Run Boat Company

Exempt Status:

Categorical Exemption. Type – Class (4); California Code of Regulations, title 14, section 15304(g)

Reasons why project is exempt: Project involves the minor alteration in the conditions of land or water which do not involve removal of healthy, mature, or scenic trees and is limited to maintenance dredging where the spoils are deposited in a spoil area authorized by all applicable state and federal regulatory agencies.
