

**LOS ANGELES COUNTY
SANITATION DISTRICTS**
Converting Waste Into Resources

Santa Clarita Valley Sanitation District
1955 Workman Mill Road
Whittier, CA 90601

NOTICE OF DETERMINATION

To: County Clerk, County of Los Angeles Office of Planning and Research
Attn: Document Analysis & Recording State Clearinghouse
12400 Imperial Highway P.O. Box 3044
Norwalk, CA 90650-1250 Sacramento, CA 95812-3044

Subject: **Filing of Notice of Determination in Compliance with Section 21108 or 21152 of the Public Resources Code**

Project Title: Soledad Canyon Relief Trunk Sewer Section 4 Project (Project)

SCH Number: 2021050473

Project Location: The sewer main alignment would begin at the intersection of Soledad Canyon Road and Hidaway Avenue, continue south on Hidaway Avenue, then slightly southeasterly within private right-of-way, then south beneath the Santa Clara River. The sewer main alignment would then turn easterly towards the western edge of an existing mobile home park and approximately 550 feet north of the Los Angeles County Metropolitan Transportation Authority railroad tracks.

Project Description: The proposed project consists of construction of a new 27-inch sewer, and all associated connections, to provide hydraulic relief of the Soledad Canyon Trunk Sewer Section 4 (SCTS-4) between Manholes 1103 and 1114 in the City of Santa Clarita. The proposed activities include the construction of approximately 2,200 feet in length and the depth would range from 11 to 30 feet below the ground surface, and after placement of the sewer alignment, three manholes would be abandoned within the Santa Clara River.

Contact Person: Mischelle Mikulas, Civil Engineer, Planning Section

This is to advise that the Board of Directors of the Santa Clarita Valley Sanitation District has approved the Project described above at its Board meeting on September 20, 2021, and has made the following determinations regarding the Project:

1. The Project, with the incorporation of mitigation measures, will not result in a significant effect on the environment.
2. A Final Initial Study/Mitigated Negative Declaration (IS/MND) dated September 2021, which reflects the independent judgment and analysis of the District, was prepared for this Project in accordance with the terms, provisions and requirements of the California Environmental Quality Act (CEQA) and related CEQA Guidelines.
3. A Mitigation Monitoring and Reporting Program (MMRP), dated September 2021, was adopted for the Project and the required mitigation measures were made a condition of the approval for the Project.
4. A Statement of Overriding Considerations is not required and was not adopted for the Project.
5. Findings were made pursuant to the provisions of CEQA.

The adopted Final IS/MND and MMRP are available for review by the general public at the District's Joint Administrative Office located at 1955 Workman Mill Road, Whittier, California 90601.

Date: September 20, 2021

Robert C. Ferrante
