Present Land Use/Zoning/General Plan Designation:

Project Description: (please use a separate page if necessary)

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

PROJECT DESCRIPTION: (Cont.)

An existing bridge currently used to access a sewer manhole on the south side of the creek would be removed, the reinforced concrete box (RCB) under the bridge would be removed, and the sewer manhole would be removed and replaced with pipe. Beneath the creek, 65 LF of sewer Vitrified Clay Pipe (VCP) would be encased in concrete and a 60 LF 8" VCP would be relocated. UngROUTED drop structures would be installed for grade stability in the creek. Five access ramps on the north side of the creek would be used for maintenance and stabilized with armor-flex (or equivalent) and native herbaceous vegetation. Proposed staging would occur on the northwest and east ends of the project area. After creek improvements occur, the northwest staging area would be revegetated with native shrubs and trees and include trail installation. The project site is east of Interstate (I) 15 and Home Avenue, north of State Route (SR) 94, west of Sunshine Berardini Field, and south of Federal Boulevard in the City of San Diego. The project is not located within or adjacent to the Multi-Habitat Planning Area (MHPA). The project is located on right of way owned by the City of San Diego and California Department of Transportation (Caltrans) and requires an Encroachment Permit. The Project is located within City Heights in the Mid-City Communities Community Planning Area in Council District 9. The site is not included on any Government Code listing of hazardous waste sites.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
