Project Title: Variance TWW-2021-HT-00503 to Allow the Transport and Accumulation of Treated Wood Waste under Alternate Procedures by Mt. Diablo Lumber Inc. DBA C & J Fencing

Project Location: 18120 Bollinger Canyon Rd, San Ramon, CA 94583

County: Contra Costa County

Project Applicant: Chris French, President/CEO, Mt. Diablo Lumber Inc. DBA C & J Fencing

Approval Action Under Consideration by DTSC: Variance

Statutory/Regulatory Authority: California Health and Safety Code, Section 25143; CCR Title 22, Section 66260.210

Project Description: The Department of Toxic Substances Control (DTSC) has issued a variance to Mt. Diablo Lumber Inc. DBA C & J Fencing (CAR000322941) to accumulate and transport treated wood waste to an authorized handler or disposal facility. The treated wood waste is generated as a result of fence replacement. The variance allows treated wood waste to be managed under procedures different from, but equally protective to human health and the environment to, the provisions of California Health and Safety Code (HSC) Articles 6, 6.5 and 9 of Chapter 6.5 and California Code of Regulations (CCR), Title 22, Division 4.5, Chapters 12, 13, 14, 15, 16, 18, and/or 20. Under the terms and conditions of Variance TWW-2021-HT-00503, Mt. Diablo Lumber Inc. DBA C & J Fencing will ensure the treated wood waste will be appropriately managed.

Background: Treated wood waste is a fully regulated California-only hazardous waste because it exhibits the hazardous waste characteristic of toxicity. From 2007 to December 31, 2020, treated wood waste was managed under alternative management standards, established in 22 CCR 67386. The legislation that authorized the alternative management standards for treated wood waste expired on December 31, 2020. Mt. Diablo Lumber Inc. DBA C & J Fencing is a fencing contractor.

Project Activities: Under the variance, the authorized handler may collect and accumulate treated wood waste from generators, transporters, or other handlers. Operations generally include loading and unloading operations. Accumulation of treated wood waste includes taking appropriate precautions to prevent unauthorized access to and prevent leaching to the environment of the treated wood waste. No transportation activities are authorized as a part of this variance. The variance will expire on November 20, 2021 with possibility of extension for an additional six months.

Name of Public Agency Approving Project: Department of Toxic Substances Control

Name of Person or Agency Carrying Out Project: Mt. Diablo Lumber Inc. DBA C & J Fencing

Exempt Status: Existing Facilities [CCR Title 14, Sec. 15301]

Reasons Why Project is Exempt: All analysis conducted included the potential extension of the variance for an additional six months. DTSC has determined none of the exceptions to the categorical exemptions apply to this project, as described in Public Resources Code Section 21084(c), (d), and (e), and 14 CCR Section 15300.2. This project consists of the accumulation and storage of the treated wood waste is consistent with the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structure, involving negligible or no expansion of existing or former use.
