

## NOTICE OF INTENT TO ADOPT A MITIGATED NEGATIVE DECLARATION

### PROJECT DESCRIPTION

The City of Vallejo is proposing operational improvements at the I-80/Hiddenbrooke Parkway interchange to address existing and future vehicle queues on Hiddenbrooke Parkway. The project will convert the existing stop sign-controlled intersections of the I-80 ramps with American Canyon Road and Hiddenbrooke Parkway, and the intersection of Hiddenbrooke Parkway and McGary Road, into roundabouts. Conversion of these intersections to roundabouts will not require modification of the existing American Canyon Road overcrossing of I-80. The project will require modification of the on and off-ramps where they intersect with local roads but would not involve changes to the ramp connections with I-80 or the existing mainline of the freeway. All proposed improvements would occur within existing State and local public rights of way. No displacement of an existing business or homes, nor the acquisition of private property would be required. In addition, no nonstandard design features are necessary to implement the project.

The Initial Study with Proposed Mitigated Negative Declaration is available on the City's website at:

### PROPOSED ENVIRONMENTAL DETERMINATION

Pursuant to the requirements of the California Environmental Quality Act (CEQA), an Initial Study and Draft Mitigated Negative Declaration (MND) have been prepared for the project. It has been determined that with mitigations, the project will not have a significant effect on the environment.

**Initial Study and Draft MND Review Period: May 10, 2021 to June 8, 2021**

The Initial Study and Draft MND, and all relevant documents are available for public review and comment at:

[www.cityofvallejo.net](http://www.cityofvallejo.net)

Comments on the Initial Study and Draft MND must be emailed to: [David.Yatabe@cityofvallejo.net](mailto:David.Yatabe@cityofvallejo.net) or mailed to the City of Vallejo, Public Works-Engineering Division, Attention: David Yatabe, 555 Santa Clara Street, Vallejo, CA 94590. Comments must be received in writing no later than **6:00 P.M.** on Tuesday, June 8, 2021. The comments should focus on the sufficiency of the environmental documentation in its discussion of the possible impacts of the project.
