Subject: Notice of Determination in compliance with Section 21108 or 21152
of the Public Resources Code.

Project Title: PW2021-4589 - County Road 98 Bike and Safety Improvement Project (Phase II)

State Clearinghouse Number: 2021060090

Applicant: Yolo County Department of Community Services
292 W. Beamer St.
Woodland, CA 95695

Owner: Yolo County

Project Location: Portion of County Road (CR) 98 within unincorporated Yolo County, west of the City of Davis, extending from approximately 1,300 feet south of County 29 to the Solano County Line (APNs: multiple).

Project Description: The Yolo County Department of Community Services, Public Works Division, and the California Department of Transportation Division of Local Assistance will implement the second phase of the CR 98 Bike and Safety Improvement Project, which will widen and improve shoulders along CR 98 for the purpose of improving public safety. Roundabouts will be constructed at the intersections of CR 31 (Covell Blvd), CR 32 (Russell Blvd), and Hutchison Drive. Implementation of the project will require the relocation of drainage ditches and utilities outside the clear recovery zone, which will include extension, replacement, and or relocation of existing drainage structures to accommodate the widened road. All construction staging will occur within the existing right-of-way. Construction of the project is planned to commence in spring 2025 and is anticipated to be completed within two construction seasons.

An Initial Study/Mitigated Negative Declaration (SCH #2021060090) was prepared for the proposed Bike and Safety Improvement Project. This is to advise that the Yolo County Board of Supervisors has adopted the Mitigated Negative Declaration for the above-described project on April 26, 2022, and has made the following determinations:

1. The project will not cause a new significant effect on the environment or substantially increase the severity of a previously identified significant environmental effect.
2. A Mitigated Negative Declaration (SCH #2021060090) was prepared for this project pursuant to the provisions of CEQA and adopted by the County.
3. Mitigation measures were made a condition of the approval of the project.
4. A statement of Overriding Considerations was not adopted for this project.

This is to certify that the Mitigated Negative Declaration and record of project approval is available to the General Public for review at the Yolo County Community Services Department located at 292 W Beamer Street, Woodland, California.
