Present Land Use/Zoning/General Plan Designation:

Recreation; Oil and gas wells below coastal bluff adjacent to Sandpiper Golf Course.

Project Description: (please use a separate page if necessary)

Two piers and caissons, supporting two wells, formerly produced oil and gas from the offshore Lease PRC 421. The two wells have been idle since 1994 and were plugged and abandoned pursuant to California Geologic Energy Management Division (CalGEM) regulatory specifications in May and September 2019. The decommissioning project would remove the two piers and caissons and other infrastructure, including two pipelines and the access road and supporting rock revetment.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
