The project would be built in two phases as funding becomes available. Phase I of the project would be constructed in the western portion of the project site and would involve the construction of an approximately 14,135-square-foot one-story classroom and administration building. Phase II of the project would be constructed on the eastern portion of the project site and involves construction of an approximately 40,000-gross-square-foot two-story law enforcement and emergency management response educational facility. Phase I would be constructed within the short-term (0 to 1 year after project approval) and Phase II would be constructed in the long-term (1 to 5 years after project approval).
