Project Description (Proposed actions, location, and/or consequences).

The California Department of Transportation (Caltrans) proposes improvements to I-405 (I-5 to Harbor Boulevard) within the cities of Costa Mesa and Irvine and unincorporated areas of County of Orange to: extend life expectancy of pavement; improve safety and efficiency for all modes of travelers, and maintenance crews; enhance traffic operation, manage congestion; provide ability to collect, analyze, and utilize data for systems performance; and provide a park and ride facility (at Bristol Street) along the I-405 corridor. Additionally, various bridge improvements are proposed to extend the life expectancy and safety of the bridges. One Build alternative is being considered as well as a No-Build Alternative.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

Implementation of the project would not result in significant or potentially significant effects on the environment. As such, a Negative Declaration has been prepared, and no mitigation is required.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

This project does not have any areas of controversy known to the Lead Agency.

Provide a list of the responsible or trustee agencies for the project.
