

**APPENDIX C
PUBLIC INVOLVEMENT**

Interagency and Intergovernmental Coordination

As part of the public involvement process, interagency and intergovernmental coordination letters were sent to the following federal, tribal, state, and local governmental agencies and representatives. The following organizations were consulted in the development of the Environmental Assessment for Wharf Maintenance Dredging Project at Military Ocean Terminal Concord, CA.

Federal Agencies
Fish and Wildlife Service (USFWS)
National Marine Fisheries Service (NMFS)
National Park Service (NPS)
U.S. Army Corps of Engineers (USACE), SPN Regulatory
Environmental Protection Agency, Region 9 (USEPA)
11 th Congressional District
Native American Tribes (12 tribes represented)
Cortina Band of Indians
Ione Band of Miwok Indians
State Agencies
California Department of Fish and Wildlife
California State Clearinghouse
State Historic Preservation Officer (SHPO)
Regional Water Quality Control Board (RWQCB)
Bay Conservation and Development Commission (BCDC)
State Assembly, District 14
Local Agencies
Contra Costa County Board of Supervisors, District V
Contra Costa County Board of Supervisors, District IV
Mayor of Concord

The initial dredging application and supporting documents were sent to the interagency Dredge Materials Management Office (DMMO) on 30 April 2020 for agency review and comment. The Regional Water Quality Control Board requested additional information for processing the permit application.

The Notice of Availability for this Environmental Assessment was published in the Contra Costa Times and Contra Costa Post on XXX, 2021. The closing date was XXX, 2021. The Army's intent during the Draft EA review process was to provide a responsible level of opportunity for

government agencies, special interest groups, and the general public to learn about the alternatives being evaluated in the EA and offer several ways for those interested to express their comments regarding the proposal
