Present Land Use/Zoning/General Plan Designation:

Land Use: Existing hospital campus. Zoning: Office Research Park. General Plan: Office and Research Park

Project Description: (please use a separate page if necessary)

The project would construct a two-story, approximately 36,000-square-foot hospital expansion that would connect to the south side of the existing Women's Center and Emergency Department building within the Rancho Springs Medical Center campus. The expansion building would include ancillary support spaces for 14 new beds within a pediatrics department and intensive care center (ICU) on the ground floor. The expansion building would also include 10 new beds, as well as a Neo-Natal ICU department with 16 beds, on the second floor. The project would also construct a new helipad platform in the east parking lot closer to the ambulance entry. The project would also make other site improvements on the existing RSMC campus.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with and "X".
If you have already sent your document to the agency please denote that with an "S".
