Project Title: Port of Stockton Rail Bridge Replacement and Rail Improvements Project

Project Applicant: Port of Stockton

Project Location (include county): San Joaquin County, California

**Project Description:**

The Port of Stockton (Port) is proposing to replace a functionally obsolete rail bridge and construct a new lead track to increase the overall efficiency of train operations within the Port. The proposed project includes replacing the obsolete rail bridge between the East and West Complexes with a new expanded rail bridge, constructing a new lead track and associated modifications to road underpasses and overpasses near the terminus of the Ort J. Lofthus Freeway, constructing a new rail underpass at +

This is to advise that the Port of Stockton has approved the above  
( Lead Agency or  Responsible Agency)

described project on 9/20/2021 and has made the following determinations regarding the above  
(date)  
described project.

1. The project [ will  will not] have a significant effect on the environment.
