

**Notice of Intent to Adopt
Negative Declaration
Siskiyou County 2021 Regional Transportation Plan**

Notice is given that the project of the 2021 Siskiyou County Regional Transportation Plan will not have a significant adverse effect on the environment.

Background:

The proposed project is the adoption and implementation of the 2021 Siskiyou County Regional Transportation Plan (RTP). The Siskiyou County Local Transportation Commission (SCLTC), as the designated Regional Transportation Planning Agency (RTPA), is required by State law to prepare the RTP and transmit it to the California Department of Transportation (Caltrans) every five years. The RTP is required to be developed as per State legislation, Government Code §65080 et seq. of Chapter 2.5. The last full Siskiyou County RTP update was adopted in 2016.

Project Description:

The 2021 Siskiyou County Regional Transportation Plan will serve as the planning blueprint to guide transportation investments in the county involving local, State, and Federal funding over the next 20 years. The project area consists of the entire County of Siskiyou. Each project identified in the 2021 RTP contributes to system preservation, safety, and/or multimodal enhancements. This RTP focuses on developing a coordinated and balanced multimodal regional transportation system that is financially constrained to the revenues anticipated over the life of the plan (2041).
