Project Description: *(please use a separate page if necessary)*

As required by Government Code Section 5302(f), the Lassen County Department of Planning and Building Services has prepared a draft update of the 1989 Noise Element. There have been no alterations, revisions, or updates to the Noise Element since it was adopted in 1989. Approaches to noise exposure management have occurred between 1989 and the present, and therefore the County proposes to Update the Noise Element in order to make it more accessible to the general public and to simplify and clarify the application of included policies by County staff. The County also proposes to establish a new chapter in the Lassen County Code that provides standards and regulations for noise management, that would be informally referenced as the " Noise Ordinance. "

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
