Greater Los Angeles Area Council of Boys Scouts of America Trask Scout Reservation Water
System Rehabilitation and Enhancement Project

Project Title

SCH #2021070088	Ms. Sheri Bermejo	(626) 932-5539
State Clearinghouse Number	Lead Agency Contact Person	Area Code/Telephone/Extension

Project Location:

The project site is located at the Trask Scout Reservation at the following address: 1100 N Canyon Boulevard, Monrovia, CA 91016. The project is located within the USGS Topo 7.5-minute maps for Azusa, and is located in Section 13, Township 1 North and Range 11 West, Sections 7 and 8, Township 1 North and Range 10 West. The approximate GPS coordinates of the project site are 34.178371, -117.978251.

Project Description:

The Greater Los Angeles Area Council of Boy Scouts of America (GLAAC-BSA or BSA) operates the Trask Scout Reservation (Trask), which is located in the City of Monrovia, within the Sawpit Canyons in the foothills south of the San Gabriel Mountains.

On April 25, 2017, Trask was notified by the State Water Resources Control Board, Division of Drinking Water (DDW) to stop production of potable water until improvements have been made to meet DDW treatment regulations and standards. As such, the GLAAC-BSA proposes to rehabilitate the surface water treatment system to satisfy the current treatment regulations and standards, and to enhance the existing water distribution system at Trask.

The proposed Water System Rehabilitation and Enhancement Project would:

- repair the existing raw water collector and inlet structure,
- restore Sawpit Creek,
- grade the pad for and install a pre-made WTP unit,
- remove/abandon existing appurtenances that would interfere with the new facilities,
- install a prefabricated storage shed to house the new WTP,
- install a new booster pump within the existing clear well / pump house,
- install a new backup generator,
- remove the existing reservoir and install two new 50,000-gallon steel reservoirs, and
- install fire hydrants, water fountains, trail restoration, and upgrades to the electrical system.
