

NOTICE OF INTENT TO ADOPT NEGATIVE DECLARATION

To: **Office of the County Clerk**
Los Angeles County
12400 Imperial Highway
Norwalk, CA 90650

From: Department of Toxic Substances Control
Site Mitigation and Restoration Program
5796 Corporate Avenue
Cypress, CA 90630

Interested Parties

This is to provide notification that the Department of Toxic Substances Control (DTSC) is undertaking the preparation of a draft Negative Declaration for the project identified below. This notice is provided as required by California Public Resources Code (PRC) section 21092 and section 21092.3. As specified in PRC section 21092.3, notices for an Environmental Impact Report (EIR) must be posted in the office of the county clerk of each county in which the project will be located. Such notices for an EIR are required to remain posted for a period of 30 days. Notices for a Negative Declaration are required to be posted for a period of 20 days, unless otherwise required by law to be posted for 30 days. The county clerk is required to post these notices within 24 hours of receipt.

Project Title: Former Union Carbide Corporation Torrance Distribution Facility Remedial Action Plan

Location of Project: 19500 Mariner Avenue, Torrance, 90503, CA

Project Description: The California Department of Toxic Substances Control (DTSC) proposes to implement the Remedial Action Plan (RAP) for the former Union Carbide Corporation (UCC) Torrance Distribution Facility. A RAP is a document that details the steps to be taken in the implementation of the selected remedial response actions at a Site in order to remediate environmental conditions. The RAP would be implemented under the terms of UCC's Voluntary Cleanup Agreement with DTSC and would include a combination of remedial activities including in-situ geochemical stabilization, soil vapor extraction, shallow soil excavation, and institutional controls in the form of restrictive land use covenants along with natural attenuation processes. The purpose of the proposed project is to address the identified contaminants of concern concentrations in the soil, soil vapor, and groundwater to levels to protect human health and the environment, consistent with the current and anticipated future commercial/industrial worker uses of the property.

Any Significant Effects on the Environment: None

Period During Which Comments on the Document Will Be Received:

Start Date: July 7, 2021

End Date: August 8, 2021

Location of Public Hearing on the Proposed Project: July 28, 2021; 5:00pm-7:00pm <http://bit.ly/UCCtorrance>

Location Where Documents Can Be Reviewed:
