Present Land Use/Zoning/General Plan Designation:

Prime Farmland, Unique Farmland, Farmland of Statewide Importance, and Highway Facility

Project Description: *(please use a separate page if necessary)*

The proposed project would perform pipeline strength tests, replace transmission pipeline, and install distribution pipeline within an 8-mile stretch between post miles 27.4 and 35.5 on State Route 29. The project is needed to assess and ensure the safety of the pipeline installed in 1930 between the cities of St. Helena and Calistoga, and improve the transmission and distribution system's capacity to meet projected increase in demand for natural gas.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
