Target Property Map:	5636853 MOUNT WILSON, CA
Version Date:	2012

EDR's GeoCheck Physical Setting Source Addendum is provided to assist the environmental professional in forming an opinion about the impact of potential contaminant migration.

Assessment of the impact of contaminant migration generally has two principle investigative components:

1. Groundwater flow direction, and
2. Groundwater flow velocity.

Groundwater flow direction may be impacted by surface topography, hydrology, hydrogeology, characteristics of the soil, and nearby wells. Groundwater flow velocity is generally impacted by the nature of the geologic strata.

# GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

## GROUNDWATER FLOW DIRECTION INFORMATION

Groundwater flow direction for a particular site is best determined by a qualified environmental professional using site-specific well data. If such data is not reasonably ascertainable, it may be necessary to rely on other sources of information, such as surface topographic information, hydrologic information, hydrogeologic data collected on nearby properties, and regional groundwater flow information (from deep aquifers).

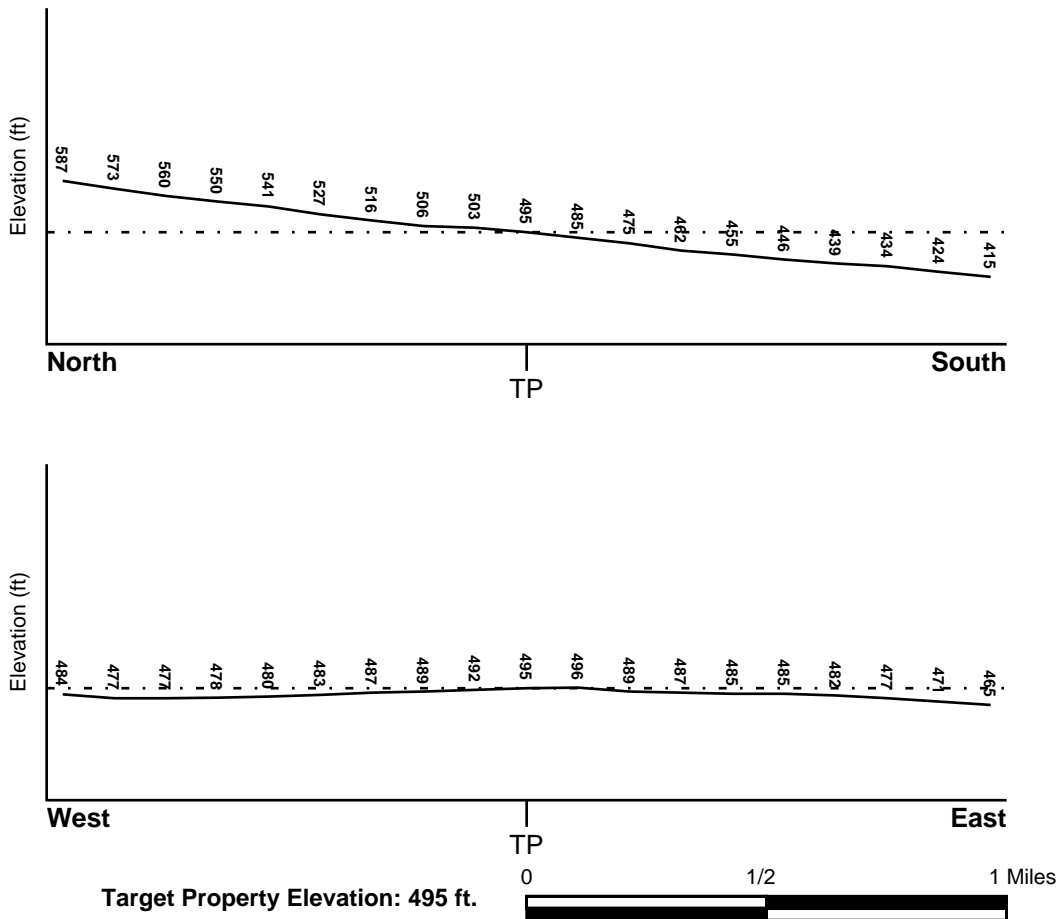

## TOPOGRAPHIC INFORMATION

Surface topography may be indicative of the direction of surficial groundwater flow. This information can be used to assist the environmental professional in forming an opinion about the impact of nearby contaminated properties or, should contamination exist on the target property, what downgradient sites might be impacted.

## TARGET PROPERTY TOPOGRAPHY

General Topographic Gradient: General South

## SURROUNDING TOPOGRAPHY: ELEVATION PROFILES

Source: Topography has been determined from the USGS 7.5' Digital Elevation Model and should be evaluated on a relative (not an absolute) basis. Relative elevation information between sites of close proximity should be field verified.

# GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

## HYDROLOGIC INFORMATION

Surface water can act as a hydrologic barrier to groundwater flow. Such hydrologic information can be used to assist the environmental professional in forming an opinion about the impact of nearby contaminated properties or, should contamination exist on the target property, what downgradient sites might be impacted.

Refer to the Physical Setting Source Map following this summary for hydrologic information (major waterways and bodies of water).

## HYDROGEOLOGIC INFORMATION

Hydrogeologic information obtained by installation of wells on a specific site can often be an indicator of groundwater flow direction in the immediate area. Such hydrogeologic information can be used to assist the environmental professional in forming an opinion about the impact of nearby contaminated properties or, should contamination exist on the target property, what downgradient sites might be impacted.

EDR has developed the AQUIFLOW Information System to provide data on the general direction of groundwater flow at specific points. EDR has reviewed reports submitted by environmental professionals to regulatory authorities at select sites and has extracted the date of the report, groundwater flow direction as determined hydrogeologically, and the depth to water table.

## GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

### GROUNDWATER FLOW VELOCITY INFORMATION

Groundwater flow velocity information for a particular site is best determined by a qualified environmental professional using site specific geologic and soil strata data. If such data are not reasonably ascertainable, it may be necessary to rely on other sources of information, including geologic age identification, rock stratigraphic unit and soil characteristics data collected on nearby properties and regional soil information. In general, contaminant plumes move more quickly through sandy-gravelly types of soils than silty-clayey types of soils.

### GEOLOGIC INFORMATION IN GENERAL AREA OF TARGET PROPERTY

Geologic information can be used by the environmental professional in forming an opinion about the relative speed at which contaminant migration may be occurring.

### DOMINANT SOIL COMPOSITION IN GENERAL AREA OF TARGET PROPERTY

The U.S. Department of Agriculture's (USDA) Soil Conservation Service (SCS) leads the National Cooperative Soil Survey (NCSS) and is responsible for collecting, storing, maintaining and distributing soil survey information for privately owned lands in the United States. A soil map in a soil survey is a representation of soil patterns in a landscape. Soil maps for STATSGO are compiled by generalizing more detailed (SSURGO) soil survey maps. The following information is based on Soil Conservation Service STATSGO data.

Soil Component Name: URBAN LAND

Soil Surface Texture: variable

Hydrologic Group: Not reported

Soil Drainage Class: Not reported

Hydric Status: Soil does not meet the requirements for a hydric soil.

## TOPOGRAPHIC INFORMATION

### USGS 7.5' Digital Elevation Model (DEM)

Source: United States Geologic Survey

EDR acquired the USGS 7.5' Digital Elevation Model in 2002 and updated it in 2006. The 7.5 minute DEM corresponds to the USGS 1:24,000- and 1:25,000-scale topographic quadrangle maps. The DEM provides elevation data with consistent elevation units and projection.

## HYDROLOGIC INFORMATION

Flood Zone Data: This data was obtained from the Federal Emergency Management Agency (FEMA). It depicts 100-year and 500-year flood zones as defined by FEMA. It includes the National Flood Hazard Layer (NFHL) which incorporates Flood Insurance Rate Map (FIRM) data and Q3 data from FEMA in areas not covered by NFHL.

## HYDROGEOLOGIC INFORMATION

### AQUIFLOW<sup>R</sup> Information System

Source: EDR proprietary database of groundwater flow information

EDR has developed the AQUIFLOW Information System (AIS) to provide data on the general direction of groundwater flow at specific points. EDR has reviewed reports submitted to regulatory authorities at select sites and has extracted the date of the report, hydrogeologically determined groundwater flow direction and depth to water table information.

## GEOLOGIC INFORMATION

### Geologic Age and Rock Stratigraphic Unit

### STATSGO: State Soil Geographic Database

Source: Department of Agriculture, Natural Resources Conservation Service (NRCS)

The U.S. Department of Agriculture's (USDA) Natural Resources Conservation Service (NRCS) leads the national Conservation Soil Survey (NCSS) and is responsible for collecting, storing, maintaining and distributing soil survey information for privately owned lands in the United States. A soil map in a soil survey is a representation of soil patterns in a landscape. Soil maps for STATSGO are compiled by generalizing more detailed (SSURGO) soil survey maps.

### SSURGO: Soil Survey Geographic Database

Source: Department of Agriculture, Natural Resources Conservation Service (NRCS)

Telephone: 800-672-5559

SSURGO is the most detailed level of mapping done by the Natural Resources Conservation Service, mapping scales generally range from 1:12,000 to 1:63,360. Field mapping methods using national standards are used to construct the soil maps in the Soil Survey Geographic (SSURGO) database. SSURGO digitizing duplicates the original soil survey maps. This level of mapping is designed for use by landowners, townships and county natural resource planning and management.

### FEDERAL WATER WELLS

#### PWS: Public Water Systems

Source: EPA/Office of Drinking Water

Telephone: 202-564-3750

Public Water System data from the Federal Reporting Data System. A PWS is any water system which provides water to at least 25 people for at least 60 days annually. PWSs provide water from wells, rivers and other sources.

#### PWS ENF: Public Water Systems Violation and Enforcement Data

Source: EPA/Office of Drinking Water

Telephone: 202-564-3750

Violation and Enforcement data for Public Water Systems from the Safe Drinking Water Information System (SDWIS) after August 1995. Prior to August 1995, the data came from the Federal Reporting Data System (FRDS).

#### USGS Water Wells: USGS National Water Inventory System (NWIS)

This database contains descriptive information on sites where the USGS collects or has collected data on surface water and/or groundwater. The groundwater data includes information on wells, springs, and other sources of groundwater.

## OTHER STATE DATABASE INFORMATION

### Groundwater Ambient Monitoring & Assessment Program

State Water Resources Control Board

Telephone: 916-341-5577

The GAMA Program is California's comprehensive groundwater quality monitoring program. GAMA collects data by testing the untreated, raw water in different types of wells for naturally-occurring and man-made chemicals. The GAMA data includes Domestic, Monitoring and Municipal well types from the following sources, Department of Water Resources, Department of Health Services, EDF, Agricultural Lands, Lawrence Livermore National Laboratory, Department of Pesticide Regulation, United States Geological Survey, Groundwater Ambient Monitoring and Assessment Program and Local Groundwater Projects.

Type of Employment

LOCATED 122 Santa Anita Ave., Arcadia

MADE BY SAFETY ENGINEER R. E. Haynes DATE 1-31-55

EXPLAINED TO S. L. Stevens, Engineer COMPLIANCE DATE 4-7-55

Requirements for the elimination of unsafe conditions are listed below. These unsafe conditions are in violation of lawful orders enforced by the Division of Industrial Safety.

The numbers following the requirements listed refer to sections of the California Administrative Code, Title 8.

1. LONG CORDS TO LIGHTING FIXTURES:

Replace all long cords where run along, draped or tied over surfaces to lighting fixtures throughout the plant, with an approved type wiring in metal enclosures properly installed and run to a convenient location near the lighting fixtures, so that the cords will hang free of surfaces after the fixtures are connected to the outlet boxes. 2360-a.

2. GROUNDING PORTABLE EQUIPMENT:

Ground all electrically operated portable equipment, such as the bench drill stand, portable hand drill and several sewing machines, by using attachment caps and plug-in receptacles having additional grounding contacts and cable having a separate grounding wire properly connected. 2383 (f); 2400 (a), (3).

**DECLARATIONS**

I, the undersigned hereby files this application and agrees, certifies and declares:

That notice has been given me that this permit may be used only in compliance with the Arcadia Municipal Code, and all other applicable ordinances and laws.

That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection.

That this permit does not allow, and separate permits are required for, any plumbing, electrical/heating and air conditioning work.

I agree that the city may enter upon the job premises at any reasonable time to inspect any work installed under this permit, to remove any non-conforming construction at my own expense, and to otherwise act as and when required by the Arcadia Municipal Code.

**LICENSED CONTRACTORS DECLARATION**

I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

**OWNER-BUILDER DECLARATION**

I hereby affirm that I am exempt from the Contractor's License Law for the following reason: (Sec. 7031.5, Business and Professions Code. Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law, Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, or that he is exempt therefrom, and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit, subjects the applicant to a civil penalty of not more than five hundred dollars (\$500).)

I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale. (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon and who does such work himself or through his own employees, provided that such improvement is sold within one year or completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale.)

I, as owner of the property, am exclusively contracting with licensed contractor to construct the project. (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law.)

**GENERAL NOTES**

1. THIS LIGHTING DESIGN IS BASED ON BANK OF AMERICA'S CURRENT POLICY FOR EXTERIOR ATM/AFTER-HOUR DEPOSITORIES/ASSOCIATE ENTRY LIGHTING.
2. WASH LENS, RE-LAMP, AND RE-BALLAST ALL LIGHTING FIXTURES THAT IMPACT THE 60' RADIUS AROUND ALL ATMS AND AFTER-HOUR DEPOSITORIES AS WELL ALL LIGHTING FIXTURES THAT IMPACT THE 10' RADIUS AROUND ALL ASSOCIATE ENTRIES.
3. IF NECESSARY, REPAIR OR REPLACE ANY DAMAGED LIGHT FIXTURES THAT IMPACT THE 60' RADIUS AROUND ALL ATMS AND AFTER-HOUR DEPOSITORIES AS WELL ALL LIGHTING FIXTURES THAT IMPACT THE 10' RADIUS AROUND ALL ASSOCIATE ENTRIES. IF REPLACEMENT IS NECESSARY, REPLACE WITH SAME OR EQUIVALENT TYPE AND WATTAGE.
4. TRIM ALL TREES/LANDSCAPING TO MINIMIZE IMPEDING LIGHT FROM ANY LIGHT FIXTURES THAT IMPACT THE 60' RADIUS AROUND ALL ATMS AND AFTER-HOUR DEPOSITORIES, AS WELL AS ANY LIGHTING FIXTURES THAT IMPACT THE 10' RADIUS AROUND ALL ASSOCIATE ENTRIES. CONSIDERATION MUST BE GIVEN TO TREES/LANDSCAPING IN A STATE OF FULL FOLIAGE/BLOOM AND FUTURE GROWTH. THE PHOTOMETRIC PLAN AS DESIGNED BY GMR IDENTIFIES PREDICTED FOOT-CANDLE MEASUREMENTS ON THE BANK OF AMERICA PREMISE USING BLACK TEXT COLOR. ANY RED-COLORED TEXT NOTED AS "O.O" WITHIN THE 60-FOOT PERIMETER OF AN ATM OR ND IS A DEFAULT TEXT FIELD TO INDICATE THE AREA IS ACTUALLY OFF-PREMISE AND NOT REQUIRED TO BE ILLUMINATED BY BANK OF AMERICA LIGHTING POLICY. THIS PHOTOMETRIC PLAN AS DESIGNED BY GMR DOES NOT PREDICT FOOT-CANDLE MEASUREMENT FOR SUCH OFF-PREMISE AREAS.

**ATM AND ND NOTES**

1. REMOVE AND REPLACE 1 TYPE F-1 WALL PACK. NEW TYPE F WALL PACK TO BE 100w PSMH, FULL CUTOFF WITH TYPE 3 OPTICS.
2. ADD 4 TYPE G-1 WALL PACKS. NEW TYPE G-1 WALL PACKS TO BE 200w PSMH, FULL CUTOFF, WITH TYPE 2 OPTICS.
3. ADD 1 TYPE G-2 WALL PACK. NEW TYPE G-2 WALL PACK TO BE 250w PSMH, FULL CUTOFF, WITH TYPE 4 OPTICS.
4. ALL WALL PACKS TO BE PAINTED TO MATCH BUILDING COLOR.
5. ADD 2 TYPE H POLE LIGHTS. NEW POLE LIGHTS TO BE 400w MH WITH TYPE 5 OPTICS AND TO BE MOUNTED AT 20'. *from finished grade*
6. REMOVE 3 EXISTING TYPE E FLOOD LIGHTS.
7. RE-AIM EXISTING TYPE C FIXTURE AS SHOWN ON THE DRAWING.

**DECLARATIONS**  
To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares: That notice has been given me that this permit may be used only in compliance with the Arcadia Municipal Code, and all other applicable ordinances and laws.  
That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection.  
That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work.  
I agree that the city may enter upon the job premises at any reasonable time to inspect any work installed under this permit, to remove any non-confirming construction at my own expense, and to otherwise act as and when required by the Arcadia Municipal Code.

**LICENSED CONTRACTORS DECLARATION**  
 I hereby affirm under penalty of perjury that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.  
License Class: 12798 License # see front  
Date: \_\_\_\_\_ Contractor: \_\_\_\_\_

**OWNER-BUILDER DECLARATION**  
I hereby affirm under penalty of perjury that I am exempt from the Contractors License Law for the following reason (Sec. 7031.5, Business and Professions Code): Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt therefrom and the basis for the alleged exemption. Any violation of Section 703.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars (\$500).  
 I am owner of the property or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044, Business and Professions Code). The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or herself or through his or her own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvements is sold within one year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale.  
 I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Sec. 7044, Business and Professions Code). The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law.  
 I am exempt under Sec. \_\_\_\_\_ B & PC for this reason: \_\_\_\_\_  
Date: \_\_\_\_\_ Owner: \_\_\_\_\_

**WORKERS COMPENSATION DECLARATION**  
I hereby affirm under penalty of perjury one of the following declarations:  
 I have and will maintain a certificate of consent to self-insure for workers compensation, as provided for by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued.  
 I have and will maintain workers compensation insurance, as required by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued. My workers' compensation insurance carrier and policy number are: \_\_\_\_\_  
Policy Number: \_\_\_\_\_  
(This section need not be completed if the permit is for one hundred dollars (\$100) or less).  
 I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the workers' compensation laws of California, and agree that if I should become subject to the workers' compensation provisions of Section 3700 of the Labor Code, I shall forthwith comply with those provisions.  
Date: \_\_\_\_\_ Applicant: \_\_\_\_\_  
WARNING: FAILURE TO SECURE WORKERS' COMPENSATION COVERAGE IS UNLAWFUL, AND SHALL SUBJECT AN EMPLOYER TO CRIMINAL PENALTIES AND CIVIL FINES UP TO ONE HUNDRED THOUSAND DOLLARS (\$100,000), IN ADDITION TO THE COST OF COMPENSATION, DAMAGES AS PROVIDED FOR IN SECTION 3706 OF THE LABOR CODE, INTEREST AND ATTORNEY'S FEES.

**CONSTRUCTION LENDING AGENCY**  
I hereby affirm under penalty of perjury that there is a construction lending agency for the performance of the work for which this permit is issued (Sec. 3087, Ch. C).  
Lender's Name: \_\_\_\_\_  
Lender's Address: \_\_\_\_\_  
I certify that I have read this application and state that the above information is correct. I agree to comply with all city and county ordinances and state laws relating to building construction, and hereby authorize representatives of this county to enter upon the above-mentioned property for inspection purposes.

**DECLARATIONS**  
 To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares:  
 That notice has been given me that this permit may be used only in compliance with the Arcadia Municipal Code, and all other applicable ordinances and laws.  
 That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection.  
 That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work.  
 I agree that the city may enter upon the job premises at any reasonable time to inspect any work installed under this permit, to remove any non-conforming construction at my own expense, and to otherwise act as and when required by the Arcadia Municipal Code.

**LICENSED CONTRACTORS DECLARATION**  
 I hereby affirm under penalty of perjury that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

**OWNER-BUILDER DECLARATION**  
 I hereby affirm under penalty of perjury that I am exempt from the Contractors License Law for the following reason (Sec. 7031.5, Business and Professions Code): Any city or county which requires a permit to construct, alter, improve, demolish or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars (\$500).  
 I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044, Business and Professions Code). The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law.  
 I am exempt under Sec. \_\_\_\_\_ B & P.C. for this reason: \_\_\_\_\_  
 Date \_\_\_\_\_ Owner \_\_\_\_\_

**WORKERS COMPENSATION DECLARATION**  
 I hereby affirm under penalty of perjury one of the following declarations:  
 I have and will maintain a certificate of consent to self-insure for workers compensation, as provided for by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued.  
 I have and will maintain workers compensation insurance, as required by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued. My workers' compensation insurance carrier and policy number are: \_\_\_\_\_

**DECLARATIONS**

To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares:  
That notice has been given me that this permit may be used only in compliance with the Arcadia Municipal Code, and all other applicable ordinances and laws.  
That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection.  
That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work.  
I agree that the city may enter upon the job premises at any reasonable time to inspect any work installed under this permit, to remove any non-complying construction at my own expense, and to otherwise act as and when required by the Arcadia Municipal Code.

**LICENSED CONTRACTORS DECLARATION**  
I hereby affirm under penalty of perjury that I am licensed under provisions of Chapter 9, commencing with Section 70000 of Division 7 of the Business and Professions Code, and my license is in full force and effect.  
Date: 11-1-98 License # 56549  
Contractor: [Signature]

**OWNER-BUILDER DECLARATION**  
I hereby affirm under penalty of perjury that I am exempt from the Contractors License Law for the following reason (Sec. 7031.5, Business and Professions Code): Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 9 commencing with Section 70000 of Division 7 of the Business and Professions Code) or that he or she is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars (\$500).  
 I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044, Business and Professions Code). The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law.  
 I am exempt under Sec. \_\_\_\_\_ B & P.C. for this reason: \_\_\_\_\_

**WORKERS COMPENSATION DECLARATION**  
I hereby affirm under penalty of perjury one of the following declarations:  
 I have and will maintain a certificate of consent to self-insure for workers compensation, as provided for by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued.  
 I have and will maintain workers compensation insurance, as required by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued. My workers compensation insurance carrier and policy number are: \_\_\_\_\_  
Carrier: \_\_\_\_\_  
Policy Number: \_\_\_\_\_  
(This section need not be completed if the permit is for one hundred dollars (\$100) or less).  
 I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the workers' compensation laws of California, and agree that I should become subject to the workers' compensation provisions of Section 3700 of the Labor Code, if such an employment relationship were to develop.  
Date: 11-3-98 Applicant: [Signature]

**CONSTRUCTION LENDING AGENCY**  
I hereby affirm under penalty of perjury that there is a construction lending agency for the performance of the work for which this permit is issued (Sec. 3097, Civ. C.)  
Lender's Name: \_\_\_\_\_  
Lender's Address: \_\_\_\_\_  
I certify that I have read this application and state that the above information is correct. I agree to comply with all city and county ordinances and state laws relating to building construction, and hereby authorize representatives of this county to enter upon the above-mentioned property for inspection purposes.  
Print Name of Applicant: Hank Marsh

**DECLARATIONS**  
To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares:  
That notice has been given me that this permit may be used only in compliance with the Arcadia Municipal Code, and all other applicable ordinances and laws.  
That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection.  
That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work.  
I agree that the city may enter upon the job premises at any reasonable time to inspect any work installed under this permit, to remove any non-conforming construction at my own expense, and to otherwise act as and when required by the Arcadia Municipal Code.

**LICENSED CONTRACTORS DECLARATION**  
I hereby affirm under penalty of perjury that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.  
License Class \_\_\_\_\_  
Date 10-16 Contractor ERON

**OWNER-BUILDER DECLARATION**  
I hereby affirm under penalty of perjury that I am exempt from the Contractors License Law for the following reason (Sec. 7031.5, Business and Professions Code): Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt therefrom and the basis for the alleged exemption. Any violation of Section 703.3 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars (\$500).  
 I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044, Business and Professions Code). The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or herself or through his or her own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvements is sold within one year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale.  
 I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Sec. 7044, Business and Professions Code). The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law.  
 I am exempt under Sec. \_\_\_\_\_ 8 & PC, for this reason: \_\_\_\_\_  
Date \_\_\_\_\_ Owner \_\_\_\_\_

**WORKERS COMPENSATION DECLARATION**  
I hereby affirm under penalty of perjury one of the following declarations:  
 I have and will maintain a certificate of consent to self-insure for workers compensation, as provided for by Section 3709 of the Labor Code, for the performance of the work for which this permit is issued.  
 I have and will maintain workers compensation insurance, as required by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued. My workers' compensation insurance carrier and policy number are: AN FIVE

(This section need not be completed if the permit is for one hundred dollars (\$100) or less.)  
 I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the workers' compensation laws of California, and agree that if I should become subject to the workers' compensation provisions of Section 3700 of the Labor Code, I shall forthwith comply with those provisions.  
Date \_\_\_\_\_ Applicant \_\_\_\_\_

**CONSTRUCTION LENDING AGENCY**  
I hereby affirm under penalty of perjury that there is a construction lending agency for the performance of the work for which this permit is issued (Sec. 3097, Civ. C.)  
Lender's Name \_\_\_\_\_  
Lender's Address \_\_\_\_\_  
I certify that I have read this application and state that the above information is correct. I agree to comply with all city and county ordinances and state laws relating to building construction, and hereby authorize representatives of this county to enter upon the above-mentioned property for inspection purposes.  
Permit Name of Applicant FLYVA AULEN  
Signature of Applicant or Agent [Signature]  
Date 3-19-98

THE PERMIT SHALL EXPIRE BY LIMITATION AND BECOME NULL AND VOID IF THIS WORK IS NOT COMMENCED WITHIN 180 DAYS. SHOULD ANY WORK, AUTHORIZED BY THIS PERMIT, BE SUSPENDED OR ABANDONED FOR 180 DAYS, THIS PERMIT SHALL BE NULL AND VOID. A NEW PERMIT WILL BE REQUIRED FOR ANY EXPIRED PERMIT.

**DECLARATIONS**  
 To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares:  
 That notice has been given me that this permit may be used only in compliance with the Arcadia Municipal Code, and all other applicable ordinances and laws.  
 That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection.  
 That this permit does not allow, and separate permits are required by, any plumbing, electrical, heating and air conditioning work.  
 I agree that the city may enter upon the job premises at any reasonable time to inspect any work included under this permit, to remove any non-complying construction at my own expense, and to otherwise act as and when required by the Arcadia Municipal Code.

I hereby affirm under penalty of perjury that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

**OWNER-BUILDER DECLARATION**  
 I hereby affirm under penalty of perjury that I am exempt from the Contractor License Law for the following reason (Sec. 7031.5, Business and Professions Code): Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars (\$500):  
 I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044, Business and Professions Code). The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or herself or through his or her own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvements is sold within one year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale.  
 I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Sec. 7044, Business and Professions Code). The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law.  
 I am exempt under Sec. \_\_\_\_\_ B & PC for this reason: \_\_\_\_\_

**WORKERS COMPENSATION DECLARATION**  
 I hereby affirm under penalty of perjury one of the following declarations:  
 I have and will maintain a certificate of consent to self-insure for workers compensation, as provided for by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued.  
 I have and will maintain workers compensation insurance, as required by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued. My workers' compensation insurance carrier and policy number are: \_\_\_\_\_  
 Policy Number: \_\_\_\_\_  
 (This section need not be completed if the permit is for one hundred dollars (\$100) or less.)  
 I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so to become subject to the workers' compensation laws of California, and agree that if I should become subject to the workers' compensation provisions of Section 3700 of the Labor Code, I shall forthwith comply with those provisions.  
 Date: 3-30-99 Applicant: M. Kelly

**WARNING: FAILURE TO SECURE WORKERS' COMPENSATION COVERAGE IS UNLAWFUL AND SHALL SUBJECT AN EMPLOYER TO CRIMINAL PENALTIES AND CIVIL FINES UP TO ONE HUNDRED THOUSAND DOLLARS (\$100,000), IN ADDITION TO THE COST OF COMPENSATION DAMAGES AS PROVIDED FOR IN SECTION 3706 OF THE LABOR CODE, INTEREST AND ATTORNEY'S FEES.**

**CONSTRUCTION LENDING AGENCY**  
 I hereby affirm under penalty of perjury that there is a construction lending agency for the performance of the work for which this permit is issued (Sec. 3097, C.N.C.)  
 Lender's Name: \_\_\_\_\_  
 Lender's Address: \_\_\_\_\_

I certify that I have read this application and state that the above information is correct. I agree to comply with all city and county ordinances and state laws relating to building construction, and hereby authorize representatives of this county to enter upon the above-mentioned property for inspection purposes.

**DECLARATIONS**

To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares:  
 That notice has been given me that this permit may be used only in compliance with the Arcadia Municipal Code, and all other applicable ordinances and laws.  
 That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection.  
 That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work.  
 I agree that the city may enter upon the job premises at any reasonable time to inspect any work installed under this permit, to remove any non-complying construction at my own expense, and to otherwise act as and when required by the Arcadia Municipal Code.

**LICENSED CONTRACTORS DECLARATION**

I hereby affirm under penalty of perjury that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

**OWNER-BUILDER DECLARATION**

I hereby affirm under penalty of perjury that I am exempt from the Contractors License Law for the following reason (Sec. 7031.5, Business and Professions Code): Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 9 commencing with Section 7000) of Division 3 of the Business and Professions Code or that he or she is exempt therefrom and the basis for the alleged exemption. Any violation of Section 703.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars (\$500):  
 I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044, Business and Professions Code). The Contractors License Law does not apply to owner of property who builds or improves thereon, and who does such work himself or herself or through his or her own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvements is sold within one year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale.  
 I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Sec. 7044, Business and Professions Code). The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law.  
 I am exempt under Sec. \_\_\_\_\_ B & P.C. for this reason: \_\_\_\_\_

**DECLARATIONS**

To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares: That notice has been given me that this permit may be used only in compliance with the Arcadia Municipal Code, and all other applicable ordinances and laws. That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection. That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work. I agree that the city may enter upon the job premises at any reasonable time to inspect any work installed under this permit, to remove any non-conforming construction at my own expense, and to otherwise act as and when required by the Arcadia Municipal Code.

**LICENSED CONTRACTORS DECLARATION**

I hereby affirm under penalty of perjury that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect. License Class: C39 License No: 667491 Date: 3-27-96 Contractor: Alon Hartley

**OWNER-BUILDER DECLARATION**

I hereby affirm under penalty of perjury that I am exempt from the Contractors License Law for the following reason (Sec. 7031.5, Business and Professions Code): Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt therefrom and the basis for the alleged exemption. Any violation of Section 703.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars (\$500). I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044, Business and Professions Code). The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who does such work itself or has it done through his or her own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvements is sold within one year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale.

I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Sec. 7044, Business and Professions Code). The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law. I am exempt under Sec. B & P.C. for this reason: Owner Date: 3-27-96

**DECLARATIONS**

To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares:  
 That notice has been given me that this permit may be used only in compliance with the Arcadia Municipal Code, and all other applicable ordinances and laws.  
 That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection.  
 That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work.  
 I agree that the city may enter upon the job premises at any reasonable time to inspect any work installed under this permit, to remove any non-confirming construction at my own expense, and to otherwise act as and when required by the Arcadia Municipal Code.

**LICENSED CONTRACTORS DECLARATION**

I hereby affirm under penalty of perjury that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.  
 License Class: 1198  
 License # 639709  
 Date 11/9/08 Contractor Lacey E. Eick

**OWNER-BUILDER DECLARATION**

I hereby affirm under penalty of perjury that I am exempt from the Contractors License Law for the following reason (Sec. 7031.5, Business and Professions Code): Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars (\$500).  
 I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044, Business and Professions Code). The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or herself or through his or her own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvements is sold within one year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale.  
 I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Sec. 7044, Business and Professions Code). The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law.  
 I am exempt under Sec. \_\_\_\_\_ B & P.C. for this reason: \_\_\_\_\_

**DECLARATIONS**  
To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares:  
That notice has been given me that this permit may be used only in compliance with the Arcadia Municipal Code, and all other applicable ordinances and laws.  
That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection.  
That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work.  
I agree that the city may enter upon the job premises at any reasonable time to inspect any work installed under this permit, to remove any non-complying construction at my own expense, and to otherwise act as and when required by the Arcadia Municipal Code.

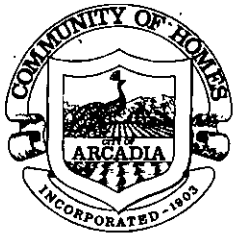

**LICENSED CONTRACTORS DECLARATION**  
I, C.36 A, hereby affirm under penalty of perjury that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.  
License Class Contractor  
Date 3/27/96

**OWNER-BUILDER DECLARATION**  
I hereby affirm under penalty of perjury that I am exempt from the Contractors License Law for the following reason (Sec. 7031.5, Business and Professions Code): Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars (\$500).  
I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044, Business and Professions Code). The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or herself or through his or her own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvements is sold within one year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale.  
I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Sec. 7044, Business and Professions Code). The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law.  
I am exempt under Sec. B & PC for this reason: Owner  
Date 3/27/96

**WORKERS COMPENSATION DECLARATION**  
I hereby affirm under penalty of perjury, one of the following declarations:  
I have and will maintain a certificate of consent to self-insure for workers compensation, as provided for in Section 3700 of the Labor Code, for the performance of the work for which this permit is issued.  
I have and will maintain workers compensation insurance, as required by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued. My workers compensation insurance Code, I shall forthwith comply with those provisions.  
Date 3/27/96 Applicant: [Signature]  
WARNING: FAILURE TO SECURE WORKERS COMPENSATION COVERAGE IS UNLAWFUL, AND SHALL SUBJECT AN EMPLOYER TO CRIMINAL PENALTIES AND CIVIL FINES UP TO ONE HUNDRED THOUSAND DOLLARS (\$100,000), IN ADDITION TO THE COST OF COMPENSATION, DAMAGES AS PROVIDED FOR IN SECTION 3706 OF THE LABOR CODE, INTEREST AND ATTORNEY'S FEES.

**CONSTRUCTION LENDING AGENCY**  
I hereby affirm under penalty of perjury that there is a construction lending agency for the performance of the work for which this permit is issued (Sec. 3097, Civ. C.)  
Lender's Name: \_\_\_\_\_  
Lender's Address: \_\_\_\_\_  
I certify that I have read this application and state that the above information is correct. I agree to comply with all city and county ordinances and state laws relating to building construction, and hereby authorize representatives of this county to rely upon the above-mentioned property for inspection purposes.

**DECLARATIONS**

To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares: That notice has been given me that this permit may be used only in compliance with the Arcadia Municipal Code, and all other applicable ordinances and laws. That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection. That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work. I agree that the city may enter upon the job premises at any reasonable time to inspect any work installed under this permit, to remove any non-conforming construction at my own expense, and to otherwise act as and when required by the Arcadia Municipal Code.

**LICENSED CONTRACTORS DECLARATION**  
 I hereby affirm under penalty of perjury that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code and my license is in full force and effect.  
 License Class: Contractors  
 License Number: 377  
 Date: 3-11-16

**OWNER-BUILDER DECLARATION**  
 I hereby affirm under penalty of perjury that I am exempt from the Contractors License Law for the following reason (Sec. 7031.5, Business and Professions Code): Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt therefrom; and the basis for the alleged exemption. Any violation of Section 703.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars (\$500).  
 I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044, Business and Professions Code). The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or herself or through his or her own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvements is sold within one year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale.  
 I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Sec. 7044, Business and Professions Code). The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law.  
 I am exempt under Sec. \_\_\_\_\_ B & PC. for this reason: \_\_\_\_\_  
 Date: \_\_\_\_\_  
 Owner: \_\_\_\_\_

**WORKERS COMPENSATION DECLARATION**  
 I hereby affirm under penalty of perjury one of the following declarations:  
 I have and will maintain a certificate of consent to self-insure for workers compensation, as provided by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued.  
 I have and will maintain workers compensation insurance, as required by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued. My workers compensation insurance carrier and policy number are: \_\_\_\_\_  
 Policy Number: 377  
 (This section need not be completed if the permit is for one hundred dollars (\$100) or less).  
 I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the workers' compensation laws of California, and agree that if I should become subject to the workers' compensation provisions of Section 3700 of the Labor Code, I shall forthwith comply with those provisions.  
 Date: \_\_\_\_\_  
 Applicant: \_\_\_\_\_

**CONSTRUCTION LENDING AGENCY**  
 I hereby affirm under penalty of perjury that there is a construction lending agency for the performance of the work for which this permit is issued (Sec. 3087, Civ. C.)  
 Lender's Name: \_\_\_\_\_  
 Lender's Address: \_\_\_\_\_  
 I certify that I have read this application and state that the above information is correct. I agree to comply with all city and county ordinances and state laws relating to building construction, and hereby authorize representatives of this county to enter upon the above-mentioned property for inspection purposes.  
 Print Name of Applicant: 3-11-16  
 Signature of Applicant or Agent: \_\_\_\_\_  
 Date: \_\_\_\_\_

THE PERMIT SHALL EXPIRE BY LIMITATION AND BECOME NULL AND VOID IF THIS WORK IS NOT COMMENCED WITHIN 180 DAYS, SHOULD ANY WORK, AUTHORIZED BY THIS PERMIT, BE SUSPENDED OR ABANDONED FOR 180 DAYS. THIS PERMIT SHALL BE NULL AND VOID. A NEW PERMIT WILL BE REQUIRED FOR ANY EXPIRED PERMIT.

**DECLARATIONS**

To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares:  
 That notice has been given me that this permit may be used only in compliance with the Arcadia Municipal Code, and all other applicable ordinances and laws.  
 That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection.  
 That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work.  
 I agree that the city may enter upon the job premises at any reasonable time to inspect any work installed under this permit, to remove any non-conforming construction at my own expense, and to otherwise act as and when required by the Arcadia Municipal Code.

**LICENSED CONTRACTORS DECLARATION**  
 I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.  
 License No: 591167  
 Contractor: PAUL'S PUMPS

**OWNER-BUILDER DECLARATION**  
 I hereby affirm that I am exempt from the Contractor's License Law for the following reason (Sec. 7031.5 Business and Professions Code): Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law, Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, or that he is exempt therefrom, and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit, subjects the applicant to a civil penalty of not more than five hundred dollars (\$500).  
 I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044, Business and Professions Code). The Contractor's License Law does not apply to an owner of property who builds or improves thereon and who does such work himself or through his own employees, provided that such improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale.  
 I, as owner of the property, am exclusively contracting with licensed contractor to construct the project (Sec. 7044, Business and Professions Code). The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law.  
 I am exempt under Sec. \_\_\_\_\_ B. & P.C. for the reason \_\_\_\_\_

Dear Roy/CINDY,

I'M RETURNING THIS PROJECT SINCE WE DON'T REALLY HAVE ANYTHING TO CHECK. PLANS ARE INCOMPLETE & DON'T REALLY KNOW THE SCOPE OF WORK.

THEY NEED TO SUBMIT THE FOLLOWING FOR PLAN CHECK.

1. STRUCTURAL PLANS AND DETAILS (FRAMING, FOUNDATION, ETC.)
2. NEED CROSS-SECTIONS WITH DIMENSIONS & LABELLING OF PARTS.
3. T-24 (ENERGY CONSUM.) FOR NEW ADDITION WHICH WILL ALSO AFFECT EXISTING DUE TO EXCESSIVE GLAZINGS.
4. ARCHITECTURAL PLANS (E.S., GLASS DESIGN per CHAP. 24, USE, FINISHES, EATS, HANDICAPPED REQUIREMENTS, ETC.)

**DECLARATIONS**  
 To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares:  
 That notice has been given me that this permit may be used only in compliance with the Arcadia Municipal Code, and all other applicable ordinances and laws.  
 That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection.  
 That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and/or conditioning work.  
 I agree that the city may enter upon the job premises at any reasonable time to inspect any work installed under this permit, to remove any non-complying construction at my own expense, and to otherwise act as and when required by the Arcadia Municipal Code.

**LICENSED CONTRACTORS DECLARATION**

**OWNER-BUILDER DECLARATION**  
 I hereby affirm under penalty of perjury that I am exempt from the Contractors License Law for the following reason (Sec. 7031.5, Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars (\$500).  
 I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or herself or through his or her own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvements is sold within one year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale).  
 I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Sec. 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law).

**DECLARATIONS**

To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares:

That notice has been given me that this permit may be used only in compliance with the Arcadia Municipal Code, and all other applicable ordinances and laws.  
That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection.  
That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work.

I agree that the city may enter upon the job premises at any reasonable time to inspect any work installed under this permit, to remove any non-conforming construction at my own expense, and to otherwise act as and when required by the Arcadia Municipal Code.

**LICENSED CONTRACTORS DECLARATION**

I hereby affirm that I am licensed under provisions of Chapter 9 commencing with Section 70001 of Division 3 of the Business and Professions Code, and my license is in full force and effect.

# DECLARATIONS

To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares:

That notice has been given me that this permit may be used only in compliance with the Arcadia Municipal Code, and all other applicable ordinances and laws.

That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection.

That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work.

I agree that the city may enter upon the job premises at any reasonable time to inspect any work installed under this permit, to remove any non-conforming construction at my own expense, and to otherwise act as and when required by the Arcadia Municipal Code.

### DECLARATIONS

To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares:

That notice has been given me that this permit may be used only in compliance with the Arcadia Municipal Code, and all other applicable ordinances and laws.

That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection.

That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work.

I agree that the city may enter upon the job premises at any reasonable time to inspect any work installed under this permit, to remove any non-complying construction at my own expense, and to otherwise act as and when required by the Arcadia Municipal Code.

 That notice has been given me that this permit may be used only in compliance with the Arcadia Municipal Code, and all other applicable ordinances and laws.  
 That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection.  
 That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work.  
 I agree that the city may enter upon the job premises at any reasonable time to inspect any work installed under this permit, to remove any non-conforming construction at my own expense, and to otherwise act as and when required by the Arcadia Municipal Code.

**LICENSED CONTRACTORS DECLARATION**  
 I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

**OWNER-BUILDER DECLARATION**  
 I hereby affirm that I am exempt from the Contractor's License Law for the following reason (Sec. 7031.5 Business and Professions Code): Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law, Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, or that he is exempt therefrom, and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit, subjects the applicant to a civil penalty of not more than five hundred dollars (\$500).  
 I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale. (Sec. 7044, Business and Professions Code). The Contractor's License Law does not apply to an owner of property who builds or improves thereon and who does such work himself or through his own employees, provided that such improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale.)  
 I, as owner of the property, am exclusively contracting with licensed contractor to construct the project (Sec. 7044, Business and Professions Code). The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law.  
 I am exempt under Sec. \_\_\_\_\_ B. & P.C. for the reason \_\_\_\_\_

**WORKERS' COMPENSATION DECLARATION**

CITY OF ARCADIA  
PLANNING DEPT.

Date: August 26, 1993

TO: Pete Kinnahan, Assistant City Manager/Economic  
Development

FROM: Joseph R. Lopez, Director of Public Works 

SUBJECT: 180 N. Santa Anita Avenue - Plan Check Number 93-282  
Bank of America ATM Expansion

Pursuant to your request, attached is the Public Works Conditions of Approval dated June 14, 1993.

Additionally, due to existing sight restrictions, this department recommends that:

1. Owner shall restrict the access driveway on Santa Clara Street to ingress only by installing "tiger teeth", signs, and pavement markings as necessary to prevent egress.
2. Owner shall lower and maintain the height of the existing landscaping to less than three (3) feet.

As always, please contact me if you have any questions.

**TO:** PLANNING DEPARTMENT      **FROM:** PUBLIC WORKS DEPARTMENT  
**SUBJECT:** PC 93-282, 180 N. Santa Anita Ave. - ATM Expansion at Lot  
Across the Street

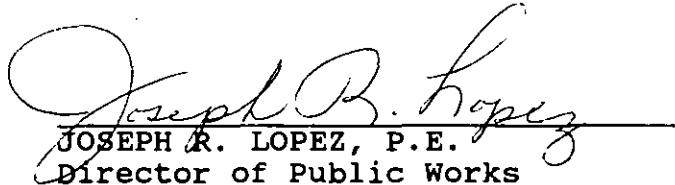

In response to your memorandum, the items which this department has concern or special knowledge of are listed below:

1. The existing parkway widths are five (5') feet on Santa Anita Avenue and eight (8') feet on Santa Clara Street.

The following conditions of approval are recommended:

1. No portion of the proposed expansion shall be constructed in the public right-of-way.
2. Existing deficient gravity drainage and the driveway on Santa Clara Street shall be removed and reconstructed to City Engineer's satisfaction.
3. Any change in the existing landscaping area shall be designed to prevent site restrictions and shall be approved by the City Engineer.
4. Any change in existing ramps for the handicap shall meet state standard and shall be approved by the City Engineer.
5. Obtain permit for all work performed in the public right-of-way.
6. Public Works Inspector shall be contacted at (818) 574-5400, extension 289, at least 24 hours prior to construction of off-site improvements.

The above item is to be complied with to the satisfaction of the Director of Public Works in accordance with the applicable provisions of the Arcadia Municipal Code.

# DECLARATIONS

To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares:

That notice has been given me that this permit may be used only in compliance with the Arcadia Municipal Code, and all other applicable ordinances and laws.

That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection.

\*That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work.

I agree that the city may enter upon the job premises at any reasonable time to inspect any work installed under this permit, to remove any non-conforming construction at my own expense, and to otherwise act as and when required by the Arcadia Municipal Code.

RE: 150 N. Santa Anita Ave - 3rd floor corridor

Dear Bill;

This is in regards to the corridor walls or rather the lack thereof on the third floor. I am enclosing a photocopy of the wall configuration as approved in the original building plans. Over the years some variations in the basic layout have been approved on some floors, but the 1-hour fire resistive envelope always remained in tact.

I have reviewed the job files back to 1980 and could not find any evidence of plan submittal for any tenant improvements on the third floor. As a result, I have to suspect the work was done without benefit of a building permit and that no inspections were made.

Therefore, as Building Manager, you are hereby requested to provide a complete fully dimensioned as-built drawing of the third floor for review by the Building and Fire Departments, so that the necessary corrections to fire walls can be made by May 6, 1991. These are non-bearing partitions so it would not be a major construction project.

I would like to thank you in advance for your cooperation and expeditious handling of the matter, so that it does not become necessary to vacate the area.

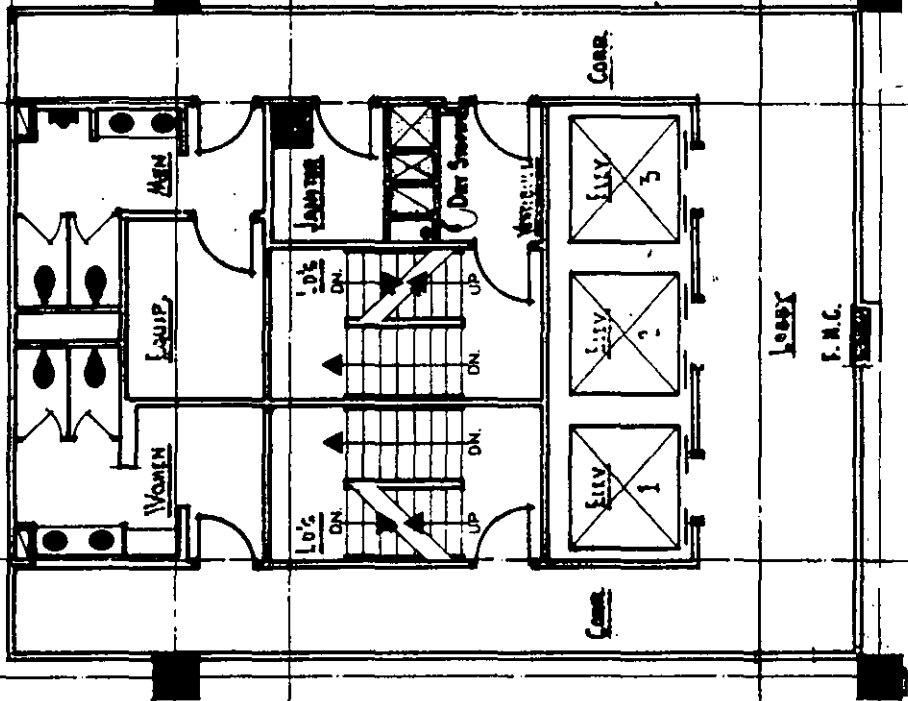

Yours truly,

RE: 150 North Santa Anita, Arcadia

Dear Mr. Sharim,

The last inspection made by this department was on January 30, 1992. Since that date no visible progress has taken place.

Due to the compromising of our exit corridors and the lack of this system being complete, I need a schedule of progress for this job by 1:00 p.m. on April 6, 1992.

I have contacted the Building Department and Mr. Franta indicated to me that they are not holding any plans or holding you up in any way.

If we do not receive in writing a schedule of progress or a reason why this job is not progressing we will be forced to go to our City Attorney for legal action.

Sincerely,

Wayne A. Crabb

# BIO THERM™ FIRESTOP SEALANTS

## 1. Description

Biotherm is an asbestos free single component silicone through-penetration firestop sealant.

Biotherm 100 is gun grade Biotherm 200 is self-leveling.

Biotherm is pressure-tested, flexible and waterproof. It bonds to concrete, steel and most common through-penetration materials. Biotherm is UL classified for both Flame (F) and Temperature (T) ratings under ASTM E 814-83. Classification includes having been tested under positive pressure. UL classified per UL System Nos. 78, 243, 247, 248, and 251.

## 2. Uses

Biotherm is used in retrofit and new construction for firestopping through-penetrations or voids in fire resistive walls and floor assemblies. The flexibility of Biotherm compensates for mechanical movement of pipes, conduits, electrical cables, expansion joints and wall/floor junctions.

## 3. Physical Data

Property	Test Method	Value	
		Biotherm 100	Biotherm 200
Hardness	ASTM D 2240	32 (Shore A)	9 (Shore A)

18 pails/pallet

## 5. Yield

**Tube:** 18.3 cubic inches/tube

**Case:** 274 cubic inches/case

**Pail:** 1220 cubic inches/5.28 gallon pail  
462 cubic inches/2.00 gallon pail

## 6. Installation

Bio Fireshield recommends Biotherm be installed by Approved Bio Fireshield Firestop Contractors.

Detailed installation instructions for specific construction configurations are available from Bio Fireshield or your Bio Fireshield Distributor.

### **Installation Procedures (Summary):**

Biotherm shall be applied with manual or powered caulking guns, brushes or putty tools. It requires no mixing.

Optimum temperature for installing Biotherm is 14°F to 120°F. Once fully cured, the maximum continuous use operating temperature of Biotherm is -58°F to 302°F.

The surface of Biotherm 100 (gun grade) can be tooled using clean soapy water. Biotherm 200 (self-leveling) is recommended for floors. Self-leveling reduces labor cost.

If a surface is painted or coated, it is recommended to prime the contact area with Bio Fireshield SC-22 Primer or approved equal.

Biotherm shall be installed prior to the expiration of its shelf life.

### **Repenetration/Repairs:**

Repair cuts, tears, or separation in surface of Biotherm with a new application of Biotherm.

## **7. Cleaning**

Clean Biotherm within ten (10) minutes using a rag dampened with either soapy water or xylol.

## **8. Storage and Shelf Life**

Biotherm shall be stored off the ground in a dry area maintained between 40°F and 90°F. Biotherm 100 (gun grade) has a shelf life of one (1) year from date of manufacture. Biotherm 200 (self-leveling) has a shelf life of six (6) months from date of manufacture.

## **9. Safety**

Uncured Biotherm may irritate skin and eyes. Avoid contact with eyes and prolonged contact with skin. Install in well-ventilated area.

## **10. Warranty and Limitation of Seller's Liability**

**DECLARATIONS**

To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares:  
 That notice has been given me that this permit may be used only in compliance with the Arcadia Municipal Code, and all other applicable ordinances and laws.  
 That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection.  
 That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work.  
 I agree that the city may enter upon the job premises at any reasonable time to inspect any work installed under this permit, to remove any non-conforming construction at my own expense, and to otherwise act as and when required by the Arcadia Municipal Code.

**DECLARATIONS**

To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares:

That notice has been given me that this permit may be used only in compliance with the Arcadia Municipal Code, and all other applicable ordinances and laws.  
 That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection.  
 That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work.  
 I agree that the city may enter upon the job premises at any reasonable time to inspect any work installed under this permit, to remove any non-conforming construction at my own expense, and to otherwise act as and when required by the Arcadia Municipal Code.

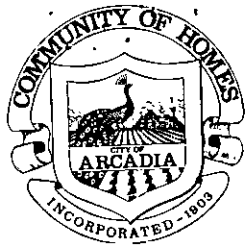

**LICENSED CONTRACTORS DECLARATION**

**DECLARATIONS**

To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares:

That notice has been given me that this permit may be used only in compliance with the Arcadia Municipal Code, and all other applicable ordinances and laws.

That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection.

That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work.

I agree that the city may enter upon the job premises at any reasonable time to inspect any work installed under this permit, to remove any non-conforming construction at my own expense, and to otherwise act as and when required by the Arcadia Municipal Code.

**LICENSED CONTRACTORS DECLARATION**

FINDINGS  
ARCADIA CITY MODIFICATION COMMITTEE  
8:15 a.m., Tuesday, June 23, 1992  
CONFERENCE ROOM

PUBLIC HEARING MC 92-039

Address: 150 N. Santa Anita Ave.

Applicant: Financing Unlimited, Inc.

Requests: A parking modification, increasing the amount of required on-site parking by two (2) for the proposed conversion of a 343 square foot office building (Sec. 9269.5).

RECEIVED  
JUN 25 1992  
CITY OF ARCADIA  
BUILDING DEPT.

FINDINGS

The applicant representative for the proposed Modification, Bob Plansick, was in attendance to answer questions at the Public Hearing.

The Parking Requirements section of the City of Arcadia Municipal Code requires an office use to provide 4 parking spaces per 1,000 square feet of gross floor area. The applicant currently has 191 parking spaces. The Arcadia Town Center site was originally approved (MC 88-50) with 187 spaces in lieu of 304 needed, resulting in a parking deficiency of 107 spaces.

The proposed enclosure of the outdoor patio to office space would result in a required parking increase of 2 spaces. The total spaces needed would then be 306 for the entire site.

The applicant stated that the business financing company in operation has no walk in trade and there is never a significant demand for parking spaces. The applicant also stated that he would be able to provide a total of 197 spaces for the site, six more than currently exist.

The Committee feels that since the parking needs of the business are minimal, no significant negative impact should result in the proposed 343 square foot patio enclosure.

The Modification Committee feels this request would secure an appropriate improvement.

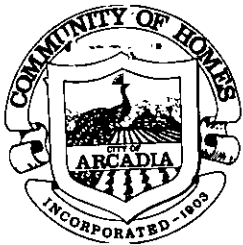

ACTION

Approved.

There is a five (5) working day appeal period for this application, building permits cannot be obtained until Tuesday, June 30, 1992. You will be notified if an appeal is filed. Please contact the Building Department at 574-5416 to determine the number of building plans required for plan check and proper permits to be obtained before beginning construction.

Any modification granted by this application must be used within 12 months (June 23, 1993) or this application shall become null and void. Plans shall substantially comply with those approved by the Modification Committee. Any alteration made to said plans shall be subject to the review and approval of the Planning Department.

**DECLARATIONS**

To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares:

That notice has been given me that this permit may be used only in compliance with the Arcadia Municipal Code, and all other applicable ordinances and laws.  
 That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection.

That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work.

I agree that the city may enter upon the job premises at any reasonable time to inspect any work installed under this permit, to remove any non-conforming construction at my own expense, and to otherwise act as and when required by the Arcadia Municipal Code.

**LICENSED CONTRACTORS DECLARATION**

I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

**OWNER-BUILDER DECLARATION**

I hereby affirm that I am exempt from the Contractor's License Law for the following reason: (Sec. 7031.5, Business and Professions Codes. Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law, Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, or that he is exempt therefrom, and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit, subjects the applicant to a civil penalty of not more than five hundred dollars (\$500).)

I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale. (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon and who does such work himself or through his own employees, provided that such improvement is sold within one year or completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale.)

I, as owner of the property, am exclusively contracting with licensed contractor to construct the project. (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law.)

**DECLARATIONS**

To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares:

That notice has been given me that this permit may be used only in compliance with the Arcadia Municipal Code, and all other applicable ordinances and laws.

That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection.

That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work.

I agree that the city may enter upon the job premises at any reasonable time to inspect any work installed under this permit, to remove any non-conforming construction at my own expense, and to otherwise act as and when required by the Arcadia Municipal Code.

**LICENSED CONTRACTORS DECLARATION**

I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

**OWNER-BUILDER DECLARATION**

I hereby affirm that I am exempt from the Contractor's License Law for the following reason: (Sec. 7031.5, Business and Professions Codes. Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law, Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, or that he is exempt therefrom, and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit, subjects the applicant to a civil penalty of not more than five hundred dollars (\$500).)

I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale. (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon and who does such work himself or through his own employees, provided that such improvement is sold within one year or completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale.)

I, as owner of the property, am exclusively contracting with licensed contractor to construct the project. (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law.)

**DECLARATIONS**

To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares:

This notice has been given me that this permit may be used only in compliance with the Arcadia Municipal Code, and all other applicable ordinances and laws.

That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection.

That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work.

I agree that the city may enter upon the job premises at any reasonable time to inspect any work installed under this permit, to remove any non-conforming construction at my own expense, and to otherwise act as and when required by the Arcadia Municipal Code.

**LICENSED CONTRACTORS DECLARATION**

I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

**OWNER-BUILDER DECLARATION**

I hereby affirm that I am exempt from the Contractor's License Law for the following reason: (Sec. 7031.5, Business and Professions Codes. Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law, Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, or that he is exempt therefrom, and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit, subjects the applicant to a civil penalty of not more than five hundred dollars (\$500).)

I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale. (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon and who does such work himself or through his own employees, provided that such improvement is sold within one year or completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale.)

I, as owner of the property, am exclusively contracting with licensed contractor to construct the project. (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law.)

I hereby affirm that I am exempt from the Contractor's License Law for the following reason: (Sec. 7031.5, Business and Professions Codes. Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law, Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, or that he is exempt therefrom, and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit, subjects the applicant to a civil penalty of not more than five hundred dollars (\$500).)

I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale. (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon and who does such work himself or through his own employees, provided that such improvement is sold within one year or completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale.)

I, as owner of the property, am exclusively contracting with licensed contractor to construct the project. (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law.)

I am exempt under Sec. \_\_\_\_\_ B. & P.C. for the reason \_\_\_\_\_

Copy is filed with the City.  Certified copy is hereby furnished.

#### CERTIFICATE OF EXEMPTION FROM WORKERS' COMPENSATION INSURANCE

(This section need not be completed if the permit is for one hundred dollars (\$100) or less.)  
 I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the Workers' Compensation Law of California.

NOTICE TO APPLICANT: If, after making this Certificate of Exemption you should become subject to the Workers' Compensation provisions of the Labor Code, you must forthwith comply with each provision of this permit shall be deemed revoked.

#### CONSTRUCTION LENDING AGENCY

I hereby affirm that there is a construction lending agency for the performance of the work for which this permit is issued. (Sec. 3097, Civil Code.)

Lender's Name \_\_\_\_\_

Lender's Address \_\_\_\_\_

I certify that I have read this application and state that the above information is correct. I agree to comply with all city and county ordinances and state laws relating to building construction, and hereby authorize representatives of this city to enter the above-mentioned property for inspection purposes.

THE PERMIT SHALL EXPIRE BY LIMITATION AND BECOME NULL AND VOID IF THIS WORK IS NOT COMMENCED WITHIN 180 DAYS. SHOULD ANY WORK, AUTHORIZED BY THIS PERMIT, BE SUSPENDED OR ABANDONED FOR 180 DAYS, THIS PERMIT SHALL BE NULL AND VOID. A NEW PERMIT WILL BE REQUIRED FOR ANY EXPIRED PERMIT.

**DECLARATIONS**

To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares:

That notice has been given me that this permit may be used only in compliance with the Arcadia Municipal Code, and all other applicable ordinances and laws.

That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection.

That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work.

I agree that the city may enter upon the job premises at any reasonable time to inspect any work installed under this permit, to remove any non-conforming construction at my own expense, and to otherwise act as and when required by the Arcadia Municipal Code.

**LICENSED CONTRACTORS DECLARATION**

I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

### DECLARATIONS

To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares:

That notice has been given me that this permit may be used only in compliance with the Arcadia Municipal Code, and all other applicable ordinances and laws.

That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection.

That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work.

I agree that the city may enter upon the job premises at any reasonable time to inspect any work installed under this permit, to remove any non-conforming construction at my own expense, and to otherwise act as and when required by the Arcadia Municipal Code.

#### LICENSED CONTRACTORS DECLARATION

I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

#### OWNER-BUILDER DECLARATION

I hereby affirm that I am exempt from the Contractor's License Law for the following reason: (Sec. 7031.5, Business and Professions Code. Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law, Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, or that he is exempt therefrom, and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit, subjects the applicant to a civil penalty of not more than five hundred dollars (\$500).)

I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale. (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon and who does such work himself or through his own employees, provided that such improvement is sold within one year or completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale.)

I, as owner of the property, am exclusively contracting with licensed contractor to construct the project. (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law.)

#### CERTIFICATE OF EXEMPTION FROM WORKERS' COMPENSATION INSURANCE

(This section need not be completed if the permit is for one hundred dollars (\$100) or less.)

I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the Workers' Compensation Law of California.

NOTICE TO APPLICANT: If, after making this Certificate of Exemption you should become subject to the Workers' Compensation provisions of the Labor Code, you must forthwith comply with each provision of this permit shall be deemed revoked.

#### CONSTRUCTION LENDING AGENCY

I hereby affirm that there is a construction lending agency for the performance of the work for which this permit is issued. (Sec. 3097, Civil Code.)

Lender's Name \_\_\_\_\_

Lender's Address \_\_\_\_\_

I certify that I have read this application and state that the above information is correct. I agree to comply with all city and county ordinances and state laws relating to building construction, and hereby authorize representatives of this city to enter the above-mentioned property for inspection purposes.

THE PERMIT SHALL EXPIRE BY LIMITATION AND BECOME NULL AND VOID IF THIS WORK IS NOT COMMENCED WITHIN 180 DAYS. SHOULD ANY WORK AUTHORIZED BY THIS PERMIT, BE SUSPENDED OR ABANDONED FOR 180 DAYS, THIS PERMIT SHALL BE NULL AND VOID. A NEW PERMIT WILL BE REQUIRED FOR ANY EXPIRED PERMIT.

## DECLARATIONS

To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares:

That notice has been given me that this permit may be used only in compliance with the Arcadia Municipal Code, and all other applicable ordinances and laws.

That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection.

That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work.

I agree that the city may enter upon the job premises at any reasonable time to inspect any work installed under this permit, to remove any non-conforming construction at my own expense, and to otherwise act as and when required by the Arcadia Municipal Code.

LICENSED CONTRACTOR'S DECLARATION

I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

OWNER-BUILDER DECLARATION

I hereby affirm that I am exempt from the Contractor's License Law for the following reason: "Sec. 7031.5, Business and Professions Codes. Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law, Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, or that he is exempt therefrom, and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit, subjects the applicant to a civil penalty of not more than five hundred dollars (\$500)."

I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale. "Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon and who does such work himself or through his own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale."

I, as owner of the property, am exclusively contracting with licensed contractor to construct the project. "Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law."

Date April 22, 1988

**TO:** R.H. Franta  
**FROM:** Earl Curtis *Earl*  
**SUBJECT:** 150 N. Santa Anita

Today I conducted another inspection on the tenant improvement at 150 N. Santa Anita, Re Max Realtors. I noted that the exit corridor and exit door deficiency has not been corrected. To my knowledge this unit has not received a C. of O.

Please have the builder contacted to correct the exit corridor termination.

Re: Tenant Improvement at 150 N. Santa Anita, Suite #100

Dear Mr. Wheeler,

It is noted that Suite #100 at the above address is now occupied and the tenant improvement work has not yet been finalized.

As you are aware, a building violation exists regarding the 1-hr. exit corridor which has not been installed and maintained per the approved construction drawings. To be specific, a dead end corridor not meeting the exit requirements of UBC Sec. 3305(e) has been created.

Please be advised that action must be taken to immediately clear the above violation upon receipt of this letter. Failure to do so will result with this office notifying the City Attorney to proceed with legal notices to have the tenant vacate the suite.

If you have any questions please contact the undersigned.

Sincerely yours,

Roy Streeter

LICENSED CONTRACTOR'S DECLARATION

I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

OWNER-BUILDER DECLARATION

I hereby affirm that I am exempt from the Contractor's License Law for the following reason: "Sec. 7031.5, Business and Professions Codes. Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law, Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, or that he is exempt therefrom, and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit, subjects the applicant to a civil penalty of not more than five hundred dollars (\$500)."

I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale. "Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon and who does such work himself or through his own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale."

I, as owner of the property, am exclusively contracting with licensed contractor to construct the project. "Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law."

I am exempt under Sec. \_\_\_\_\_, B. & P. C. for the reason \_\_\_\_\_

CERTIFICATE OF EXEMPTION FROM WORKERS' COMPENSATION INSURANCE

(This section need not be completed if the permit is for one hundred dollars (\$100) or less.)

I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the Workers' Compensation Law of California.

NOTICE TO APPLICANT: If, after making this Certificate of Exemption you should become subject to the Workers' Compensation provisions of the Labor Code, you must forthwith comply with each provision or this permit shall be deemed revoked.

I certify that I have read this application and state that the above information is correct. I agree to comply with all city and county ordinances and state laws relating to building construction, and hereby authorize representatives of this city to enter the above-mentioned property for inspection purposes.

## DECLARATIONS

To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares:

That notice has been given me that this permit may be used only in compliance with the Arcadia Municipal Code, and all other applicable ordinances and laws.

That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection.

That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work.

I agree that the city may enter upon the job premises at any reasonable time to inspect any work installed under this permit, to remove any non-conforming construction at my own expense, and to otherwise act as and when required by the Arcadia Municipal Code.

FINDINGS  
ARCADIA CITY MODIFICATION COMMITTEE  
8:15 a.m., Tuesday, June 14, 1988  
CONFERENCE ROOM

PUBLIC HEARING MC 88-050

Address: 150 North Santa Anita Avenue  
Applicant: Tim Schwan of Associated Signs  
Request: Modifications for a freestanding sign:  
A) 2 freestanding signs in lieu of 1 on contiguous lots sharing a  
common parking area (9262.4.6.C)  
B) 165' between freestanding signs in lieu of 200' (9262.4.6.C.1)

FINDINGS

The Town Center Building and the restaurant at the northeast corner of North Santa Anita and Wheeler Avenues are under one ownership and share a common parking area. Therefore, the properties are allowed only one freestanding sign. Also, the proposed sign would not be 200' away from the restaurant's existing freestanding sign.

The Committee felt that the additional freestanding sign, as proposed, would not detract from the streetscape. Also, the design of the Town Center Building does not lend itself to wall signs. The Committee determined that approval of MC 88-050 would secure an appropriate improvement.

ACTION

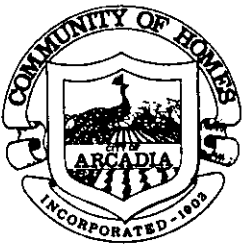

Approved, provided that the 8' height indicated on the plans is measured from the surface of the sidewalk adjacent to the proposed sign's location.

There is a five working day appeal period for this application, building permits cannot be obtained until June 22, 1988. Please contact the Building Department at 574-5416 to determine the number of building plans required for plan check and proper permits to be obtained before construction.

Any modification granted by this application must be used within twelve months (June 14, 1989) or this application shall become null and void. Plans shall be in substantial compliance with the plans approved by the Modification Committee. Any minor alteration made to said plans shall be subject to the review and approval of the Planning Department.

Re: Tenant Improvement at 150 N. Santa Anita, Suite #100

Dear Mr. Wheeler,

It is noted that Suite #100 at the above address is now occupied and the tenant improvement work has not yet been finished.

As you are aware, a building violation exists regarding the 1-hr. exit corridor which has not been installed and maintained per the approved construction drawings. To be specific, a dead end corridor not meeting the exit requirements of UBC Sec. 3305(e) has been created.

Please be advised that action must be taken to immediately clear the above violation upon receipt of this letter. Failure to do so will result with this office notifying the City Attorney to proceed with legal notices to have the tenant vacate the suite.

If you have any questions please contact the undersigned.

Sincerely yours,

*Roy Streeter*

**LICENSED CONTRACTOR'S DECLARATION**

I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

Bud W. Wheeler

**OWNER-BUILDER DECLARATION**

I hereby affirm that I am exempt from the Contractor's License Law for the following reason: "Sec. 7031.5, Business and Professions Codes. Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law, Chapter 9 (commencing with Section 7000), of Division 3 of the Business and Professions Code, or that he is exempt therefrom, and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit, subjects the applicant to a civil penalty of not more than five hundred dollars (\$500)."

I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale. "Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon and who does such work himself or through his own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale."

I, as owner of the property, am exclusively contracting with licensed contractor to construct the project. "Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law."

I am exempt under Sec. \_\_\_\_\_, B. & P. C. for the reason \_\_\_\_\_

## OWNER-BUILDER DECLARATION

I hereby affirm that I am exempt from the Contractor's License Law for the following reason: "Sec. 7031.5, Business and Professions Codes. Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law, Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, or that he is exempt therefrom, and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit, subjects the applicant to a civil penalty of not more than five hundred dollars (\$500)."

I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale. "Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon and who does such work himself or through his own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale."

I, as owner of the property, am exclusively contracting with licensed contractor to construct the project. "Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law."

Re: 150 North Santa Anita Avenue - Power Outage

Dear Mr. Barrett:

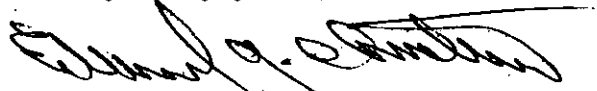

Thank you for your letter of October 21 regarding the power outage in the subject building.

In answer to your question regarding emergency lighting requirements, none were required by the 1967 Uniform Building Code under which this building was constructed.

Standby power is required today by all modern codes, and the City is asking for standby power and other items in an attempt to bring the building partially up to today's code. In our meeting with the owner's representatives, they agreed to engage tradespeople to review and propose solutions to existing problems.

You will be advised of these solutions as soon as they are finalized.

Very truly yours,

Dear Mr. Graff:

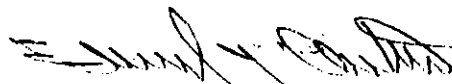

Thank you for your letter of October 27 regarding the power outage in the subject building.

The Building and Fire Departments are greatly concerned and have made a study of the building and its exiting facilities with the owners, who have engaged tradespeople to review and propose solutions to the problems. It is hoped that a mutual agreement between the owners and the City will be reached on these solutions.

You may rest assured that the City will obtain safer exiting for further outages if any occur.

You will be advised of details as soon as definite plans are finalized.

RE: Plan check, 100 North Santa Anita Avenue, Arcadia

Gentlemen:

Plan check number 2464 issued May 22, 1968 under miscellaneous receipt number 27857 is about to expire.

Unless some action is taken on the corrections of these drawings, a new plan check fee of \$887.75 will be required.

The City wishes to offer all the assistance possible to obtain construction of a fine eight story development, such as yours, in the town center of Arcadia.

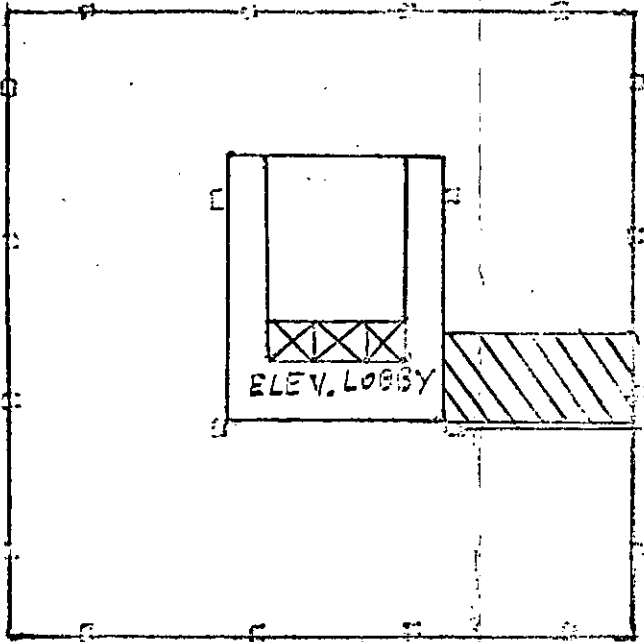

Please return the drawings if you wish us to continue plan check number 2464.

Very truly yours,

  
Edward G. Chastain

## NOTICE OF COMPLIANCE

MAY 5, 1994

**FROM:** Donna L. Butler, Assistant Community Development Director/ Planning Division  
Prepared by: Corkran W. Nicholson, Senior Planner/ Planning Division

**TO:** Property owners who maintain existing backflow devices that are not in compliance with the current screening requirements.

### ACTION

This "Notice of Compliance" has been placed in the permit file to request that landscaping be used to screen the existing backflow device upon the expansion of any building on the subject property.

### SUMMARY

The City Council, at a study session on June 8, 1993, approved a policy to screen backflow prevention devices for all new multiple-family, commercial and industrial projects. Specifically, on backflow devices with piping sizes of 3 inches or larger, screening is required by either a masonry wall or planter box. Devices with piping sizes of 2 1/2 inches and smaller must be screened by either planting or a masonry wall (see the attached illustrations). It was the consensus of the Council that such a policy was necessary because the unscreened devices are not aesthetically pleasing and detract from the City's overall appearance.

In addition the Council directed staff to initiate a text amendment (T.A. 93-005) for the consideration of incorporating the screening policy into an ordinance with enforceable provisions for making the required screening retroactive.

Staff conducted a survey to determine the number of existing backflow devices that are not in compliance with the new screening policy. The survey disclosed that at the present time 79 developments ( i.e., 46 multiple-family, 16 commercial and 17 industrial projects) have backflow devices that are not screened.

The City Council on January 4, 1994, approved the text amendment without its provisions for making the required screening retroactive. It was the consensus of the Council that making the text amendment retroactive could create an unreasonable hardship on the property owners at this time. However, the Council requested staff to contact the owners of properties with existing backflow devices that are not screened and request their cooperation in screening such devices.

A mailing list of the 79 properties was compiled by staff; and notices were sent to each property owner on March 4, 1994, to request their cooperation in screening the backflow devices.

Each notice requested a response from the property owner by April 8, 1994. A total of 17 responses were received, and all agreed to use landscaping as a means to screen the existing backflow device.

On May 5, 1994, the Acting City Manager was advised by the Planning Division that a "Notice of Compliance" will be placed in the permit file for each of the 79 properties to request that landscaping be used to screen the existing backflow device upon the expansion of any building on the subject property. It was determined that this action provides for a reasonable way of securing compliance with the new screening requirements, rather than pursuing enforceable provisions for making the required screening retroactive.

Re.: The Towne Centre, Arcadia.

Dear Bill.

This is to confirm our conversation regarding the subject project.

At the time of the design and construction there was no code requirement for a separate emergency power source ( generator and/or batteries ) to operate various fire protection equipment and exit lighting.

Nevertheless the design incorporated certain safety features, that, in compliance with the Code at the time in effect, will reduce the hazard of power outages and/or malfunctions of vital equipment to some degree. These features are as follows:

1. The smoke tower exhaust fans and related equipment are fed from a so-called " class C emergency service ", which is connected ahead of the building main. In other words, if the entire building is disconnected ( excluding Bank of America, having a separate service ) by using the main disconnect switch, these equipment will still receive power, independently from the rest of the building.
2. Some corridor lights assigned as night lights, all the stairway lights and all exit signs are energized for 24 hours per day. The circuits supplying these lights can be switched on or off by their breakers only in panels. The breakers have handle locking device to prevent unauthorized switching.
3. All exit signs have two lamps, one of them will be still operational, when the other one is burned out. One of the lamps in each exit sign is connected to the same circuit, which energizes the corridor night lights; the other lamp is connected to a separate circuit, which is connected to other exit signs only. This arrangement provides an additional safety margin in case of failure of either of the circuits.

I hope this is satisfactory. Please feel free to call me, if any additional information is needed.

Very truly yours,

Anthony L. Linhardt

Subject: Electrical System, Towne Centre, Arcadia.

Gentlemen,

The Towne Centre electrical system, as engineered by Mr. Tony Linhardt, and installed by Hansen Electric, had passed final inspection, and evidently met all codes at that time.

The building is wired in the following manner:

- 1.) STAIRWELLS. The lights at the floors are controlled by panels located at their respective floors. The landing lights are controlled by circuit breakers in panel 6L located on the eighth floor.
- 2.) EXIT LIGHTS. These are two circuit, one lamp controlled at the panel on the floor it is on, and the other lamp by a circuit breaker in panel 6L.
- 3.) Hallway lights. These are controlled by circuit breakers at the panel on the floors they are on.
- 4.) FIRE PUMP, SMOKE TOWER FANS, SMOKE DETECTOR SYSTEM. These are controlled by a separate main circuit breaker located at the meter section.

As the system presently exists, if Edison's supply of power to the building is turned off, ALL ITEMS 1-4 will be off. If the building main alone is turned off, ITEMS 1-3 will be off, but item 4 will remain on.

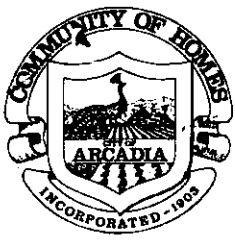

If we may assist you in further analysis on a more complete system, Please feel free to call.

Sincerely,

Al Hansen Electric, Inc.

  
Albert C. Hansen, President

**DECLARATIONS**  
 To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares:  
 That notice has been given me that this permit may be used only in compliance with the Arcadia Municipal Code, and all other applicable ordinances and laws.  
 That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection.  
 That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work.  
 I agree that the city may enter upon the job premises at any reasonable time to inspect any work installed under this permit, to remove any non-confirming construction at my own expense, and to otherwise act as and when required by the Arcadia Municipal Code.

**LICENSED CONTRACTORS DECLARATION**  
 I hereby affirm under penalty of perjury that I am licensed under provisions of Chapter 17, commencing with Section 70000 of Division 3 of the Business and Professions Code, and my license is in full force and effect.  
 License #                       
 Date                     

**OWNER-BUILDER DECLARATION**  
 I hereby affirm under penalty of perjury that I am exempt from the Contractors License Law for the following reason (Sec. 7031.5, Business and Professions Code): Any city or county which requires a permit to construct, alter, improve, remodel, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 17, commencing with Section 70000) of Division 3 of the Business and Professions Code or that he or she is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars (\$500).  
 I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044, Business and Professions Code). The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or herself or through his or her own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvements is sold within one year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale.  
 I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Sec. 7044, Business and Professions Code). The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law.  
 I am exempt under Sec.                      B & P.C. for this reason:  
 Date                      Owner                     

**WORKERS COMPENSATION DECLARATION**  
 I have and will maintain a certificate of consent to assure for workers compensation, as provided for by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued.  
 I have and will maintain workers compensation insurance, as required by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued. My workers' compensation insurance carrier and policy number are:  
 Carrier                       
 Policy Number                       
 (This section need not be completed if the penalty is for one hundred dollars (\$100) or less.)  
 I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the workers' compensation provisions of Section 3700 of the Labor Code, I shall forthwith comply with these provisions.  
 Date                      Applicant                     

**CONSTRUCTION LENDING AGENCY**  
 I hereby affirm under penalty of perjury that there is a construction lending agency for the performance of the work for which this permit is issued (Sec. 3097, Ck. C.)  
 Lender's Name                       
 Lender's Address                     

I certify that I have read this application and state that the above information is correct. I agree to comply with all city and county ordinances and state laws relating to building construction, and hereby authorize representatives of this office to enter upon the above-mentioned property for inspection purposes.

Subject: SADR 2000-020 for Bank of America at 180 N. Santa Anita Ave.

Dear Squeak,

The revised design concept plans that you submitted on May 3<sup>rd</sup> for the new sign program for Bank of America at 180 N. Santa Anita Ave., in the City of Arcadia, are conditionally approved by the Development Services Department as of the above date. The condition of approval is as follows:

- The 2-inch diameter pole for the "EXIT ONLY" sign is to be replaced with a decorative support, or it may be mounted on the building with an architecturally compatible bracket. The support or bracket is subject to approval by the Planning Services Manager. Additionally, installation of a second, two-sided "EXIT ONLY" sign in the landscaped area to the east of the driveway might be helpful.

This approval shall expire in one year (May 4, 2001) unless the installations are diligently pursued. The actual designs and installations must be consistent with this conditional approval. Any inconsistency may result in the matter being referred to the Planning Commission.

You may appeal this action (i.e., the condition of approval regarding the "EXIT ONLY" sign) to the Planning Commission by submitting an appeal request in writing with the \$230.00 appeal fee to the Community Development Division within five (5) working days of the date of this letter (i.e., by 4:30 p.m. on Friday, May 12, 2000.)

**This is not a Building Services approval.** Please contact Building Services at (626) 574-5416 to determine the documents and fees necessary for plan check and permits, which must be obtained prior to installation of the signs. Please refer to Plan Check No. PC 00-294.

If you have any other questions, please call Jim Kasama in Planning Services at (626) 574-5445.

Sincerely,

**SUBJECT: Notice of Asbestos in Bank of America Premises**

**NOTICE:** California Health and Safety Code Sections 25915 et seq. require Bank of America to notify its vendors, landlords, and tenants if it has knowledge of the presence of asbestos containing material (ACM) at its premises.

Enclosed is the "Asbestos Disclosure Statement" for each premises that is known to contain ACM in which you may enter or do business. Each statement includes the location of and the conclusions and precautions for handling the ACM. (If you are a vendor and have performed or may perform services at more than one location, you may find statements enclosed for locations at which you have not yet performed services).

Full documentation of each asbestos survey includes the following information: a) Description of the construction materials that contain ACM; b) Location and quantity of the ACM; c) Percentage and types of asbestos in the ACM; d) Sampling and laboratory procedures utilized; e) Priority levels of potential exposure of the ACM.

For more information, or if you want to read or photocopy the full survey or inquire who at the premises has a copy of the full survey, call the Corporate Real Estate real estate manager for that premises. To obtain the name of the real estate manager, call (818) 578-7700 for Southern California properties or (415) 953-0500 for Northern California properties.

You may be required under the law to furnish a copy of this notice and the enclosed disclosure statement to your employees, vendors (contractors/subcontractors), landlords, and tenants/subtenants.

Information regarding health risks associated with ACM may be obtained by contacting local or state public health agencies.

UPDATED ON : 01/18/94

-----  
CAUTION:

Tests for friable asbestos were performed; any that was found is listed below. Although tests were not routinely performed on non-friable materials or on exterior materials, any that are known to contain asbestos are listed below. However, it is possible that unknown friable and/or non-friable asbestos could be present. Typical non-friable materials that sometimes contain asbestos are: roofing materials, vinyl floor tile, linoleum, fire hose, and transite (asbestos) pipe and panels. Use caution around materials known to contain or suspected of containing asbestos.

-----  
NOTE:

INPUT ON : 01/18/94

Some of the asbestos that was found has been removed. Listed below is the known asbestos that remains. For information about the removed asbestos, see previous Survey or Survey Summary.

**PUBLIC HEARING MC 2000-033**

**Address:** 150 N. Santa Anita Avenue

**Applicant:** Frank Ling Xie for E-Tech Trading Company

**Request:** A Parking Modification of 242 existing parking spaces in lieu of 247 required for a stock trading company to occupy 4,481 square feet of general office space (9269.5)

---

**FINDINGS of the PUBLIC HEARING**

This application is to allow a stock trading company to use 4,481 square feet of general office space on the eighth floor of the Towne Centre Building at 150 N. Santa Anita Avenue.

The Towne Centre Building is a general office building. General office uses require parking at a ratio of four (4) spaces per 1,000 gross square feet. A stock trading business is not considered a general office use and therefore must provide parking at a ratio of five (5) spaces per 1,000 gross square feet, which is required for other permitted uses. The proposed tenant improvements will provide approximately 1,800 square feet for stockbroker's offices, and a 2,000 square foot stock trading area. The stock trading area will be equipped with monitors for tracking ongoing stock trading, and the brokers will be available to provide instruction and advice as well as make transactions. Stock trading at this location will be limited to the domestic markets.

It was explained that the useable floor area that the applicant is leasing is actually about 3,800 square feet. The balance is their share of the hallway and elevator shaft. The applicant anticipates that there will be about 25 employees. Of the 242 parking spaces available for the Towne Centre Building, 51 of them are in the City's parking lot just to the south of the subject property. The applicant offered to require that the employees use the City's parking lot. There is ample parking available in the City's parking lot. There was no opposition to this application.

The Committee found that the proposal is a good use of the property, and a good business to have in the City. The Committee determined that approval of this application would secure an appropriate improvement.

---

**ACTION – Approved**

---

**APPEAL PERIOD**

There is a five (5) working day appeal period for this application. Permits for any construction will not be issued until Thursday, June 1, 2000, provided the Committee's action is not appealed. Appeals must be submitted in writing to the Community Development Division with a \$500.00 appeal fee by 5:30 p.m. of Wednesday, May 31, 2000. The applicant will be notified if an appeal is filed.

**EXPIRATION & IMPLEMENTATION**

The approval granted by this application must be implemented within one year, by May 23, 2001, or the approval shall expire. The actual development must be consistent with the plans presented as a part of this application and with the Modification Committee's action. Any deviation from the Committee's action shall be subject to the review and approval by the Community Development Division and may require a new application.

If there are any questions, please contact Associate Planner, Jim Kasama at (626) 574-5445.

## SECTION 25.212 — INSTALLATION

**25.212.1 Vertical Hangers.** Suspension wires shall not be smaller than No. 12 gage (2.7 mm) spaced at 4 feet (1219 mm) on center or No. 10 gage (3.4 mm) at 5 feet (1524 mm) on center along each main runner unless calculations justifying the increased spacing are provided.

Each vertical wire shall be attached to the ceiling suspension member and to the support above with a minimum of three turns. Connection devices at the supporting construction shall be capable of carrying not less than 100 pounds (445 N).

Suspension wires shall not hang more than 1 in 6 out-of-plumb unless countersloping wires are provided.

Wires shall not attach to or bend around interfering material or equipment. A trapeze or equivalent device shall be used where obstructions preclude direct suspension. Trapeze suspensions shall be a minimum of back-to-back 1 $\frac{1}{4}$ -inch (31.75 mm) cold-rolled channels for spans exceeding 48 inches (1219 mm).

**25.212.2 Perimeter Hangers.** The terminal ends of each cross runner and main runner shall be supported independently a maximum of 8 inches (203.2 mm) from each wall or ceiling discontinuity with No. 12 gage (2.7 mm) wire or approved wall support.

**25.212.3 Lateral Force Bracing.** Where substantiating design calculations are not provided, horizontal restraints shall be effected by four No. 12 gage (2.7 mm) wires secured to the main runner within 2 inches (50.8 mm) of the cross runner intersection and splayed 90 degrees from each other at an angle not exceeding 45 degrees from the plane of the ceiling. A strut fastened to the main runner shall be extended to and fastened to the structural members supporting the roof or floor above. The strut shall be adequate to resist the vertical component induced by the bracing wires. These horizontal restraint points shall be placed not more than 12 feet (3658 mm) on center in both directions with the first point within 6 feet (1829 mm) from each wall. Attachment of the restraint wires to the structure above shall be adequate for the load imposed.

Lateral-force bracing members shall be spaced a minimum of 6 inches (154 mm) from all horizontal piping or ductwork that is not provided with bracing restraints for horizontal forces. Bracing wires shall be attached to the grid and to the structure in such a manner that they can support a design load of not less than 200 pounds (890 N) or the actual design load, whichever is greater, with a safety factor of 2.

**25.212.4 Perimeter Members.** Unless perimeter members are a structural part of the approved system, wall angles or channels shall be considered as aesthetic closures and with no structural value. Ends of main runners and cross members shall be tied together to prevent their spreading.

**25.212.5 Attachment of Members to the Perimeter.** To facilitate installation, main runners and cross runners may be attached to the perimeter member at two adjacent walls with clearance between the wall and the runners maintained at the other two walls or as otherwise shown or described for the approved system.

## SECTION 25.213 — LIGHTING FIXTURES

Intermediate or heavy-duty ceiling systems as defined in Section 25.202 shall be used for the support of lighting fixtures.

All lighting fixtures shall be positively attached to the suspended ceiling system. The attachment device shall have a capacity of 100 percent of the lighting fixture weight acting in any direction.

When intermediate systems are used, No. 12 gage (2.7 mm) hangers shall be attached to the grid members within 3 inches (76 mm) of each corner of each fixture. Tandem fixtures may utilize common wires.

When heavy-duty systems are used, supplemental hangers are not required if a 48-inch (1219 mm) modular hanger pattern is followed. When cross runners are used without supplemental hangers to support lighting fixtures, these cross runners shall provide the same carrying capacity as the main runner.

Lighting fixtures weighing less than 56 pounds (25.4 kg) shall have, in addition to the requirements outlined above, two No. 12 gage (2.7 mm) hangers connected from the fixture housing to the structure above. These wires may be slack.

Lighting fixtures weighing 56 pounds (25.4 kg) or more shall be supported directly from the structure above by approved hangers.

Pendant-hung lighting fixtures shall be supported directly from the structure above with No. 9 gage (3.8 mm) wire or approved alternate support without using the ceiling suspension system for direct support.

## SECTION 25.214 — MECHANICAL SERVICES

Ceiling-mounted air terminals or services weighing less than 20 pounds (9.07 kg) shall be positively attached to the ceiling suspension main runners or to cross runners with the same carrying capacity as the main runners.

Terminals or services weighing 20 pounds (9.07 kg), but not more than 56 pounds (25.4 kg), in addition to the above, shall have two No. 12 gage (2.7 mm) hangers connected from the terminal or service to the ceiling system hangers or to the structure above. These wires may be slack.

Terminals or services weighing more than 56 pounds (25.4 kg) shall be supported directly from the structure above by approved hangers.

## SECTION 25.215 — PARTITIONS

Where the suspended ceiling system is required to provide lateral support for permanent or relocatable partitions, the connection of the partition to the ceiling system, the ceiling system members and their connections, and the lateral force bracing shall be designed to support the reaction force of the partition from prescribed loads applied perpendicular to the face of the partition. These partition reaction forces shall be in addition to the loads described in Section 25.211. Partition connectors, the suspended ceiling system and the lateral-force bracing shall be engineered to suit the individual partition application and shall be shown or defined in the drawings or specifications.

## SECTION 25.216 — DRAWINGS AND SPECIFICATIONS

The drawings shall clearly identify all systems and shall define or show all supporting details, lighting fixture attachment, lateral-force bracing, partition bracing, etc. Such definition may be by reference to this standard, or approved system, in whole or in part. Deviations or variations shall be shown or defined in detail.

**PUBLIC HEARING MC 2000-042 & SADR 2000-043**

**Address:** 150 N. Santa Anita Avenue

**Applicant:** Steve Tessier of Signs By Steve 'N' Son

**Request:** Modifications and Architectural Design Review to enlarge an existing monument sign:

- A. A 10'-0" tall monument sign within the 10'-0" special setback along this portion of N. Santa Anita Avenue in lieu of a maximum height of 4'-0" for a monument sign within a special setback (9314.3 & 9320.65.15)
  - B. A second freestanding sign located 165 feet away in lieu of 200 feet between freestanding signs on contiguous lots sharing a common parking area (9262.4.6.C & 9262.4.6.C.1)
- 

**FINDINGS of the PUBLIC HEARING**

In attendance were the applicant, the property manager, leasing agent, and the owner of the sign proposed to be enlarged. The applicant explained how the sign structure would be enlarged. The overall design concept of the sign structure will be retained, but the height of the base will be shortened by eliminating the existing building address portion and providing only one connecting collar between the existing lower portion of the base and a new or enlarged sign cabinet. The existing sign is eight (8) feet tall. The enlarged sign structure will be almost ten (10) feet tall and the sign area will be doubled.

Staff explained that during the Architectural Design Review process, the overall height of the proposed enlarged sign structure has been reduced from 13 feet to the current proposal of 9'-9". Also, it had been determined that if this project is to be approved, the signs in the enlarged structure are to use raised or push-through lettering, that a uniform background shall be used, and that a uniform color and typestyle will be used for the listing of the various tenants. Also, staff is not in favor of Request 'B'. The existing pole sign near the corner of Santa Anita and Wheeler

Avenues is unused and should be removed. The property manager stated that the pole sign would be removed.

The Committee expressed concerns about the proposed type of sign structure that lists numerous businesses. Too many names and too much information make signs unattractive and unreadable, which defeats the purpose of signs. The Committee felt that the number of businesses represented on the sign structure should be limited, and there was concern about the overall size and scale of an enlarged sign structure. The Committee likes the appearance of the existing sign.

The Committee felt that two separate cabinets or distinct sign areas would be more attractive, and would also help make them easier to read. The design of individual signs to be inserted into the enlarged sign structure should not be restricted to one typestyle or color, but if too many different colors and typestyles are used, it will detract from the appearance of the signs. The final design of the enlarged sign structure will be subject to review and approval by staff, and all new signs to be inserted will be subject to new and separate architectural design reviews.

The owner of the existing sign, Lysette Freeman of Premium Escrow explained that she was in attendance to protect her rights to the sign. The property manager and leasing agent explained that a new tenant, E-Tech Trading Securities, Inc. wants a sign on-site, and that this project is to accommodate them, but there are other tenants that may be interested in using the enlarged sign structure. The Committee felt that all involved parties should be in agreement about how the sign structure will be enlarged, and how the existing sign is incorporated into the design.

The Committee determined that a conditional approval of Request 'A' and denial of Request 'B' would secure an appropriate improvement.

---

**ACTION** – Request 'A' is approved, subject to the following conditions, and Request 'B' is denied:

1. The design for enlarging the sign structure is to be revised to include the following elements, and is subject to review and approval by the Community Development Administrator:
  - a. A minimum ¼-inch deep raised or push-through lettering shall be used for all signs.
  - b. A uniform background color shall be used.
  - c. The enlarged sign structure shall provide distinct sign areas so that the signs will be easy to read.

- d. The colors and typestyles of the various signs to be inserted into the enlarged sign structure may be limited to assure that all the signs are readable and attractive.
2. The total number of tenants/businesses to be represented on the enlarged sign structure shall not exceed four (4). One of those businesses is to be Premium Escrow, so long as that business is located in this building.
3. All parties involved in this sign project shall approve of the final design which must ultimately be approved by the City.

**Note:** The existing pole sign must be removed prior to the issuance of any permits to enlarge the subject monument sign structure.

---

### **APPEAL PERIOD**

There is a five (5) working day appeal period for this application. Permits will not be issued and fabrication of the sign should not commence until Thursday, August 31, 2000, provided the Committee's action is not appealed. Appeals must be submitted in writing to the Community Development Division with a \$500.00 appeal fee by 5:30 p.m. of Wednesday, August 30, 2000. The applicant will be notified if an appeal is filed, and a noticed public hearing will be held by the Planning Commission.

### **EXPIRATION & IMPLEMENTATION**

The approval granted by this application must be implemented within one year; by August 22, 2001, or the approval shall expire. The actual design and installation must be consistent with the plans presented with this application and with the Modification Committee's action. Any deviation from the plans and/or the Committee's action shall be subject to review and approval by the Community Development Administrator and may require a new application and/or additional hearings.

**Subject:** 150 N. Santa Anita - Town Center

On December 3, 2001 at 0630 hours an inspection of 150 N. Santa Anita Ave, Town Center was conducted to evaluate emergency exits and live safety systems related to the November 27 closure. Members present included Greg Gerlach, Building Department, Don Shawver, Fire Department and ADT. Greg Gerlach approved the electrical reconstruction and all electrical cords have been removed from the emergency exits, stairwell and no fire doors were blocked. Based on our observations, the occupants have been allowed to occupy the location and conduct business as usual. A follow-up fire inspection was completed by Inspector Perumean and myself. An Inspection Report was completed and issued to Town Center Manager Joe Adamian for corrective action.

November 27, 2001

Mr. Joe Adamian, Manager  
Building Management & Maintenance Group  
Town Centre  
150 N. Santa Anita  
Arcadia, CA 91006

Mr. Adamian:

Due to existing conditions compromising life safety, floors two through eight located at 150 North Santa Anita have been closed for occupancy by order of the Fire Chief.

As the 1998 California Fire Code, Section 103.4.1.3 indicates, the chief is authorized to order the evacuation of any premises, building or vehicle or portion thereof which has or is a fire hazard.

The temporary electrical cords winding up through the stairwell to the eighth floor are a direct violation of CFC Section 1111, which states that all fire assemblies shall not be obstructed or otherwise impaired from their proper operation at any time. Tenants and visitors to this building must be able to exit through both stairwells, which have fire rated construction and are protected with self-closing, fire rated doors. All doors in the south stairwell are being propped open with power cords, compromising the safety and required construction of this exiting system.

Additionally, other essential life and fire safety features of this building are also compromised or inoperable at this time. The fire alarm functions are questionable and have not been confirmed by a licensed contractor. Exit signs are not illuminated and other stand-by lighting is not working.

Please be aware that persons operating or maintaining an occupancy or premises who allow a hazard to exist or fail to take immediate action to abate a hazard on such an occupancy or premises when ordered or notified to do so by the chief shall be guilty of a misdemeanor.

Until the power cords are removed from the exiting system and all fire and life safety systems have been tested and approved by the fire department, this building will be determined unsafe to occupy. The first floor has been determined reasonably safe to occupy because they exit directly to the outside without using the stairwells.

Sincerely,

Pete Bonano, Fire Chief

### OWNER-BUILDER DECLARATION

I hereby affirm under penalty of perjury that I am exempt from the Contractors License Law for the following reason (Section 7031.5, Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt there from and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars (\$500)):

I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Section 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, or who does such work himself or herself or through his or her own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one (1) year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale).

I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Section 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law).

I am exempt under Section 7044, Business and Professions Code, for this reason:

### OWNER-BUILDER DECLARATION

I hereby affirm under penalty of perjury that I am exempt from the Contractors License Law for the following reason (Section 7031.5, Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt there from and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars (\$500)):

I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Section 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, or who does such work himself or herself or through his or her own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one (1) year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale).

I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Section 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law).

## OWNER-BUILDER DECLARATION

I hereby affirm under penalty of perjury that I am exempt from the Contractors License Law for the following reason (Section 7031.5, Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt there from and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars (\$500)):

I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Section 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, or who does such work himself or herself or through his or her own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one (1) year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale).

I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Section 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law).

I am exempt under Section 7044, Business and Professions Code, for this reason:

APPLICATION FOR UNREASONABLE HARDSHIP EXCEPTION

Date Received: 7/19/06

DOCUMENTATION OF UNREASONABLE HARDSHIP

150 N. SANTA ANITA AVE.

Project Address: VTE. 800 ARCADIA CA 91006 Plan Review # 06-228(R1)

Business Name: HUNTEC DEVELOPMENT INC.

I HEREBY REQUEST AN UNREASONABLE HARDSHIP EXCEPTION for the accessibility features identified as follows:

TO UPDATE EXISTING MEN & WOMEN RESTROOMS

(SAME LEVEL WHERE ALTERATION OF T.I. WORK LOCATED)

IN ORDER TO PROVIDE NEW RESTROOM HANDICAP

ACCESSIBILITY AS REQUIRED BY CODE.

I DECLARE that an unreasonable hardship exists and that full compliance with the state's accessibility standards would make the specific work of the project affected by the accessibility standards unreasonable. In support of this application, the following information establishes the grounds for an Unreasonable Hardship Exception under Section 222 of the 2001 California Building Code (CBC):

1. State the total cost of providing full disabled access compliance as required by CBC Section 1134B for the area serving the alteration, structural repair or addition (please complete Attachment "A" and enter the amount shown on line 13):

\$ 121,200

2. State the total cost of all construction contemplated (i.e., project valuation, excluding the accessibility upgrades):

\$ 30,000

3. State the total cost of construction completed on the building during the last three (3) years: \$ N/A

4. The access features increase the cost of construction by (determine percentage using figures shown in items 1 and 2 above): % 404

5. State the impact of providing full compliance with the state's accessibility standards as required by CBC Section 1134B on the financial feasibility of the project:

4 TIMES THE AMOUNT OF T.I. ALTERATION  
TO UPDATE EXISTING MEN & WOMEN RESTROOM IS  
ABSOLUTELY DISPROPORTIONATE EXPENSES.

6. State the nature of the use of the building proposed for construction and its availability to persons with disabilities:

SMALL ARCHITECTURAL FIRM  
TENANT IMPROVEMENT LOCATED @ 8TH FLD EQUIPT  
W/ 3 EXISTING ELEVATORS, EXISTING PATHWAYS, RAMP PARKING  
SIGNAGE, TEL, DRINKING FOUNTAIN WERE FULLY COMPLIED  
W/ DISABE REGULATION, EXISTING HC TOILET FOR MEN  
& WOMEN ARE SEPARATELY LOCATED ON 1ST FLOOR.

7. Itemize the disabled access improvements that will be provided under this Unreasonable Hardship Exception:

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

Re: **Sign ADR No. 07-23**  
**180 N. Santa Anita Avenue**

Dear Applicant:

The Development Services Department as of the above date conditionally approved your design proposal for six (6) wall signs, two (2) directional signs, a canopy mounted sign, two (2) window vinyl signs, and seven (7) pole mounted signs at 180 N. Santa Anita Avenue (*d.b.a. "Bank of America"*). The conditions of approval are as follows:

1. Any and all damage to the exterior wall of the subject building which may result from the removal and the installation of the signs shall be repaired so as not to be noticeable from the nearest pedestrian and/or vehicular way.
2. The pole-mounted "handicapped parking" signs are not within the scope of this design review process. Such signs are subject to all applicable ADA and building code requirements.
3. Window vinyl signs are not subject to design review. However, such signs shall meet the requirements as set forth in the City's sign regulations.

There is a five (5) working day appeal period for this application. Permits for installation cannot be issued until Wednesday, July 25, 2007, provided the decision is not appealed. Appeals must be submitted in writing to the Community Development Division with a \$540.00 appeal fee by 5:30 p.m. on Thursday, Tuesday, July 24, 2007.

This approval shall expire one year after the effective date (July 25, 2008) unless permits are issued; or the approval is renewed. The design of the signs must be consistent with the approved design concept plan. Any inconsistency from the approved design concept plan may result in the Development Services Department referring the matter to the Planning Commission for their review and action.

**This is not a Building Services approval.** Please contact Building Services at (626) 574-5416 to determine the number of plans, documents and fees required for the permits, which must be obtained prior to the installation of the signs.

If you have any questions, please contact Planning Services at (626) 574-5423.

Subject: Architectural Design Review No. ADR 07-03 for a wireless telecommunication facility at 150 N. Santa Anita Avenue

Dear Ms. Flores:

The City of Arcadia Development Services Department received on April 16, 2007 the enlarged photo-simulations and the negative response to our request to better integrate the proposed cellular antennas with the existing parapet at 150 N. Santa Anita Avenue. Based on this response, the Development Services Department is not satisfied that the antennas at the corners cannot be made less obtrusive. Therefore, the Development Services Department conditionally approves, as of the above date, Architectural Design Review No. ADR 07-03. The conditions of approval are as follows:

- The panel antennas are to be flush-mounted onto the existing parapet and painted to match.
- All of the rooftop-mounted antennas and equipment are to be painted to match the existing rooftop installations.
- The final design and plans are subject to review and approval by the Development Services Director.

If you have any questions, please call us at **(626) 821-4334 or (626) 574-5423** or by email at **'jkasama@ci.arcadia.ca.us.'**

There is a five (5) working day appeal period for this application. Plan check or permits cannot be issued before the effective approval date of Friday, May 18, 2007, provided there is no appeal. Appeals must be submitted in writing to the Community Development Division with a \$540.00 appeal fee by 5:30 p.m. on Thursday, May 17, 2007. You will be notified of any appeal.

This approval shall expire one year from the effective date (May 18, 2008) unless a building permit is issued and construction/installation is diligently pursued, or a certificate of occupancy has been issued, or the approval is renewed.

The final plans must be consistent with the conditionally approved preliminary plans. Any inconsistency from the conditionally approved preliminary plans may preclude the issuance of a building permit.

CITY OF ARCADIA  
STANDARD CONDITIONS OF  
APPROVAL

# MEMORANDUM

Development Services Department

March 7, 2006

The City of Arcadia has numerous codes and regulations that may affect your project. To better assist you, we have created the attached Standard Conditions of Approval for your development. Please keep in mind that this attached list is not all-inclusive; but reflects the normal applicable development requirements and there likely would be additional specific conditions that apply to your project. The departments will inform you of these additional conditions, upon formal submission of a development application and/or plan check with the City.

Sincerely,

Don Penman  
Assistant City Manager/Development Services Director

# CITY OF ARCADIA STANDARD CONDITIONS OF APPROVAL

The City of Arcadia adopts and enforces the following codes:

- 2001 California Building, Fire, Plumbing and Mechanical Codes
- 2004 California Electrical Code

9. An automatic fire sprinkler system shall be installed throughout under the following conditions:

- A. All new commercial and residential structures, regardless of size. (Exception: detached private garages under 1,000 sq. ft.).
- B. Commercial buildings greater than 5,000 sq. ft. in area enlarged by an addition to the existing structure.
- C. Commercial buildings less than 5,000 sq. ft. in area, when enlarged by an addition to the existing structure, exceeding 5,000 sq. ft.
- D. In all Group R-1 Occupancies when an addition results in additional guestrooms or dwelling units.
- E. Existing single-family dwellings when the dwelling is enlarged by fifty (50) percent or more due to an addition, or when an addition, in combination with a remodel affects fifty (50) percent or more of the existing structure.

A separate plan submittal is required.

10. Structures built in Fire Zone 1 shall comply with the 2000 Urban-Wildland Interface Code construction requirements.

11. Residential Fire Sprinkler Systems:

A. Single-Family Dwellings: NFPA 13-D

An approved, testable, double check valve assembly shall be installed at the point of connection between the domestic water supply riser and the fire sprinkler system.

B. Condominiums and Townhouses: NFPA 13-R

Each unit shall have its own fire sprinkler system. An approved, testable, double check valve assembly shall be installed at the point of connection between the domestic water supply riser to each unit and the fire sprinkler system.

12. Commercial Fire Sprinkler Systems: NFPA 13

This type of sprinkler system shall have a separate service connection from the water main to the property line and shall be installed according to the Standard specifications of the Public Works Services Department, Engineering Section.

13. Backflow preventers on the fire sprinkler system shall be as approved by the Public Works Services Department. Installation orientation shall be as approved by the listing of the USC Foundation for Cross-Connection Control and Hydraulic Research in addition the Development Services Department/Community

Development Division shall review and approve the location of the backflow device and design of screening.

### **POLICE DEPARTMENT**

1. Provide adequate visibility to drivers/pedestrians that enter/exit parking areas.
2. Provide adequate lighting to illuminate all areas of the property during hours of darkness for security concerns.
3. Provide a list of Responsible Persons to the Police Department who can respond during non-business hours.

### **PUBLIC WORKS SERVICES DEPARTMENT**

#### General Comments

1. Fire protection requirements, including fire hydrants, shall be as stipulated by the Arcadia Fire Department and shall be installed according to the City of Arcadia Standard Plans, Section 700.
2. A separate water service lateral and a separate water meter shall be required for each single-family dwelling, condominium or townhouse unit. Commercial properties shall have a separate water meter for each building; Installation of all water services shall be by the developer. Installation shall be according to the City of Arcadia Standard Plans Section 700. Demolition of existing water services, if any, shall be completed by the developer, according to City of Arcadia Standard Plans Section 700.

Water Services, water meters and fire sprinkler services for mixed use developments shall be handled on a case-by-case basis.

3. A separate water meter shall be required for common area irrigation systems in condominium and townhouse developments. Backflow protection shall be by an approved reduced pressure backflow preventer.

Backflow preventers which are part of the irrigation system for single family dwellings and commercial properties may be either reduced pressure backflow preventers, pressure vacuum breakers or antisiphon valves. All backflow protection shall be as approved by the Public Works Services Department.

4. No water service lateral, meter, flush-out, backflow prevention device or fire hydrant may be located in any driveway nor may be closer than 3 feet from the top of "x" of any driveway or other utility.

5. All pipe, valves, hydrants, meters, fittings, and appurtenances, including disinfection and flushing, shall meet the specifications as stated in the City of Arcadia Water Standard Specifications, Section 7.
6. Water services and water meters shall be installed in the location marked on the curb, by the Public Works Inspector. Any deviation from this requirement must be approved by the Public Works Services Department in advance of installation.
7. Standpipes shall be installed by the developer and approved by the Public Works Services Department, prior to permit issuance and commencement of any work on the property.
8. All work within the public right-of-way shall be performed in accordance with the City of Arcadia Municipal Code (AMC), The City of Arcadia Standard Plans, and the Standard Specifications for Public Works Construction (Greenbook), latest edition.
9. Water Meter Clearance Application shall be filed with Public Works Services Department prior to the issuance of a Water Meter Installation Permit. Water Meter Installation Permit shall be required for the installation of new water meters or services, increasing the size of an existing meter or service, or the installation of a new fire service.
10. The owner/developer will be responsible for paying all fees pertaining to the permit, meters, boxes, and deposits, as required by the Department. The owner/developer may contact the Public Works Services Center at (626) 256-6682 for a complete list of permit application procedures.
11. The City will only issue permits to those persons properly insured and duly licensed with a Class A general engineering contractors license or a Class C34 pipeline contractors license, pursuant to the State of California Contractor's Licensing Board and the City of Arcadia (AMC 6211) to furnish installations for water services to any location within the City.
12. The Public Works Services Department, will determine the point of connection of any new service to the City water distribution system. The actual location of the meter or service will be determined by the Public Works Inspector, and approved by the owner/developer or their representative at the pre-construction meeting.
13. The Contractor shall notify the Public Works Inspector at (626) 256-6685 to schedule a pre-construction meeting at least 48 hours prior to the start of any work within the public right-of-way.
14. The Contractor shall notify Underground Service Alert at (800) 422-4133 at least two (2) working days (48 hours) prior to the starting any work within the public right-of-way.

15. Work that requires the closure of the traffic lane of any street shall be arranged so that minimal traffic flow interference occurs. To avoid peak traffic flow interference, lane closures on certain streets shall be limited so as to commence no earlier than 9:00 AM and be completed no later than 3:30 PM. A list of streets for which restriction apply may be obtained from Development Services Department, Engineering Section, or from the Public Works Inspector. All lane closures shall be in accordance with the "Work Area Traffic Control Handbook" (WATCH Manual).
16. Work performed in the public right-of-way may be subject to restrictions if it is considered to interfere with traffic leading to, or away from the Santa Anita Park on race days. A schedule of race dates may be obtained by calling the Santa Anita Park main office at (626) 574-7223.

#### Stormwater Program

Any person engaged in activities, which will or may result in pollutants entering the City storm drain system shall undertake all reasonable measures to reduce such pollutants:

1. No grading permit shall be issued for any development with a disturbed area of one (1) acre or more unless the applicant has filed a Notice of Intent with the State and prepared the associated Stormwater Pollution Prevention Plan (SWPPP). Any developer or construction contractor performing work in the City must also prepare a Local Storm Water Pollution Prevention Plan (LSWPPP) for submittal to and approval by the City.
2. Applicant must implement and maintain, in good working order, all Best Management Practices (BMPs) that are required by the City or other regulatory agency.
3. The applicant must prevent stormwater contact with fuels, chemicals, fuel and chemical wastes, animal wastes, garbage, batteries, and other similar materials.
4. Food wastes are to be properly disposed of in containers designed for such disposal, so as to avoid discharge to the storm drain system.
5. BMPs must be proposed for areas with machinery or equipment that is to be repaired or maintained so that leaks, spills, and other maintenance-related pollutants are not discharged to the storm drain system.
6. Hazardous substances and hazardous materials shall be stored to prevent such items from coming into contact with stormwater or other runoff which discharges into the storm drain system. It is unlawful for any person to dispose of any hazardous waste in any trash container used for municipal trash disposal.

7. Alternate BMP methods must be proposed to prohibit washing off pavement, sidewalks, etc. in any industrial or commercial area which could result in a discharge to the storm drain system - unless such washing is specifically required by state or local health and safety codes.

"P1" Stormwater Planning Program, Priority Development/Redevelopment Projects – General Project Certification. A completed original of this form must accompany all SUSMP submittals.  
"P2" Stormwater Treatment Certification. For all SUSMP qualified sites.  
"LSWPPP" Local Storm Water Pollution Prevention Plan. A construction phase plan of prevention stormwater pollution. Required for site with greater than 1 acre of disturbed area  
Note: Stormwater Construction BMP notes must be on all plans to be reviewed for approval.

Additional note:

Stormwater plan check related forms may be obtained prior to initial plan check submission by calling (626) 256-6551. Otherwise, all necessary forms will be included with any and all other corrections after first submittal.

**DEVELOPMENT SERVICES DEPARTMENT**

Streets

All requirements related to the alteration, repair, or construction of streets within the public right-of-way shall be made by the Development Services Department, Engineering Division.

Sewer

All requirements related to the alteration, tie-in, repair or construction of sewers within the public right-of-way shall be made by the Development Services Department, Engineering Division (or the Los Angeles County Department of Public Works for County sewers).

Dry Utilities (Cable, Telephone, Communications)

All requirements related to the alteration, tie-in, repair or construction of conduits within the public right-of-way shall be made by the Development Services Department, Engineering Division.

Storm Drainage

All requirements related to the alteration, tie-in, repair or construction of storm drains within the public right-of-way shall be made by the Development Services Department, Engineering Division (or the Los Angeles County Department of Public Works for County storm drains). A separate permit will be required from the Los Angeles County Public Works Department for any storm drain connections to their system.

Engineering

The following items are General Conditions of Approval:

1. Submit a grading and drainage plan prepared by a registered civil engineer subject to the approval of the City Engineer. Show all existing and proposed parkway trees, pull boxes, meters, power poles, streetlights, driveways, sidewalks, and handicapped ramps on grading/drainage plan. Provide calculations for the pump drainage system (if applicable). Computations should show hydrology, hydraulics, elevations, and all the details required on the City's "Pump Drainage" sheet.

2. Submit water, sewer, and street improvement plans prepared by a registered civil engineer on City approved drawings sheets.
3. Submit cost estimates of public improvements to City Engineer for approval.
4. The preparation and recordation of a tract/parcel map shall be in accordance with the requirements of the State Subdivision Map Act. The map shall be submitted to the County Engineer for checking. After checking, the map along with the County Engineer's letter recommending approval shall be submitted to the City Engineer for map certification. Concurrent with map submission to the County Engineer, the developer shall also submit a copy of the City's Conditions of Approval for review. New boundary monuments set as part of the subdivision must be inspected to the satisfaction of the Los Angeles County Department of Public Works with the letter to the City prior to approval of the map. A Mylar copy of the recorded map must be submitted before final acceptance of the project.
5. All overhead utilities shall be installed underground, including but not limited to cable television, telephone and electrical systems. Contact the utility companies to arrange for underground utility service, dedicate easements to utility companies if needed, and inform the Development Services Department/Engineering Division in writing of any such dedication prior to commencement of construction.
6. Close existing driveways that are not to be used and construct curbs, gutters, and sidewalks per City standards. Curb and gutter shall be replaced together with the driveway approach. No curb-only replacement is allowed.
7. Construct PCC sidewalk, as per Arcadia City Standard Drawings 802-2.
8. Obtain approval from the Engineering Division prior to removal of any portion of the existing curb and gutter.
9. Construct PCC curb and gutter per APWA Plan.
10. Construct PCC cross gutter per APWA Standard Plan.
11. Construct PCC curb ramp per APWA Standard Plan.
12. Construct six-inch (6") thick PCC driveway apron(s) per Arcadia City Standard Drawing 801-1 through 801-4. No driveway shall be constructed closer than three feet (3') from any curb return, fire hydrant, ornamental light standard, telephone or electrical pole, meter box, underground vault or manhole or tree. Driveway approach construction shall include removal and replacement of curb and gutter.

13. Gravity drainage outlets shall be constructed per applicable APWA Standard Plan.
14. Replace AC pavement, sidewalk, driveway approach, curb and gutter and others damaged during construction. Limits of removal shall be subject to approval of the Public Works Inspector.
15. Remove and replace deficient or damaged curb, gutter, sidewalk, parkway drains and/or pavement to satisfaction of the City Engineer. Contact the Public Works Inspector for exact locations of removal and replacement.
16. Contact the Building Services Office for the assignment of address numbers.
17. Paint address numbers on curb face per Arcadia City Standard Drawing 804-1.
18. Obtain permit for all work performed in public right-of-way from the Development Services Department/Engineering Division. The Public Works Inspector shall be contacted for inspection at least one (1) business day prior to construction of off-site improvements.
19. All off-site improvements shall be constructed to the satisfaction of the City Engineer prior to occupancy.
20. All construction in the public right-of-way shall be in accordance with all applicable sections and/or provisions of the latest edition of the "*Standard Specifications for Public Works Construction*" (Greenbook) and the City of Arcadia's Standard Drawings.
21. New centerline ties set as part of this subdivision must be submitted to the City before final acceptance of the project.
22. Prior to issuance of the certificate of completion for the project, all survey monuments, centerline ties, and survey reference points shall be protected in place or re-established where disturbed in accordance with Section 8771 of the Land Surveyors Act. This work will be the responsibility of the permittee and shall be at the permittee's expense.
23. Prior to the City Engineer's approval of a final map, the developer shall:
  - a. Complete all required public improvements and conditions as stipulated above and on the related project, or,
  - b. Enter into an agreement for the completion of the public improvements with the City with appropriate security if the required public improvements have not been completed by the developer and accepted by

the City. Please allow a minimum of two weeks to process the final map for signatures.

24. If the developer posts a surety bond for the required improvement, the Agreement for Completion of Public Improvements has a 12-month expiration date and all work specified in the Agreement for Completion of Public Improvements shall be completed within 12 months.

## **Ground Fault System Test Report**

Date: 12/01/01

**KTI Reference # 00987**

**Client: Bank of America C/O Fox Electric**  
**Address: 150 N. Santa Anita**  
**City: Arcadia, California**

**Attention: Mr. Rick Fox**

**Subject: "NEC Code 230-95 Compliance Test"**

### **1.0 Purpose**

The performance test of the ground fault protective equipment is conducted to verify proper installation and operation. The current National Electrical Code Section 230-95(C) requires an on site test on new installation of all ground fault systems upon installation.

### **2.0 Summary**

At the request of Mr. Rick Fox to test two (2) ground fault systems, the testing was performed by Frank Vaca, Electrical Engineer and Supervisor of KTI Engineering Division on 12/01/01.

2.1 The ground fault systems components were tested and found to be in compliance with the (NEC) National Electrical Code 230-95.

2.2 Final relay settings were left as found. Pick-up settings are 0.20% out, (It in) (It out).

### **3.0 Equipment Tested**

(2) 480Y/277V ground fault protection systems

- \* Manufacturer: Square-D
- \* Type: Molded Case Circuit Breaker

- \* Main devices            Main Service Disconnect
- \* Rating                 2000 Amp – 1 pc. / 1000 Amp – 1 pc.

#### **4.0    Procedures**

##### **4.1    Visual and Mechanical Inspection**

- A. Inspected components for physical damage and installation in compliance with manufacturer's instructions.
- B. Determined ground fault sensor was located properly around appropriate conductors.
  - Zero sequence and residual sensing requires all phases and the neutral to be encircled by the sensor.

##### **4.2    Electrical Tests**

- A. Ground fault system performance including correct response of the circuit interrupting device was confirmed by primary ground sensor current injection.
  - Relay pickup current was measured.
  - Relay time delay was measured at three times values above pickup = 100%, 200% and 300%
- B. Verified proper sensor polarity on phase and neutral sensors for residual systems.

##### **4.3    Test Results Evaluation**

- A. System neutral insulation resistance should be above 100 ohms and preferably 1 megohm or greater.
- B. The maximum pickup setting of the ground fault protection shall be 1200 amperes and the maximum time delay shall be one second for ground fault currents equal to or greater than 3000 amperes (NEC 230-95).
- C. The pickup current should be within ten percent of the manufacturer's calibration marks or fixed setting.
- D. Relay timing should be in accordance with the manufacturer's published time current characteristic curves.

## 5.0 Results and Recommendations

The 2000A circuit breaker's ground fault system was operational and it is in compliance with the (NEC) National Electrical Code 230-95(C) and NETA Specifications. **However, the 1000A circuit breaker's ground fault system was not operational.**

- 5.1 A. The main bonding jumper was OK sized in accordance with the National Electrical Code, Section 250-79(C) and UL Standard 891, Table 23-1. The "as-found" main bonding jumper was 1-1/4" X 2" Al Bar, which is allowable per the 12.4% rule. The MBJ is now acceptable.
- 5.2 B. In the absence of engineered settings, pickup current at any time delay settings were left as found. KTI accepts no liability for these settings. The design engineer should be consulted for final settings.
- 5.3 C. The ground fault components were tested and found to be correctly installed and operating properly.
- 5.4 D. The ground fault system of the 2000A Square D circuit breaker was O.K. However, a difficulty in resetting the circuit breaker was encountered. KTI recommends that this circuit breaker should undergo a PMI (preventive maintenance) at least once a year to exercise and maintain the closing mechanism and its related mechanical parts.**
- 5.5 E. The ground fault system of the 1000A Square D circuit breaker was found not functioning properly. A careful investigation revealed that the circuit breaker has no shunt trip and the wiring was incomplete from the relay to the 120V secondary of the control transformer. KTI recommends that the existing 1000A circuit breaker should be replaced with a 1000A circuit breaker complete with shunt trip and the wiring be re-checked and re-wired in order for the ground fault system to function properly.**

Acceptance tests and inspection have consistently proven to be a vital first step and inspection results will also act as the forerunner of preventive maintenance and testing, ensuring and maintaining the quality and reliability of your electrical power system.

### OWNER-BUILDER DECLARATION

- I hereby affirm under penalty of perjury that I am exempt from the Contractors License Law for the following reason (Section 7031.5, Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt there from and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars (\$500):

- I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Section 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, or who does such work himself or herself or through his or her own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one (1) year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale).

- I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Section 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law).

### OWNER-BUILDER DECLARATION

I hereby affirm under penalty of perjury that I am exempt from the Contractors License Law for the following reason (Section 7031.5, Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt there from and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars (\$500)):

I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Section 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, or who does such work himself or herself or through his or her own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one (1) year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale).

I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Section 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law).

I am exempt under Section 7044, Business and Professions Code, for this reason:

### WORKERS' COMPENSATION DECLARATION

I hereby affirm under penalty of perjury one of the following:

I have and will maintain a certificate of consent to self-insure for workers' compensation, as provided for by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued.

I have and will maintain workers' compensation insurance, as required by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued. My workers' compensation insurance carrier and policy number are:

Carrier Manufacturer

Policy Number 2010010455732

(This section need not be completed if the permit is for one hundred dollars or less.)

I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the workers' compensation laws of California, and agree that if I should become subject to the workers' compensation provisions of Section 3700 of the Labor Code, I shall forthwith comply with those provisions.

Date 4-28-11 Applicant [Signature]

**WARNING:** Failure to secure workers' compensation coverage is unlawful, and shall subject an employer to criminal penalties and civil fines up to one hundred thousand dollars (\$100,000), in addition to the cost of compensation, damages as provided for in Section 3706 of the Labor Code, interest, and attorneys fees.

### CONSTRUCTION LENDING AGENCY

I hereby affirm under penalty of perjury that there is a construction lending agency for the performance of the work for which this permit is issued (Section 3097, Civil Code).

**“UNREASONABLE HARDSHIP” DETERMINATION  
FOR COMMERCIAL ALTERATION PROJECTS**

When the total cost of an alteration, structural repair or an addition to an existing commercial or industrial building does not exceed a valuation threshold of \$127,000.00 (revised 01-2009) and the City finds that full compliance with the State of California’s disabled access upgrades requirements are disproportionate (i.e., where the cost to install the disabled access features exceeds 20% of the cost of the project excluding the cost of the disabled access upgrades) and creates an “unreasonable hardship, an Unreasonable Hardship Exception can be granted. Under the Unreasonable Hardship Exception, disabled access upgrades must still be made, but the maximum expenditure required for upgrading the disabled access features of the building are limited to 20% of the total project construction cost excluding the cost of the upgrades.

In choosing which accessible elements to provide, priority should be given to those features that serve the area of the alteration, structural repair or addition that will provide the greatest access. In general, the disabled access upgrades should be addressed in the following order:

1. An accessible building entrance.
2. An accessible path of travel to the accessible entrance from the public sidewalk and the accessible parking space.
3. An accessible route of travel from the accessible building entrance to the area of the alteration, structural repair or addition.
4. At least one accessible restroom for each sex.
5. Accessible telephones, if provided.
6. Accessible drinking fountains, if provided.
7. Disabled access parking.
8. Additional accessible elements.

Should you wish to apply for an Unreasonable Hardship waiver, please complete and return the attached application.

APPLICATION FOR UNREASONABLE HARDSHIP EXCEPTION

Date Received: \_\_\_\_\_

DOCUMENTATION OF UNREASONABLE HARDSHIP

Project Address: 150 N Santa Anita Ave Plan Review # 11-92

Business Name: AAA Global Properties Inc

I HEREBY REQUEST AN UNREASONABLE HARDSHIP EXCEPTION for the accessibility features identified as follows:

in lieu of construction of a new UNISEX  
Handicapped Accessible Toilet in the  
proposed 2700 SF Real Estate Office (Suite  
220)

I DECLARE that an unreasonable hardship exists and that full compliance with the state's accessibility standards would make the specific work of the project affected by the accessibility standards unreasonable. In support of this application, the following information establishes the grounds for an Unreasonable Hardship Exception under Section 1134B2.1 of the 2007 California Building Code (CBC):

1. State the total cost of providing full disabled access compliance as required by CBC Section 1134B for the area serving the alteration, structural repair or addition (please complete Attachment "A" and enter the amount shown on line 13): UNISEX TOILET

\$ 35,000.00

2. State the total cost of all construction contemplated (i.e., project valuation, excluding the accessibility upgrades):

\$ 100,000.00

JF

3. State the total cost of construction completed on the building during the last three (3) years:

\$ 0

4. The access features increase the cost of construction by (determine percentage using figures shown in items 1 and 2 above):

% 35%

5. State the impact of providing full compliance with the state's accessibility standards as required by CBC Section 1134B on the financial feasibility of the project:

Adding the said H.C. Unisex Toilet in Suite 220 will increase the construction budget by \$35,000-- and removing the originally proposed lounge space.

6. State the nature of the use of the building proposed for construction and its availability to persons with disabilities:

This proposed suite 220 will be used for Real Estate office. The Tenant Improvements design shall and will provide accessibility for H.C. users.

7. Itemize the disabled access improvements that will be provided under this Unreasonable Hardship Exception:

1) all new doors will be 3'0" in width with lever handles, 2) all travel routes shall and will provide H.C. Accessibility per codes, 3) all new built conference and lounge counters, & cabinets will provide H.C. accessibility per code.

8. Itemize the cost to install the disabled access improvements that will be provided under this Unreasonable Hardship Exception:

item 1) DOOR & HANDWARES: \$6000--

item 2) FRAMING PARTITIONS \$6000--

item 3) NEW-BUILT CABINETS AND COUNTERTOPS \$20,000  
IN TWO CONFERENCE ROOMS AND LOUNGE

JF

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

I further acknowledge that the exception being requested is for improvements along the route of travel for an alteration project of minor valuation (<\$127,000.00), revised 01-2009) or to alter an area previously exempt from the accessibility requirements under California law and that I will expend no less than 20% of the valuation of the project to improve access along the route of travel as required by 2007 CBC Section 1134B.2.1, exceptions 1 through 4.

I hereby affirm under penalty of perjury that I am exempt from the Contractors License Law for the following reason (Section 7031.5, Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt there from and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars (\$500):

I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Section 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, or who does such work himself or herself or through his or her own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one (1) year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale).

I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Section 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law).

**SUBJECT: Notice of Asbestos in Bank of America Premises**

**NOTICE: California Health and Safety Code Sections 25915 et seq. require Bank of America to notify its vendors, landlords, and tenants if it has knowledge of the presence of asbestos containing material (ACM) at its premises.**

Enclosed is the "Asbestos Disclosure Statement" for each premises that is known to contain ACM in which you may enter or do business. Each statement includes the location of and the conclusions and precautions for handling the ACM. (If you are a vendor and have performed or may perform services at more than one location, you may find statements enclosed for locations at which you have not yet performed services).

Full documentation of each asbestos survey includes the following information: a) Description of the construction materials that contain ACM; b) Location and quantity of the ACM; c) Percentage and types of asbestos in the ACM; d) Sampling and laboratory procedures utilized; e) Priority levels of potential exposure of the ACM.

If you want to read or photocopy the full survey or inquire who at the premises has a copy of the full survey, call the Northern California Real Estate Property Manager for each property, or in Southern California call Judy Shandling (213) 228-2829.

You may be required under the law to furnish a copy of this notice and the enclosed disclosure statement to your employees, vendors (contractors/subcontractors), landlords, and tenants/subtenants.

Information regarding health risks associated with ACM may be obtained by contacting local or state public health agencies.

### OWNER-BUILDER DECLARATION

I hereby affirm under penalty of perjury that I am exempt from the Contractors License Law for the following reason (Section 7031.5, Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt there from and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars (\$500):

I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Section 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, or who does such work himself or herself or through his or her own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one (1) year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale).

I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Section 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law).

I am exempt under Section 7044, Business and Professions Code, for this reason:

### OWNER-BUILDER DECLARATION

I hereby affirm under penalty of perjury that I am exempt from the Contractors License Law for the following reason (Section 7031.5, Business and Professions Code. Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also required the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt there from and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars (\$500):

I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Section 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, or who does such work himself or herself or through his or her own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one (1) year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale).

I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Section 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law).

I am exempt under Section 7044, Business and Professions Code, for this reason:

ANALYSIS

Velocity pressure

$$q_s = 0.00256 K_z K_d K_e K_f V^2$$

where:

$q_s$  = velocity pressure evaluated at height, h (Eq. 29.3-1), in PSF

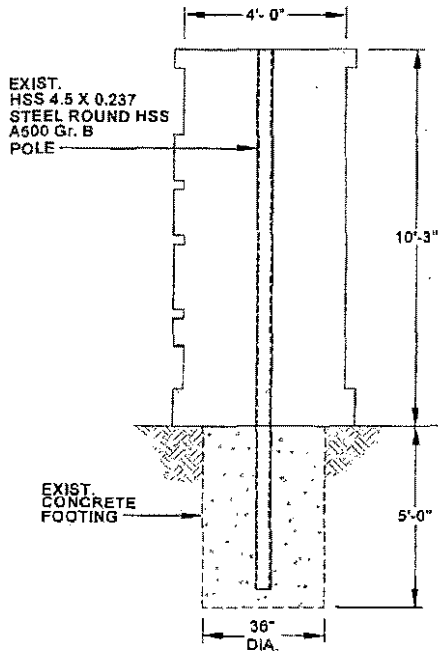

$K_z$  = velocity pressure exposure coefficient evaluated at height, h (Tab. 29.3-1, pg 310)

$K_d$  = wind directionality factor. (Tab. 26.6-1, for signs, page 290) = 0.85

Use ASD Load Combination:  $D + 0.5W$

Wind Load Design Force,  $F = 849$  Lbs  
 Wind Load Design Moment,  $M_w = 4786$  Lbs-ft

Design Lateral Force,  $P = 849$  Lbs

Distance from ground surface to point of application of  $P$ ,  $h = 5.64$  Ft

Required Depth of Embedment,  $d = 0.5A \{1 + \sqrt{1 + (4.38 h / A)}\}$

Footing Diameter,  $b = 3.00$  Ft

Soil Pressure = 100 PSF/FT

$S_u = 100 * 2 * (4.77 / 3)$

$S_c = 318.00$  PSF

$A_c = 2.34 P / (S_u + S_c)$

$A = (2.34 * 849) / (318.00 + 300) = 2.08$  Ft

Embedment Depth =  $(0.5 * 2.08) * (1 + \sqrt{1 + (4.38 * 5.64 / 2.08)})$

Embedment Depth = 4.77 Ft

**Design Check of Exist. Pole**

Check Exist.: HSS 4.5 X 0.237, A500 Gr. B, Round HSS  $F_y = 42$  Ksi

Geometric properties:  $W = 19.80$  plf  $Non. I = 0.237$  in.  $Z = 4.03$  in<sup>3</sup>

$A = 2.96$  in<sup>2</sup>  $Design I = 0.220$  in.  $S = 3.02$  in<sup>3</sup>

$OD = 4.50$   $D/I = 20.5$   $r = 1.52$

Limiting  $D/I = 0.07E / F_y = 48.3$   $DI = 20.50 < 48.3$  Therefore section is compact.

Check Flexural capacity:

Required Moment capacity,  $M_p = 4786$  Lb-ft = 57.43 kip-in

$M_p = F_y Z_x = 42 * 4.03 = 169.26$  kip-in = Mn

Available Flexural strength =  $M_n / \phi_b$   $\phi_b = 1.57$

Available flexural strength = 101.35 kip-in > 57.43 kip-in (OK)

Check Axial Load capacity:

Column Axial Load = Required Axial Strength,  $P_r = 258$  Lbs = 0.258 kips

$K = 2.0$   $L = 123.0$  in  $KL/r = 162$   $4.71 \sqrt{E / F_y} = 123.6$

$KL/r > 123.6$  Therefore  $F_c = 0.577 F_y$   $F_c = 17^2 E / (KL/r)^2 = 10.93$   $F_c = 9.58$  ksi

$P_n = F_u A_g = 9.58 * 2.96 = 28.37$   $P_u / \phi = 16.99$  kips > 0.258 kips (OK)

$P_r / P_c = 0.015 < 0.20$  Interaction =  $P_r / \phi P_c + (M_r / M_c) \leq 1.0 = 0.27 < 1.0$  (OK)

## DISCLOSURES

It is a misdemeanor violation to begin operation without a valid Public Health Permit/License. The Public Health Permit/License will be issued by the Los Angeles County Department of Public Health Environmental Health Division (DPH-EH) Plan Check Program at the job site following final inspection and approval by all applicable agencies. Remodeled areas of an existing food facility/establishment must obtain a final inspection and approval from all applicable enforcement agencies prior to use.

Any future alteration, construction, building, renovation, repair, change of equipment, change of the operation of a food facility/establishment or change of menu may require plans to be submitted to the DPH-EH Plan Check Program. Additional approvals may be required from other enforcement agencies.

It is improper and illegal for any County officer, employee or inspector to solicit bribes, gifts or gratuities in connection with performing their official duties. Improper solicitations include requests for anything of value such as cash, discounts, free services, paid travel or entertainment, or tangible items such as food or beverages. Any attempt by a County employee to solicit bribes, gifts or gratuities for any reason should be reported immediately to either the County manager responsible for supervising the employee or the Fraud Hotline at (800) 544-6861 or [www.lacountyfraud.org](http://www.lacountyfraud.org). YOU MAY REMAIN ANONYMOUS

### Public Health Permit/License:

A separate fee is required for the Public Health Permit/License. A billing statement will be sent to the permit/license holder annually by the DPH-EH. The fee is required to be paid to perform or carry on, conduct or engage in any mobile food facility listed in Los Angeles County Code, Title 8, Section 8.04.720.

### State and Local Licenses and Permits:

Contact the State of California and your local city hall regarding additional license and permit requirements.

### Restrooms:

Customer may use restroom facilities if they are located in a customer area. Customers may not enter the food preparation area, food storage area, or the utensils washing /storage areas in order to access the restrooms. All food, utensils and equipment must be protected from contamination.

**Routine Inspection:** The DPH-EH conducts routine inspections of all food facilities in Los Angeles County. Following the issuance of your Public Health Permit by the Plan Check Program, an Environmental Health Specialist from your local district will conduct an inspection of your facility. If your Business is located in a city that has adopted the grading ordinance, the inspector will post a grade or score card at your facility. Grade / Score cards are not issued by the Plan Check Program.

### LICENSED CONTRACTOR'S DECLARATION

I hereby affirm under penalty of perjury that I am licensed under provisions of Chapter 9 (commencing with Section 7000, of Division 3 of the Business and Professions Code, and my license is in full force and effect.  
License Class 57.00.011 License No. AP5413 Exp. Date 12/20  
Signature of Contractor [Signature]

### OWNER-BUILDER DECLARATION

I hereby affirm under penalty of perjury that I am exempt from the Contractors License Law for the following reason (Section 7031.5, Business and Professions Code. Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also required the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt there from and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars (\$500):

I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Section 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, or who does such work himself or herself or through his or her own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one (1) year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale).

I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Section 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law).

I am exempt under Section 7044, Business and Professions Code, for this reason:

### WORKERS' COMPENSATION DECLARATION

I hereby affirm under penalty of perjury one of the following:  
 I have and will maintain a certificate of consent to self-insure for workers' compensation, as provided for by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued.

I have and will maintain workers' compensation insurance, as required by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued. My workers' compensation insurance carrier and policy numbers are:  
Carrier Federal ins. company

 I hereby affirm under penalty of perjury that I am exempt from the Contractors License Law for the following reason (Sec. 7031.5, Business and Professions Code): Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, and requires the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 8 (contracting) of Division 7000 of the Business and Professions Code) or that he or she is exempt therefrom and the basis for the exempted occupation. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars (\$500):  
 I, as owner of the property, or my employee with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044, Business and Professions Code). The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or herself or through his or her own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvements is sold within one year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale.  
 I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Sec. 7044, Business and Professions Code). The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law.  
 I am exempt under Sec. \_\_\_\_\_ B & PC for this reason: \_\_\_\_\_

**DECLARATIONS**  
 To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares:  
 That notice has been given me that this permit may be used only in compliance with the Arcadia Municipal Code, and all other applicable ordinances and laws.  
 That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection.  
 That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work.  
 I agree that the city may enter upon the job premises at any reasonable time to inspect any work included under this permit, to remove any non-conforming construction at my own expense, and to otherwise act as and when required by the Arcadia Municipal Code.

**LICENSED CONTRACTORS DECLARATION**  
 I hereby affirm under penalty of perjury that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

**OWNER-BUILDER DECLARATION**  
 I hereby affirm under penalty of perjury that I am exempt from the Contractors License Law for the following reason (Sec. 7001.5, Business and Professions Code): Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7002.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars (\$500).  
 I, as owner of the property or my employee with wages as their sole compensation, will do the work, and the structure is not intended or desired for sale (Sec. 7004, Business and Professions Code). The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or herself or through his or her own employees, provided that such improvements are not intended or desired for sale. If, however, the building or improvements is sold within one year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale.  
 I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Sec. 7004, Business and Professions Code). The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law.  
 I am exempt under Sec. \_\_\_\_\_ B & P.C. for this reason: \_\_\_\_\_

**OWNER-BUILDER DECLARATION**  
 I hereby affirm under penalty of perjury that I am exempt from the Contractors License Law for the following  
 reason (Sec. 7031.5, Business and Professions Code): Any city or county which requires a permit to  
 construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant  
 for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the  
 Contractors License Law (Chapter 6 commencing with Section 7000) of Division 3 of the Business and  
 Professions Code; or that he or she is exempt therefrom and the basis for the alleged exemption. Any  
 violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more  
 than one hundred dollars (\$100).  
 I, as owner of the property, or my employees with wages as their sole compensation, will do the work,  
 and the structure is not intended or offered for sale (Sec. 7044, Business and Professions Code). The  
 Contractors License Law does not apply to an owner of property who builds or improves thereon, and who  
 does such work himself or herself or through his or her own employees, provided that such improvements  
 are not intended or offered for sale. If, however, the building or improvements are sold within one year of  
 completion, the owner-builder will have the burden of proving that he or she did not build or improve for the  
 purpose of sale.  
 I, as owner of the property, am exclusively contracting with licensed contractors to construct the project  
 (Sec. 7044, Business and Professions Code). The Contractors License Law does not apply to an owner of  
 property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed

**DECLARATIONS**  
 To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares:  
 That notice has been given me that this permit may be used only in compliance with the Anacostia  
 Municipal Code, and all other applicable ordinances and laws.  
 That this permit does not allow occupancy, and that no occupancy is permitted, of the construction  
 for which this permit is issued until it has been approved in writing by this office for occupancy after final  
 inspection.  
 That this permit does not allow, and separate permits are required for, any plumbing, electrical,  
 heating and air conditioning work.  
 I agree that the city may enter upon the job premises at any reasonable time to inspect any work  
 included under this permit, to remove any non-complying construction at my own expense, and to  
 enforce as to and when required by the Anacostia Municipal Code.

**LICENSED CONTRACTORS DECLARATION**  
 I hereby affirm under penalty of perjury that I am licensed under provisions of Chapter 9 (commencing  
 with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and  
 effect.

**OWNER-BUILDER DECLARATION**  
 I hereby affirm under penalty of perjury that I am exempt from the Contractors License Law for the following  
 reason (Sec. 7001.5, Business and Professions Code): Any city or county which requires a permit to  
 construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires a permit to  
 construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant  
 for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the  
 Contractors License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and  
 Professions Code) or that he or she is exempt therefrom and the basis for the alleged exemption. Any  
 violation of Section 7001.5 by any applicant for a permit subjects the applicant to a civil penalty of not more  
 than five hundred dollars (\$500).  
 I, as owner of the property, or my employees with wages as their sole compensation, will do the work,  
 and the structure is not intended or offered for sale (Sec. 7044, Business and Professions Code). The  
 Contractors License Law does not apply to an owner of property who builds or improves thereon, and who  
 does such work himself or herself or through his or her own employees, provided that such improvements  
 are not intended or offered for sale. If, however, the building or improvements is sold within one year of  
 completion, the owner-builder will have the burden of proving that he or she did not build or improve for the  
 purpose of sale.  
 I, as owner of the property, am exclusively contracting with licensed contractors to construct the project  
 (Sec. 7044, Business and Professions Code). The Contractors License Law does not apply to an owner of  
 property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed  
 pursuant to the Contractors License Law.  
 I am exempt under Sec. \_\_\_\_\_ § & PC for this reason:

**DECLARATIONS**  
 To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares:  
 That notice has been given me that this permit may be used only in compliance with the Arcadia Municipal Code, and all other applicable ordinances and laws.  
 That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection.  
 That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work.  
 I agree that the city may enter upon the job premises at any reasonable time to inspect any work installed under this permit, to remove any non-conforming construction at my own expense, and to otherwise act as and when required by the Arcadia Municipal Code.

**LICENSED CONTRACTORS DECLARATION**  
 I hereby affirm under penalty of perjury that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

**OWNER-BUILDER DECLARATION**  
 I hereby affirm under penalty of perjury that I am exempt from the Contractors License Law for the following reason (Sec. 7041.5, Business and Professions Code): Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he or she is exempt pursuant to the provisions of the Contractors License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7041.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than one hundred dollars (\$100).  
 I, as owner of the property, or my employees with wages at their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044, Business and Professions Code). The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or herself or through his or her own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvements is sold within one year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale.  
 I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Sec. 7044, Business and Professions Code). The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law.  
 I am exempt under Sec. \_\_\_\_\_ B & P.C. for this reason:

**WORKERS COMPENSATION DECLARATION**  
 I hereby affirm under penalty of perjury one of the following declarations:  
 I have and will maintain a contract of consent to self-insure for workers compensation, as provided for by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued.  
 I have and will maintain workers compensation insurance, as required by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued. My workers' compensation insurance carrier and policy number are:  
 Carrier: \_\_\_\_\_  
 Policy Number: \_\_\_\_\_  
 (This section need not be completed if the permit is for one hundred dollars (\$100) or less).  
 I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the workers' compensation laws of California, and agree that I should become subject to the workers' compensation provisions of Section 3700 of the Labor Code. I shall furnish comply with those provisions.

Subject: SADR 98-003 -- Bldg. Identification Sign  
for 30 E. Santa Clara Street, Arcadia

Dear Mr. Friedman:

The concept plans for the channel letter "THE SANTA CLARA PROFESSIONAL BUILDING" wall sign for the office building at 30 E. Santa Clara Street, in the City of Arcadia, are approved by the Development Services Department as of the above date.

This approval shall expire in one year (January 20, 1999) unless a permit is issued and installation of the sign is diligently pursued. The actual design and installation must be consistent with this approval. Any inconsistency may result in the matter being referred to the Planning Commission.

**This is not a Building Services approval.** Building Services can be contacted at (626) 574-5416 to determine the documents and fees required for a permit, which must be obtained prior to installation of the sign. Please refer to plan check no. PC 98-32.

If you have any other questions, please call Jim in Planning Services at (626) 574-5445.

Sincerely,

Re: 30 E. Santa Clara Street Arcadia CA

Dear Building Official,

Years ago the previous owners of this property changed suite designation from numbers to letters.

Edison requires us to inform you of these changes so you can inform them of same.

We are having great difficulty in getting meters turned on as everyone uses the letters and Southern California Edison has only numbers.

Please update Southern California Edison with your records.

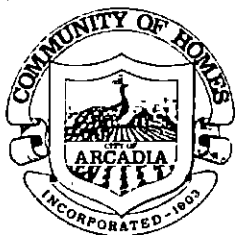

Very truly yours,

Christine Meissenburg

Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law, Chapter 9 (commencing with Section 7000), of Division 3 of the Business and Professions Code, or that he is exempt therefrom, and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit, subjects the applicant to a civil penalty of not more than five hundred dollars (\$500)."

I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale. "Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon and who does such work himself or through his own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale."

I, as owner of the property, am exclusively contracting with licensed contractor to construct the project. LICENSED CONTRACTOR'S DECLARATION

I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

OWNER-BUILDER DECLARATION

I hereby affirm that I am exempt from the Contractor's License Law for the following reason: "Sec. 7031.5, Business and Professions Codes. Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law, Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, or that he is exempt therefrom, and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit, subjects the applicant to a civil penalty of not more than five hundred dollars (\$500)."

I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale. "Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon and who does such work himself or through his own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale."

I, as owner of the property, am exclusively contracting with licensed contractor to construct the project. "Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law."

CITY OF ARCADIA

MAY 20, 1987

RE: 30 E. SANTA CLARA AVE.

INSPECTION AND CORRECTION FOR AREA OF ACCIDENT

GENTLEMEN,

THIS IS TO VERIFY THAT I, J. E. GUZMAN, PERSONALLY INSPECTED THE JOB SITE ON MAY 20, 1987.

AFTER INSPECTION OF THE AREA WHERE THE ACCIDENT OCCURRED, I HAVE DETERMINED THE FOLLOWING REMEDIES IN ORDER FOR THE JOB TO PROGRESS.

1. @ CONNECTION #1, REMOVE 2 COURSES OF BLOCK, 32" WIDE WHERE COL #1 WAS ATTACHED TO THE BLOCK WALL. CLEAN EXISTING REINF. REPLACE BOLT TEMPLATE & ANCHOR BOLTS PER PLAN. FILL WITH BLOCK MORTAR & GROUT SOLID OR FILL WITH 2000 PSI CONCRETE.
2. @ CONNECTION #2, REMOVE ALL LOOSE AND CRACKED BLOCK UNTIL SOLID MATERIAL IS ENCOUNTERED. PROVIDE EPOXY GROUT & COVER EXPOSED REINFORCEMENT WITH MINIMUM 2" COVER.
3. **LICENSED CONTRACTOR'S DECLARATION**

I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

**OWNER-BUILDER DECLARATION**

I hereby affirm that I am exempt from the Contractor's License Law for the following reason: "Sec. 7031.5, Business and Professions Codes. Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law, Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, or that he is exempt therefrom, and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit, subjects the applicant to a civil penalty of not more than five hundred dollars (\$500)."

I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale. "Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon and who does such work himself or through his own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale."

I, as owner of the property, am exclusively contracting with licensed contractor to construct the project. "Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law."

LICENSED CONTRACTOR'S DECLARATION

I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

OWNER-BUILDER DECLARATION

I hereby affirm that I am exempt from the Contractor's License Law for the following reason: "Sec. 7031.5, Business and Professions Code. Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law, Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, or that he is exempt therefrom, and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit, subjects the applicants to a civil penalty of not more than five hundred dollars (\$500)."

I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale. "Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon and who does such work himself or through his own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale."

I, as owner of the property, am exclusively contracting with licensed contractor to construct the project. "Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law."

### OWNER-BUILDER DECLARATION

I hereby affirm under penalty of perjury that I am exempt from the Contractors License Law for the following reason (Section 7031.5, Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt there from and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars (\$500):

I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Section 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, or who does such work himself or herself or through his or her own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one (1) year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale).

I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Section 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law).

I am exempt under Section 7044, Business and Professions Code, for this reason:

### WORKERS' COMPENSATION DECLARATION

I hereby affirm under penalty of perjury one of the following:

I have and will maintain a certificate of consent to self-insure for workers' compensation, as provided for by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued.

I have and will maintain workers' compensation insurance, as required by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued. My workers' compensation insurance carrier and policy number are:

Carrier State Fund

Policy Number 1695589

(This section need not be completed if the permit is for one hundred dollars or less.)

I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the workers' compensation laws of California, and agree that if I should become subject to the workers' compensation provisions of Section 3700 of the Labor Code, I shall forthwith comply with those provisions.

Date 2-7-05 Applicant [Signature]

WARNING: Failure to secure workers' compensation coverage is unlawful, and shall subject an employer to criminal penalties and civil fines up to one hundred thousand dollars (\$100,000), in addition to the cost of compensation, damages as provided for in Section 3706 of the Labor Code, interest, and attorneys fees.

### CONSTRUCTION LENDING AGENCY

I hereby affirm under penalty of perjury that there is a construction lending agency for the performance of the work for which this permit is issued (Section 3097, Civil Code).

### OWNER-BUILDER DECLARATION

I hereby affirm under penalty of perjury that I am exempt from the Contractors License Law for the following reason (Section 7031.5, Business and Professions Code. Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also required the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt there from and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars (\$500):

I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Section 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, or who does such work himself or herself or through his or her own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one (1) year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale).

I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Section 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law).

I am exempt under Section 7044, Business and Professions Code, for this reason:

**PERMAX® ROOFING & INSULATION SYSTEMS**

**A PROVEN CONCEPT  
IN ROOFING SYSTEMS**

**RESIN TECHNOLOGY CO.**

**RTC**

# Why you can confidently specify RTC's Permax Roofing and Insulation Systems

## 50 Million Square Feet Installed

Contractors have successfully used Sprayed Polyurethane Roofing Systems (SPRS) for the past 30 years. Resin Technology Company (RTC) is a leader in the SPRS roofing and coating industry offering top quality materials and many years of experience. More than 50 million square feet of RTC roofing systems have been installed by qualified applicators in most Western states.

RTC's durable and reliable *Permax*® roofing system has proved ideal for industrial, commercial and residential applications and this unique insulating system maintains millions of square feet of wine and heated fuel oil storage tanks at temperatures just right for their contents.

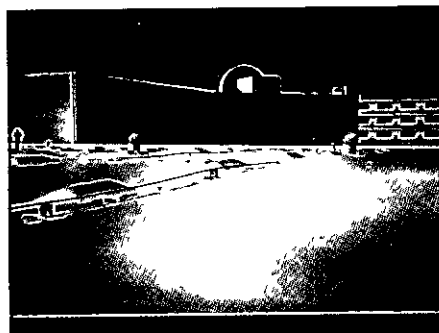

## Dual Protection Against Leaks

The primary function of a roof is to keep moisture out of the building. The RTC *Permax* system assures a double layer of moisture protection.

First, a layer of closed cell polyurethane foam forms a thick, seamless barrier to prevent water penetration. Then, an elastomeric coating forms an additional shield against moisture and offers protection from the intense rays of the sun. If the elastomeric coating becomes damaged, the layer of the closed cell foam will still resist water penetration and migration.

This unmatched dual protection makes the *Permax* System a leading choice among building owners and specifiers.

AVAC/Hilton Hotels  
240,000 Square Feet

## RTC Advantages

RTC offers other important advantages besides quality materials and long experience.

### • A Seamless System

Unlike conventional built up roofing systems, the *Permax* System has no seams or laps where leaks often develop. In fact, a *Permax* roof is *self-flashing*, effectively sealing all penetrations and wall junctions.

### • Reduced Energy Costs

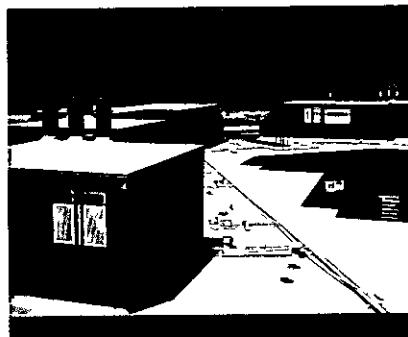

*Permax* (SPRS) is one of the most effective insulation materials available today. The material's insulating properties are further enhanced by the system's special elastomeric coating which effectively reflect the sun's rays. Users have reported reductions in energy costs as great as 30 percent.

*Permax* insulation on wine or oil tanks returns the owners investment over time by reducing operating expenses.

### • Lightweight

A *Permax* roof weighs approximately 100 pounds per 100 square feet, compared with tar-and-gravel roofing which may weigh as much as 800 pounds on the same area, or with a ballasted single-ply roof which may weigh as much as 1,000 pounds per 100 square feet.

Condominium Complex  
Monterey, California

### • Easy Maintenance

When a leak occurs in a built-up or single-ply roof, water may travel some distance between piles before it enters the building, making it difficult to locate the source of the leak. Rock, finishing or ballast may further hide the source. Water may not travel laterally through a

## Components of the RTC System:

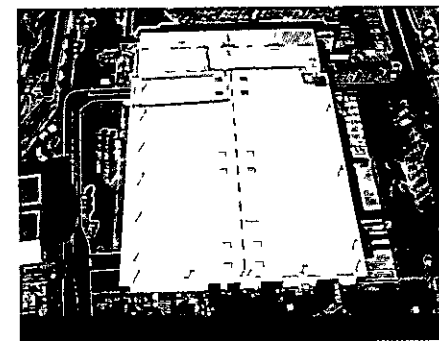

### 1) Elastomeric Coating

A tough, water-resistant membrane designed to effectively guard against sun, wind, and rain for years. (Ceramic granules optional for added protection for installation subject to high traffic.)

### 3) Adhesion

A seamless layer of foam is fully adhered to the surface, covering the entire area.

Air Cargo Terminal  
Los Angeles International Airport  
120,000 Square Feet of Metal Deck

Permax roof and any minor mechanical damage can be quickly repaired using an appropriate elastomeric caulk

• **A Faster, Cleaner Roofing Job**  
A Permax roof for even a large and complex project can be completed in a very short time and with minimal inter-

ference in normal business activity. In many cases, a Permax roof may be applied over the existing roof, avoiding a costly 'tear-off' and disposal

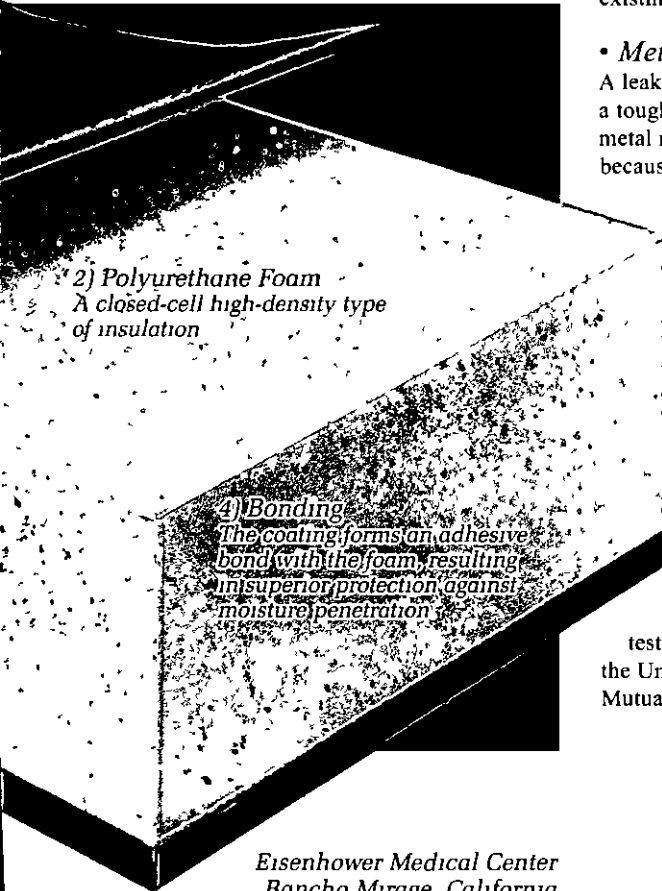

• **Design Flexibility**  
A Permax roof easily conforms to unusual shapes and configurations such as domes and curved concrete decks. Several municipal sports arenas have specified (SPRS) roofing systems because of their light weight. A Permax application adheres to a vertical surface and fills in low areas in an existing roof structure

• **Metal Roof Applications**  
A leaking metal roof is well known to be a tough roofing problem. A conventional metal roof or coating often leaks because of the expansion and contraction of the metal with changing temperatures. Because a Permax roof insulates from the outside, expansion and contraction are eliminated, thereby reducing stress and wear. Condensation and resulting corrosion on the underside of the metal roof is also eliminated or reduced by the external insulation. Many metal agricultural buildings are protected by Permax roofs

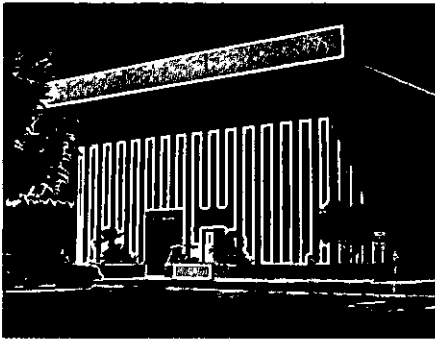

• **Approvals**  
Many RTC systems have been tested for fire safety and are listed by the Underwriters' Laboratory, Factory Mutual Research Corporation and vari-

ous model building codes list these roof systems over both combustible and non-combustible decks. For a complete listing of approvals, contact your local RTC representative

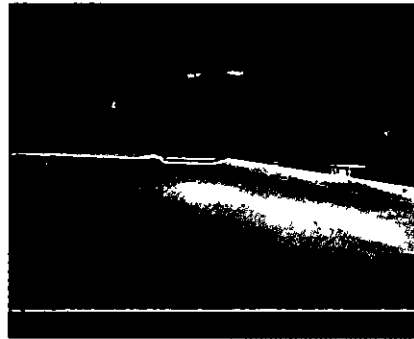

• **Qualified Applicators**  
Your confidence in a Permax roof is assured by the qualified applicator. A Permax applicator is backed by RTC warranty programs available to owners of larger commercial and industrial buildings

*How We Rate:*

• **Why choose a Permax Roof?**  
A Permax roof is a monolithic, seamless structure that adheres to horizontal, vertical and over head surfaces. It is self flashing, fills and seals small open spaces, and fills low areas caused by roof sagging or construction faults. Plus, it provides insulation that can substantially reduce energy costs. You can specify a Permax roof with confidence

Wine Tanks  
Northern California Wine Country

1.

*Prepare the Surface*

Remove all loose gravel and dirt using a power vacuum and power broom. Remove any blisters in the existing roof. Then prime all surfaces to receive polyurethane foam insulation.

2.

*Apply Foam Insulation*

Spray apply a layer of foam to the specified thickness. Spray flashings and penetrations according to RTC's guide specifications.

3.

*Spray Apply the Elastomeric Coating*

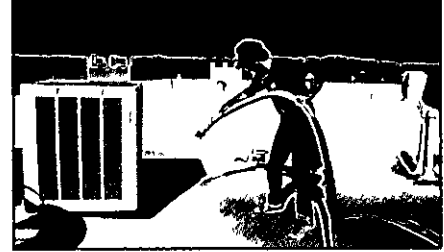

Spray the tough, elastomeric coating onto the foam surface. To insure uniform and complete coverage, the coating is applied in two coats using contrasting colors.

4.

*Apply Roofing Granules (Optional)*

Finally, spread a layer of roofing granules onto the wet elastomeric topcoat to provide additional durability and sun resistance. Walk surfaces may be installed at this time to protect the roof around equipment installations and roof landing areas.

**WARRANTY**

Resin Technology Company offers a comprehensive warranty program covering its roofing materials and systems exclusively through its qualified applicators when these materials are applied in accordance with RTC requirements.

In order to obtain any warranty for roofs incorporating roofing materials supplied by RTC, a number of prerequisites must be met to assure proper application and usage. Without such control and involvement, proper waterproofing performance cannot be assured by RTC.

Contact RTC or one of its qualified applicators for specific information.

### LICENSED CONTRACTOR'S DECLARATION

I hereby affirm under penalty of perjury that I am licensed under provisions of Chapter 9, commencing with Section 7000, of Division 3 of the Business and Professions Code and my license is in full force and effect.  
License Class C-39 License No. 57225 Exp Date 11/2/11  
Signature of Contractor [Signature]

### OWNER-BUILDER DECLARATION

I hereby affirm under penalty of perjury that I am exempt from the Contractors License Law for the following reason (Section 7031.5, Business and Professions Code) Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt there from and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars (\$500).

I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Section 7044, Business and Professions Code). The Contractors License Law does not apply to an owner of property who builds or improves thereon, or who does such work himself or herself or through his or her own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one (1) year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale.

I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Section 7044, Business and Professions Code). The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law.

I am exempt under Section 7044, Business and Professions Code, for this reason \_\_\_\_\_

### OVERALL INSPECTION COMMENTS

**Consent Given By:**

Myrna Allende, Regulatory Specialist

Inspected cellular equipment and battery storage building as well as one outdoor diesel fuel aboveground storage tank for emergency generator with field technician Jeff Lindamood.

**Attention:** Non-compliance could result in re-inspection fees, permit revocation, and/or administrative/civil/criminal penalties. A re-inspection may occur at any time to verify compliance. Any time granted for correction of the violation(s) does not preclude any enforcement action by this Department or other agencies.

It is improper and illegal for any County officer, employee or inspector to solicit bribes, gifts, or gratuities in connection with performing their official duties. Improper solicitations include requests for anything of value such as cash, discounts, free services, paid travel or entertainment, or tangible items such as food or beverages. Any attempt by a County employee to solicit bribes, gifts or gratuities for any reason should be reported immediately to either the County manager responsible for supervising the employee or the Fraud hotline at (800) 544-6861 or [www.lacountyfraud.org](http://www.lacountyfraud.org).
