**Project Description:** (please use a separate page if necessary)

Pursuant to State law requirements, ICPDS is preparing the proposed 2021–2029 General Plan Housing Element to serve as the County's guiding policy document that meets future needs of housing for all of the County's economic groups. The proposed 2021–2029 Housing Element will replace the existing 2014-2021 Housing Element. The project is being proposed at a Countywide level. This update does not result in physical changes to the environment but encourages the provision of housing. No parcels will be rezoned and no land use designation will be changed. Physical changes to the environment would occur from implementation of the Land Use Element of the General Plan, not the proposed Housing Element; therefore, development of housing as considered in the proposed Housing Element would be consistent with that analyzed in the General Plan EIR.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
