Present Land Use/Zoning/General Plan Designation:

All within City, since the Housing Element Update applies to the entire City

Project Description: (please use a separate page if necessary)

The proposed project (project) consists of a comprehensive update to the Housing Element of the City of Camarillo General Plan. State law requires that housing elements be updated every eight years (California Government Code Sections 65580 to 65589.8). The draft Housing Element Update identifies residential sites adequate to accommodate a variety of housing types for all income levels and needs of special population groups, defined under state law (California Government Code Section 65583). It analyzes governmental constraints to housing maintenance, improvement, and development; addresses conservation and improvement of the condition of existing affordable housing stock; and outlines policies that promote housing opportunities for all persons. The City's Housing Element was last updated in 2014. The project would update the City's Housing Element as part of the sixth cycle of updates. For Camarillo, the planning period runs from October 15, 2021 through October 15, 2029.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
