**Project Description:** (please use a separate page if necessary)

The project is the construction, use and maintenance of six (6)-story, 69-unit apartment building up to 75 feet in height over a partially subterranean garage on one (1) lot with a total area of approximately 16,954.83 square feet. The project includes a minimum of 50 vehicle parking spaces, 61 bicycle parking spaces, 7,650 square feet of open space, and a minimum of 69 trees. The project proposes to cut 4,200 cubic yards and a haul route to export a total of 4,200 cubic yards of soil. The project will cut approximately six (6) to eight (8) feet below the existing grade in order to accommodate the partially subterranean parking level. No fill or import of soil is proposed and there are no Protected Trees on-site.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

## Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".  
If you have already sent your document to the agency please denote that with an "S".
